

U. S. OFFERS TO REDUCE ITS NAVY

Injunction Denied Government Against Steel Firm

DECISION IS RENDERED BY U. S. JURIST AUTHORITIES CONVINCED DAUGHTER OF STATE TREASURER C. G. JOHNSON COMMITTED SUICIDE MOVE MADE FOR PEACE AT GENEVA

Government Contention of Violation of Collective Bargaining Loses

IMPORTANT TEST CASE Weirton Steel Company in Delaware Points Out Union Men Not 'Forced'

WILMINGTON, Del., May 29.—A preliminary injunction was denied the government today in its suit against the Weirton Steel company. The government contended the steel company violated the collective bargaining provisions of the NRA.

Judge John P. Fields, who listened to four days of testimony in what was heralded as a test case of the constitutionality of the Roosevelt recovery measures, handed down the decision in the U. S. district court.

The government's case, presented by James Lawrence Fly and former Judge Frank T. Nebecker, was based on charges that executives of the steel company "forced" employees to join a so-called company union, which violated their rights to make a "free and independent choice of representatives to bargain collectively with the management."

Company attorneys pointed out that 90 per cent of the employees of the mills voted for the "company union" plan and that only a small percentage of the workmen were members of the Amalgamated Association of Iron, Steel and Tin Workers.

Fly contended the company repudiated its agreement with the national labor board when it refused to permit representatives of the board to conduct an "impartial" election for representatives within the plant.

Caleb S. Layton, defending the company, insisted that the U. S. district court had no jurisdiction over the dispute under the terms of the Norris-La Guardia anti-injunction act, which prohibits federal courts from granting either preliminary or permanent injunctions in labor disputes without an open hearing.

MILITARY GUARD ON CANAL IS DOUBLED

CRISTOBAL, C. Z., May 29.—(UP)—The military guard on the Panama canal locks has been doubled, it was reported today.

A high army officer said the report was true, and added: "Perhaps those who are guarding the canal are sensitive about something."

It was recalled that during the recent naval maneuvers when the fleet passed through the canal in a speed test, extraordinary wartime precautions were taken to guard it.

OIL BILL REPORTED OUT WASHINGTON, May 29.—(UP)—The administration oil regulation bill, vesting in the secretary of the interior the power to prevent the excessive supply of crude petroleum by fixing production and import quotas, was reported favorably today by the senate committee on mines and mining.

The bill now goes to the senate.

Day In Congress

SENATE Continues debate on tariff bill. Privileges and elections committee continues hearings on Long-Overtown election case. Foreign relations committee resumes hearings on copyright treaty. Mines and mining committee considers Thomas' oil regulation bill.

HOUSE Special rule bills. Interstate commerce committee considers communications bill. Judiciary committee continues Chicago investigation.

Quintuplets Born To Canada Woman

NORTH BAY, Ont., May 29.—(UP)—The five daughters of Farmer Dionne and his wife Olivia, born in the same child-bed, still were alive today, proving to doctors that the age of miracles is not past.

Dr. Dafoe, a country doctor, kept the tiny mites of humanity alive and felt that perhaps they might all pull through.

Mrs. Dionne, 25-years old was already the mother of six children, when nature surprisingly enlarged her family by five. The quintuplets were born early yesterday, one of the very few cases where all babies survived for more than a few minutes.

VALENCIA CROP MARKET PLANS ANNOUNCED

Shipments After November First Are Limited to 1500 Carloads

LOS ANGELES, May 29.—(UP)—The program for marketing the 1934 California Valencia crop, involving 29,300 carloads of fruit estimated available from June 1 to the end of the season, was announced today by the California-Arizona Citrus Marketing Agreement.

The plan, in the form of a resolution by the Distribution Committee, includes limitation of Valencia shipments after November 1 to 1500 cars, in the best interest of that variety and without unreasonable detriment to the succeeding variety. The committee proposes to ship from week to week that portion of the commercial crop of 29,300 cars estimated to be available for domestic markets after May 31 that will in its judgment maintain a reasonable market for the average producer.

The committee believes that with this announced policy and definite program for termination of Valencia shipments, each shipper is in position to figure out his individual plans for the season. He can make any necessary elimination of low grade or surplus fruit from week to week and avoid recurrence of accumulating surplus until the end of the season as many did last year.

LATE NEWS FLASHES

WASHINGTON, May 29.—(UP)—The house rules committee today agreed to give the administration silver bill right-of-way in the house tomorrow. It will be brought up under rule limiting debate to three hours.

WASHINGTON, May 29.—(UP)—The United States and Cuba late today signed a new treaty governing their political relations which scrapped the contentious Platt amendment and in the eyes of Cuban patriots elevated Cuba to the full status of a sovereign and independent nation.

NEW ORLEANS, May 29.—(UP)—The United States circuit court of appeals in a decision today denied Alphonse Capone, Chicago gangster, a writ of habeas corpus which would have freed him from Atlanta federal penitentiary where he is serving 10 years for income tax evasion.

SAN RAFAEL, Calif., May 29.—(UP)—David Lamson, former executive of the Stanford University Press, today came from the San Quentin death house a pale and nervous young man and refused to testify as a defense witness at the trial of four convicts charged with attempting to shoot their way out of prison.

TOKYO, May 30.—(UP)—Admiral Heihachiro Togo, 88, most beloved and greatest of Japan's modern heroes, died today from a throat cancer in his modest home atop Togo Hill, close by the shrine of the empire's war dead.

Rich Indian Dies Today In L.A. Home

Jackson Barnett Found in Bed Partly Clad; Heart Attack Victim

LOS ANGELES, May 29.—(UP)—Jackson Barnett, who became the world's richest Indian when a poor parcel of an Oklahoma reservation spouted forth oil, died here today.

It was believed that a heart attack caused death but his body was taken to the coroner's office for an autopsy.

He was found in his mansion here this morning by his white wife, Anna Laura Lowe Barnett. Partly clad, the Indian was discovered stretched across his bed. The Indian was generally held to be about 84 years old, although he never was certain of his age and estimated it as "about 90."

Barnett, extremely eccentric, occupied one of the poorest sections of Oklahoma land in 1913 when oil was brought in upon it.

Weds White Woman Soon he became wealthy and was whisked from his meager three room shack, through marriage to a white woman, into a Los Angeles mansion and numerous lawsuits.

Even at the time of Barnett's death, the United States government had in contemplation civil suits to recover his property under a federal court decision which held his marriage invalid.

After a long trial, in which Mrs. Barnett opposed the action and threatened to "black the eyes" of any deputy who separated her from Barnett, Federal Judge William P. James held that the marriage 13 years ago was not valid.

Holds Fortune Pending final legal control of his fortune, the federal treasury at Washington is holding \$2,000,000 in accumulated oil royalties belonging to Barnett. His wife for years has been receiving a monthly check of \$2500 from the government for the Indian's maintenance, a sum Mrs. Barnett has repeatedly contended in the courts to be inadequate.

The white wife said that Barnett's death was an extreme surprise since he apparently had been in good health and high spirits.

Yesterday, in his customary fashion, Barnett had stood at the corner of Wilshire boulevard and Rosemead avenue, before his large colonial-styled home, and had made a pretense of directing traffic.

In late years this "traffic direction" had been Barnett's chief diversion. Motorists paid no attention to his motioning them one way or another, usually against the standard red and green traffic lights, but many waved him a cheery greeting. He was pointed out as a Los Angeles landmark on all sight-seeing tours.

PEACE MOVE MADE IN COAST STRIKE

SAN FRANCISCO, May 29.—(UP)—A peace plan emerged today from mediation conferences conducted within sound of the most serious rioting of the Pacific coast maritime strike.

While police and strikers battled fiercely on the San Francisco waterfront, representatives of the shipowners and the International Longshoremen's association reached a compromise agreement. If the union membership approves it, the plan will end the strike and relieve the stagnation on shipping from the gateway to the Orient.

The compromise calls for recognition of the I. L. A. as the representative of the dock workers in collective bargaining. It gives the union an equal authority with shipowners in the operation of hiring halls at which the longshoremen are assigned to various ships.

MORE THAN MILLION DOLLARS APPORTIONED TO CITIES AND SCHOOLS BY COUNTY AUDITOR

APPORTIONMENT OF \$1,423,440.98 in taxes collected from the second installment of tax moneys for 1933-34 was announced today by County Auditor W. T. Lambert, the sum being distributed among county funds, special districts, schools and the four cities for which the county handles tax collections.

These cities received \$387,955.02 of the total Santa Ana being apportioned \$211,996.73, of which \$80,822.63 was for street funds and \$18,782.55 for acquisition and improvement districts. Fullerton received \$50,591.30 and \$91.01 for weed fund. Laguna Beach received \$2,676.48, including \$8,183.33 for streets and \$3,729.31 for acquisition and improvement districts. Tustin received \$2,369.50.

Apportionment to cities of the Metropolitan water district was Santa Ana \$2511.46, Anaheim \$839, and Fullerton \$1976.39.

Laguna Beach County Water district received \$13,637.74; South Coast County Water district received \$1939.58.

Schools of the county were apportioned \$635,699.34; county districts received \$53,930.06, special districts \$68,885.41, and the county government received \$357,193.94.

General fund \$79,544.81; salary fund \$83,294.74; health \$12,295.89; hospital \$32,921.35; welfare \$79,328.33; interest and sinking \$32,524.61; advertising \$2,379.85; unbudgeted reserve \$25,798.50; general fund \$3,637.74; South Coast County Water district received \$1939.58.

SHIFTS IN NRA PERSONNEL AND POLICY COMING

Reports Declare Johnson to Resign Post But Denial Is Made

WASHINGTON, May 29.—(UP)—Shifts in NRA personnel and policy coincide today with new reports that Administrator Hugh S. Johnson will resign soon and that the White House has been canvassing possible successors.

Johnson has denied he will quit.

One usually well informed source said W. Averell Harriman, railroad magnate and recently powerful in NRA, was among those suggested for the job.

Others have figured in speculation through the winter and spring as possible successors to Johnson. They include:

1. Leon Henderson, drafted from the Russell Sage Foundation to become chief of NRA's research and planning division.
2. Donald R. Richberg, general counsel of NRA.
3. Numerous nationally known industrialists and lawyers including Newton D. Baker, Owen D. Young, John W. Davis.

Inquiry provoked general denials that Johnson contemplated early retirement or that his ultimate departure was predictable with any accuracy now. Discussion of the subject was viewed at the White House as mere prophecy. It is known, however, that President Roosevelt last winter considered several possible nominees for the Blue Eagle command.

Five Nominees In one quarter it was reported Henry I. Harriman, president of the United States Chamber of Commerce, had been given opportunity to suggest to Mr. Roosevelt a panel of five possible nominees for Johnson's job.

W. Averell Harriman's name—he is not related to Henry I.—was said to have been No. 1 on the panel. Questioned by the United Press, Henry I. Harriman said:

OCEAN FLIERS INSTRUCTED TO GO ON TO CALIFORNIA

PARIS, May 29.—(UP)—Maurice Rossi and Paul Codas, French trans-Atlantic fliers now in New York after their successful non-stop flight from Paris, were instructed by the air ministry today to continue on to California.

The fliers had started out originally for California on an attempt to break their own world distance record, but trouble with the plane compelled them to come down in New York.

Gen. Victor Denain, air minister, instructed them to continue to California as soon as they are able. He had received from them a report detailing dramatically their fears for the plane's safety when its propeller was damaged by hitting a tree during the take-off from Le Bourget.

Rossi's report disclosed a fact which observers at Le Bourget missed when the heavy plane took off at dawn. Unable to gain altitude quickly enough, it brushed a tree a quarter mile from Le Bourget, damaging the propeller and eventually setting up vibrations in the ailerons.

Nevertheless, the fliers continued, taking a chance of disaster during the long ocean flight. During the last hours of their voyage, both wore their parachutes, fearing the vibrations might break the wings or support.

Burned Body Is Found On Garage Floor

No Evidences of Bruises or of Criminal Attack Revealed in Autopsy

SACRAMENTO, Cal., May 29.—Virginia Johnson, beautiful daughter of State Treasurer Charles G. Johnson, committed suicide by saturating her clothing with kerosene and applying a match, Sacramento police established to their satisfaction today.

A search of the Johnson premises revealed a suicide note in a waste basket, police said.

The alleged suicide note apparently hastily written on her father's campaign stationery, carried only these cryptic words:

"I am trying to live for you but there's (7)."

Claire Fitzgerald, sister of Virginia, told District Attorney Neil R. McAllister that she found the note late yesterday and threw it away because she didn't want the family to be worried.

Another report in support of the suicide theory was that one of Virginia's uncles called at the emergency hospital at 4:30 p. m. yesterday, half an hour after the girl left the house and inquired whether any accident cases had been reported.

NEW YORK, May 29.—(UP)—Excitement stirred New York today as the metropolis prepared for the greatest massed demonstration of naval and air forces in the nation's history.

In the harbor from the battery out to Ambrose lightship and up the Hudson river to Yonkers, officials of the navy, city and army combined in bustling activity to welcome and anchor the gray battlefleets.

The mighty armada, representing the nation's first line of defense, will steam into the harbor Thursday morning and pass in review before President Roosevelt who will be aboard the cruiser Vermont. The pageant promises to be the biggest naval spectacle ever witnessed by a president of the United States and will be the fleet's first visit to New York since 1918 when the fighting vessels came home from the war.

Anchor in Hudson The cruiser Louisville, vanguard of 99 ships that will anchor in the Hudson Thursday night, arrived yesterday. The Indianapolis was due today and will drop her hooks alongside the Louisville, directly opposite Grant's tomb. They will fire salutes in Memorial Day services tomorrow.

Returning from maneuvers and war games in the Panama zone the fleet will come into the harbor by its flagship the Pennsylvania, flying the four-star blue eagle of the commander-in-chief, Admiral D. F. Sellers.

The Indianapolis and Louisville will be anchored off Ambrose light, the former flying at her main truck the presidential flag. The president will be joined by members of the cabinet, foreign attaches and congressmen. The Louisville will carry Assistant Secretary of the Navy.

Chief of Police William Hallinan said this officers had failed to find anyone who had seen the girl since she left home around 4 o'clock yesterday afternoon. No

FRANCE MAY MAKE PAYMENT ON DEBT PARIS, May 29.—(UP)—A definite swing toward at least partial payment of France's \$55,000,000 June 15 war debt installment to the United States was shown today.

A stormy debate was expected when the cabinet considers the debt payment sometime during the next week and the outcome was uncertain. But a poll of influential cabinet ministers showed support for some sort of payment, if any way could be found to avoid furnishing a precedent for full payment, was growing.

Premier Gaston Doumergue, Minister of Finance Louis Germain-Martin, Minister of Navy Francois Pietri and Foreign Minister Louis Barthou are in favor of some sort of payment, it was learned.

Register To Print Early Memorial Day

Adhering to its custom The Register will print its Memorial Day issue early tomorrow.

The editorial staff will report early and the paper will be delivered to the homes of readers and on the streets before noon.

All business houses, city and county offices, banks and postoffice will be closed all day tomorrow.

CONDITION OF ROLPH IS SAID TO BE SERIOUS

Doctors Report Death Near Unless Improvement is Shown Immediately

SAN JOSE, Calif., May 29.—(UP)—With the crisis approaching in the illness of Gov. James Rolph, Jr., Dr. Harold Fraser said today that only the governor's fast-ebbing vitality kept him alive.

The physician admitted reluctantly that unless Governor Rolph showed improvement within a short time, death probably will end his colorful career.

Mrs. Rolph, showing the strain of her long vigil at the bedside, is with the governor almost constantly. Their son, James Rolph, III, has put aside business to be with his father as the governor struggles for his life at the Walter Linnhoff ranch.

Dr. Fraser said the staff of physicians feared that fatal complications may set in. He said Rolph was "weaker" today.

"The former great vitality and recuperative powers of the governor appear lacking, Dr. Fraser said.

Yesterday, for the first time since his health failed several months ago, the governor admitted his weakness.

"I seem to be a pretty sick man, doctor," he said feebly to one of his physicians.

BARBARA HUTTON IS TAKEN TO HOSPITAL

LONDON, May 29.—(UP)—Barbara Hutton, five-and-ten-cent store heiress and wife of Prince Alexis Mdivani, of the Georgian republic, was removed today to a nursing home for treatment. The nature of her illness was not disclosed.

It was reported reliably, however, that the princess was suffering badly from overworked nerves and decided to enter the nursing home pending the arrival from the United States of her father, Franklin L. Hutton.

Hutton is en route here on the Bremen, presumably to aid his daughter in reported marital difficulties. Reports on an impending divorce have caused the princess to be besieged by inquiries from newspapers, friends and others, causing her to become upset.

(Continued on Page 2)

SENATOR INMAN TO RUN FOR CONGRESS

SACRAMENTO, Cal., May 29.—(UP)—Friends of State Senator J. M. Inman, Republican, said today the official had decided to oppose Congressman Frank H. Buck, Democrat, of Vacaville in the November election. His official announcement was expected shortly and he will return from Washington in time to start a vigorous campaign before the August primary.

Inman left by airplane for Washington last night to continue fighting for the Central Valley water project.

Norman Davis Places This Nation on Record at Opening of Arms Meet

MAY SAVE CONFERENCE Declares America Willing to Join Agreement for Arms Traffic Control

GENEVA, May 29.—(UP)—The United States went squarely on record for peace at the world arms conference today by offering to reduce its navy, and to join an international agreement for control of the traffic in arms. America also declared its willingness to consult with other nations in event of trouble.

The action marked a climax in the long and losing struggle for disarmament at Geneva.

Norman H. Davis, special representative of President Roosevelt, in opening debate at the long-postponed full meeting of the conference, made a strong bid to prevent its threatened collapse. He said:

"The people of the United States are aroused by the evils which are being revealed in the production of and traffic in munitions. The American government is ready to join in measures for suppressing this evil and is prepared to negotiate in connection with disarmament a treaty dealing drastically with this problem."

Reaffirming President Roosevelt's offer to consult with other powers if war threatens, Davis added:

"We are willing to go further and work out by international agreement an effective system for the regulation of the manufacture of and traffic in arms and munitions."

Davis foreshadowed Germany's possible return to the conference, from which she walked out in disgust last year. He expressed hope that Germany soon would resume negotiations with other powers.

Davis made a frank offer by the United States to reduce its naval tonnage now to forestall a naval race before the 1935 naval conference.

"We are willing to join other interested powers in substantial, proportionate reduction of naval tonnage," he declared.

Arousing Interest The offer aroused intense interest in view of the current preliminary negotiations about to be held in London, involving Japan, the United States, Great Britain and France.

"Let us go back to the British draft convention of last June 3, which has been accepted by all, including Germany, as the basis of a future convention," Davis urged.

(Continued on Page 2)

ROBINSON REPORTED AS IMPROVED TODAY

BALBOA, C. Z., May 29.—(UP)—William R. Robinson, American yachtsman brought by the navy from the Galapagos Islands, continued in good condition at Gorgona hospital today.

Mrs. Richard T. Crane, of Chicago, the yachtsman's mother-in-law, arrived at Cristobal last night and proceeded across the isthmus to join him and her daughter.

SHIFTS IN NRA PRESIDENT TO PERSONNEL AND REVIEW FLEET POLICY COMING NEXT THURSDAY

Reports Declare Johnson to Resign Post But Denial Is Made

(Copyright, 1934, by United Press.)
WASHINGTON, May 29.—(UP)—Shifts in NRA personnel and policy coincide today with new reports that Administrator Hugh S. Johnson will resign soon and that the White House has been canvassing possible successors.

Johnson has denied he will quit.

One usually well informed source said W. Averell Harriman, railroad magnate and recently powerful in NRA, was among those suggested for the job.

Others have figured in speculation through the winter and spring as possible successors to Johnson. They include:

Possible Successors
1. Leon Henderson, drafted from the Russell Sage Foundation to become chief of NRA's research and planning division.
2. Donald R. Richberg, general counsel of NRA.
3. Numerous nationally known industrialists and lawyers including Newton D. Baker, Owen D. Young, John W. Davis.

Inquiry provoked general denials that Johnson contemplated early retirement or that his ultimate departure was predictable with any accuracy now. Discussion of the subject was viewed at the White House as mere prophecy. It is known, however, that President Roosevelt last winter considered several possible nominees for the Blue Eagle command.

Five Nominees
In one quarter it was reported Henry T. Harbison, president of the United States Chamber of Commerce, had been given opportunity to suggest to Mr. Roosevelt a panel of five possible nominees for Johnson's job.

W. Averell Harriman's name—he is said to have been No. 1 on the panel. Questioned by the United Press, Henry T. Harbison said:

OCEAN FLIERS INSTRUCTED TO GO ON TO CALIFORNIA

PARIS, May 29.—(UP)—Maurice Rossi and Paul Codoc, French trans-Atlantic fliers, now in New York after their successful non-stop flight from Paris, were instructed by the air ministry today to continue on to California.

The fliers had started out originally for California on an attempt to break their own world distance record, but trouble with the plane compelled them to come down in New York.

Gen. Victor Denain, air minister, instructed them to continue to California as soon as they are able. He had received from them a report detailing dramatically their

fears for the plane's safety when its propeller was damaged by hitting a tree during the take-off from Le Bourget.

Rossi's report disclosed a fact which observers at Le Bourget missed when the heavy plane took off at dawn. Unable to gain altitude quickly enough, it brushed a tree a quarter mile from Le Bourget, damaging the propeller and eventually setting up vibrations in the ailerons.

Nevertheless, the fliers continued, taking a chance of disaster during the long ocean flight. During the last hours of their voyage, both wore their parachutes, fearing the vibrations might break the wings or support.

Burned Body Is Found On Garage Floor

No Evidences of Bruises or of Criminal Attack Revealed in Autopsy

BULLETIN
SACRAMENTO, Cal., May 29.—Virginia Johnson, beautiful daughter of State Treasurer Charles G. Johnson, committed suicide by saturating her clothing with kerosene and applying a match, Sacramento police established to their satisfaction today.

A search of the Johnson premises revealed a suicide note in a waste basket, police said.

The alleged suicide note apparently hastily written on her father's campaign stationery, carried only these cryptic words:

"I am trying to live for you but there's (?)"

Claire Fitzgerald, sister of Virginia, told District Attorney Neil R. McAllister that she found the note yesterday and threw it away because she didn't want the family to be worried.

Another report in support of the suicide theory was that at the emergency hospital at 4:30 p. m., yesterday, half an hour after the girl left the house and inquired whether any accident cases had been reported.

SACRAMENTO, Cal., May 29.—Virginia Johnson, beautiful debutante apparently died as the result of burns, surgeons said today after completing an autopsy.

There was no superficial evidence of poison, no bruises on the jaw, wound on the head or traces of strangulation.

Also there was no evidence the girl was criminally attacked before she was killed, officials said.

A portion of the young woman's brain tissue showed marked evidence of an old bruise, but surgeons said there was no evidence of her having suffered a blow on the skull recently.

Mouth Burned
Her mouth and nostrils were burned badly, but her lungs apparently had escaped the searing heat of the flames.

Autopsy officials would render no official decision until obtaining results of the chemical analysis.

As the investigation continued, the suicide theory gained more prominence. Despite the statement of her father, State Treasurer Charles G. Johnson, that the girl was murdered, police were taking into consideration the fact the girl had been ill and had fainted in her bath yesterday.

Added to this was the statement of Claire Fitzgerald, sister of Virginia, that the girl had been in a highly nervous state for some time and had been acting irrationally.

Giri Not Seen
Chief of Police William Hallinan said that officers had failed to find anyone who had seen the girl since she left home around 4 o'clock yesterday afternoon. No

FRANCE MAY MAKE PAYMENT ON DEBT

PARIS, May 29.—(UP)—A definite swing toward at least partial payment of France's \$55,000,000 June 15 war debt installment to the United States was shown today.

A stormy debate was expected when the cabinet considers the debt payment sometime during the next week and the outcome was uncertain. But a poll of influential cabinet ministers showed that support for some sort of payment, if any way could be found to avoid furnishing a precedent for full payment, was growing.

Premier Gaston Doumergue, Minister of Finance Louis Germain-Martin, Minister of Navy Francois Pietri and Foreign Minister Louis Barthou are in favor of some sort of payment, it was learned.

SENATOR INMAN TO RUN FOR CONGRESS

SACRAMENTO, Cal., May 29.—(UP)—Friends of State Senator J. M. Inman, Republican, said today the official had decided to oppose Congressman Frank H. Buck, Democrat, of Vacaville in the November election. His official announcement was expected shortly and he will return from Washington in time to start a vigorous campaign before the August primary.

Inman left by airplane for Washington last night to continue fighting for the Central Valley water project.

Register To Print Early Memorial Day

Adhering to its custom The Register will print its Memorial day issue early tomorrow.

The editorial staff will report early and the paper will be delivered to the homes of readers and on the streets before noon.

All business houses, city and county offices, banks and postoffice will be closed all day tomorrow.

CONDITION OF ROLPH IS SAID TO BE SERIOUS

Doctors Report Death Near Unless Improvement Is Shown Immediately

SAN JOSE, Calif., May 29.—(UP)—With the crisis approaching in the illness of Gov. James Rolph, Jr., Dr. Harold Fraser said today that only the governor's fast-ebbing vitality kept him alive.

The physician admitted reluctantly that unless Governor Rolph showed improvement within a short time, death probably will end his colorful career.

Mrs. Rolph, showing the strain of her long vigil at the bedside, is with the governor almost constantly. Their son, James Rolph, III, has put aside business to be with his father as the governor struggles for his life at the Walter Linforth ranch.

Dr. Fraser said the staff of physicians feared that fatal complications may set in. He said Rolph was "weaker" today.

"The former great vitality and recuperative powers of the governor appear lacking, Dr. Fraser said.

Yesterday, for the first time since his health failed several months ago, the governor admitted his weakness.

"I seem to be a pretty sick man, doctor," he said feebly to one of his physicians.

Let us go back to the British draft convention of last June 3, which has been accepted by all, including Germany, as the basis of a future convention," Davis urged.

BARBARA HUTTON IS TAKEN TO HOSPITAL

LONDON, May 29.—(UP)—Barbara Hutton, five-and-ten-cent store heiress and wife of Prince Alexis Mdivani, of the Georgian republic, was removed today to a nursing home for treatment. The nature of her illness was not disclosed.

It was reported reliably, however, that the princess was suffering badly from overwork and decided to enter the nursing home pending the arrival from the United States of her father, Franklin L. Hutton.

Hutton is an orphan here on the Bremen, presumably to aid his daughter in reported marital difficulties. Reports on an impending divorce have caused the princess to be besieged by inquiries from newspapers, friends and others, causing her to become upset.

Norman Davis Places This Nation on Record at Opening of Arms Meet

MAY SAVE CONFERENCE

Declares America Willing to Join Agreement for Arms Traffic Control

GENEVA, May 29.—(UP)—The United States went squarely on record for peace at the world arms conference today by offering to reduce its navy, and to join an international agreement for control of the traffic in arms. America also declared its willingness to consult with other nations in event of trouble.

The action marked a climax in the long and losing struggle for disarmament at Geneva.

Norman H. Davis, special representative of President Roosevelt, in opening debate at the long-postponed full meeting of the conference, made a strong bid to prevent its threatened collapse. He said:

"The people of the United States are aroused by the evils which are being revealed in the production of and traffic in munitions. The American government is ready to join in measures for suppressing this evil and is prepared to negotiate in connection with disarmament a treaty dealing drastically with this problem."

Reaffirming President Roosevelt's offer to consult with other powers if war threatens, Davis added:

"We are willing to go further and work out by international agreement an effective system for the regulation of the manufacture of and traffic in arms and munitions."

Davis foreshadowed Germany's possible return to the conference, from which she walked out in disgust last year. He expressed hope that Germany soon would resume negotiations with other powers.

Davis made a frank offer by the United States to reduce its naval tonnage now to forestall a naval race before the 1935 naval conference.

"We are willing to join other interested powers in substantial, proportionate reduction of naval tonnage," he declared.

Arousing Interest
The offer aroused intense interest in view of the current preliminary negotiations about to be held in London, involving Japan, the United States, Great Britain and France.

"Let us go back to the British draft convention of last June 3, which has been accepted by all, including Germany, as the basis of a future convention," Davis urged.

Veterans Arrange Programs To Honor Soldier Dead

WHOLE COUNTY WILL OBSERVE MEMORIAL DAY

Flowers will bloom again over the graves of Orange county's dead on Memorial Day tomorrow, while today veteran and patriotic organizations throughout the county prepared to pay tribute to the memory of its war heroes in Memorial Day services tomorrow.

At Fairhaven cemetery tomorrow morning will observe the annual ceremony of blue-clad veterans of the Civil War marched to pay homage to their dead comrades, but five or six Union veterans will take part in the ceremonies.

Death has filled graves at the cemetery with about 600 veterans, thinning the ranks of the Grand Army of the Republic until now there remain but 10 members of Santa Ana post, but three or four of whom will be able to participate in the services, and but two of three from the Orange post.

Grand Army services will be held at the tomb of the Unknown Dead in Fairhaven cemetery at 10 a. m. tomorrow. Daughters of Union Veterans of the Civil War will have charge of the program, assisted by Sons of Union Veterans of Santa Ana.

Music for the solemn event will be furnished by the Orange Union High school. Mrs. P. G. Athey will read General John A. Logan's famous general order, setting aside May 30 as the day each year to decorate the graves of fallen comrades.

Mrs. Della Bishop will read the Gettysburg address, and the Rev. J. E. Dunning, Orange, will give an appropriate address. A military touch to the impressive memorial services will be given by the United Spanish War Veterans, who, in accordance with tradition, will furnish the firing squad and bugles.

Joint Service
Preceding the Grand Army of the Republic services, Santa Ana, Orange and Tustin veteran organizations and their auxiliaries will join staging annual Memorial Day services at Fairhaven cemetery at 9 o'clock tomorrow. Dr. W. M. Tipton will be in charge.

Veteran groups which are joining with the American Legion in staging the services include Disabled American Veterans of the World War, Veterans of Foreign Wars, United Spanish War Veterans.

WILL ROGERS says:

BEVERLY HILLS, May 29. (To the Editor of The Register.) Secretary of Agriculture Wallace is out our way here; he has got a tough job, it's by far the toughest job in the Cabinet. Secretary of the Navy only has to deal with an admiral, Secretary of the Army with the generals, Postmaster-General with the politicians, but when you deal with a farmer you are dealing with a man who is a dealer himself, so if I was Wallace I would say, "Boys, you all are just too good farmers, you just raise too much; if you just wouldn't be so expert for a few years; it don't do any good to plow under every third row if you are going to raise more on the other two than you did on the three. Your efficiency is driving you to the poorhouse, so please don't be such good farmers."

Yours,
WILL ROGERS.

erns, Boy and Girl Scouts and Sons of the American Legion. Colors of these organizations will be massed and a colorful parade will go from the entrance to the cemetery to the floral tomb of the Unknown Soldier, where the exercises will be held.

District Attorney S. B. Kaufman will be speaker of the day. The Santa Ana Legion drum and bugle corps will take a prominent part in the ceremonies, and bugles will blow taps as part of the program. A military firing squad will be furnished by the Orange National Guard unit.

Following the morning ceremonies, an elaborate program has been arranged to observe the holiday fittingly at Birch Park, in Santa Ana, at 2 p. m. by Sons and Daughters of Union Veterans of the Civil War and other affiliated patriotic organizations. Commander J. H. Brown of Sedwick post, G. A. R. will be in charge.

The program will include music by the Orange County Band, directed by Ted Collins; a pledge of allegiance; invocation and benediction by the Rev. Albert Eakin Kelly; a number by the Santa Ana High School Girl's Sextette; roll of departed comrades by Quartermaster W. J. Lieser; cross ceremony by the Daughters; blowing of taps by Glen H. Cave and U. S. Holderman; talk by District Attorney S. B. Kaufman and community singing.

Other Communities Plan Programs

Loma Vista Memorial park at Fullerton will be the scene of a joint service by Fullerton, Placentia, Brea, La Habra, and Buena Park patriotic organizations and their auxiliaries. Assembly will begin at 9:30, with the services opening at 10. The Rev. E. Dove Hoffman will be the speaker of the day.

Anaheim post, American Legion, will be in charge of services at the Anaheim cemetery, starting at 9:30 with flag raising ceremonies by the Boy Scouts. Ray E. Smith is in charge of the program, in which many Mother Colony groups will participate.

Garden Grove and Huntington Beach American Legion posts and other patriotic groups will hold joint observance of Memorial Day tomorrow, with a parade and first service to be held at the Huntington Beach pier at 9 a. m. From Huntington Beach, the group will go by auto to Central Memorial park for services at 10:30 over the grave of Homer Johnson, the last comrade to pass away.

The Laguna Beach observance will take the form of a parade, participated in by patriotic organizations, at 10 o'clock, with arrangements in charge of Don Goddard.

At Newport Beach the American Legion post will be joined by Sons of the Legion, the Auxiliary, Spanish War Veterans and veterans of the Civil War, in a parade which

TELL PURPOSES OF NEW WATER ORGANIZATION

Adoption of by-laws and a general discussion of the purposes of the organization featured the first public meeting held by Water Incorporated of Orange County last night in the Garden Grove Washington school.

The by-laws provide for active and associate memberships in the new organization, which primarily is for water pumpers of the county. Active members can vote but associate members cannot.

Any person who uses or develops pump water for irrigation or domestic purposes, except as otherwise provided, is eligible to active membership, according to the rules. Each municipality in the county is entitled to one membership. Each corporation or irrigation district formed under state laws to develop or distribute water is entitled to one active membership.

All persons served by such agencies who do not develop water exclusively in the Orange county basin and who do not distribute water exclusively developed in the basin, may become associate members.

Under terms of the by-laws, neither members nor directors of the corporation will be personally responsible for debts or liabilities of the organization.

Outlines Purposes
S. W. Stanley, director of the organization, spoke regarding the purposes of the organization. He said all domestic supplies and more than 80 per cent of the irrigation water used on the central plain of Orange county is pumped from the underground basin which depends for its replenishment upon the waters from the Santa Ana river.

The underground reservoir, he said, is subject to an estimated overdrift, at present, of 50,000 acre feet annually, with an ensuing drop in its well levels averaging five feet per year for the basin as a whole.

"Roughly speaking," he declared, "127,000 acres overlie this basin, and some 30,000 acres, more or less, in addition, obtain, or have the right to obtain, their supplies from this source. Of this area, about 25,000 acres are served by owners of private water companies, and some 25,000 acres are owned by the Irvine company. Proprietors of about 71 per cent of the acreage using water from the basin are unorganized and have had no voice in the settlement of matters affecting their water supplies."

It is to remedy this situation, he said, that Water Incorporated of Orange County has been organized. The purposes, he said, are to gather and disseminate information regarding the common supply; to represent independent well owners and users of water from that source in all deliberations, hearings and proceedings affecting their common interest; and with the express purposes of co-operating with individuals and public and private agencies to bring about a united and co-ordinated effort toward the solution of the problems of flood control and water conservation for the Coastal Basin of Orange county.

W. C. Mauerhan, director in the Orange County Water district, outlined the activities of the district and urged cessation of "squabbling," which, he said, will prevent any federal aid in a water conservation or flood control project on the Santa Ana river.

In connection with federal aid for the water program here, Harry Lake, who barred a Register reporter from a meeting of the group about a week ago, said that he understands there is \$12,000,000 in federal river and harbor funds which could be expended on water programs on the Santa Ana river. He said it is up to the board of supervisors to get the federal aid. He raised the question as to why should the water companies take Santa Ana river

will end at the pier, where Memorial Day services will be held. Taps will be blown and flowers scattered on the water.

water and leave independent pumpers what is left.

Several persons during the evening questioned the matter of having the Register reporter from the prior meeting while a representative of another paper was allowed to remain. Lake said it was because the group wanted the information given out to come from one source.

"Need Leadership"
Several speakers placed the blame on the shoulders of the board of supervisors for inactivity in regard to solving the water problems of the county. Frank Kellogg asked why there had been no action and enquired as to "what's wrong with the board of supervisors?" "We have no leadership in water," he said, "and apparently lack backbone."

John G. Mitchell, supervisor from the second district, declared he is willing to submit the Elliott or other flood control or conservation program to the voters, but that the board of supervisors has been waiting until groups appear and ask for submission of a plan. Dr. D. Wayne wanted to know why the board of supervisors should wait until groups wait on them and ask for submission of a plan. He said leadership in building a dam in the Santa Ana river and on a water program should come from the supervisors.

Dr. Wayne pointed out that at a water meeting some time ago, Roy Browning, former engineer for the Irvine company, had made the statement that Mr. Irvine would oppose the construction of a dam in the Santa Ana river until water rights along the river were adjudicated. Kellogg declared he would like to know what reasons there were against construction of a dam in the river.

Grasshoppers are threatening crops
SACRAMENTO, Cal., May 29.—(UP)—State department of agriculture officials today united with local authorities in a campaign to repel an invasion of grasshoppers, said to be threatening damage to crops in 17 California counties.

Early drying out of vegetation caused by lack of winter snow and rains was held responsible for the movement of the insects onto cultivated land.

SHIFTS IN NRA PERSONNEL AND POLICY COMING

(Continued from Page 1)

"I will deny it officially."
Some industrialists and financiers would have Johnson make way for a quieter, more tractable administrator.

Although Henry I. Harriman refused to discuss the matter, some industrialists outside the chamber expressed the opinion that Johnson would be out by mid-winter. They bolstered this belief—or wish—with the explanation that NRA rapidly is moving from the code-making to the enforcement stage. The administrator principally is interested in code-making although his prime objective remains self-government of industry.

water and leave independent pumpers what is left.
Several persons during the evening questioned the matter of having the Register reporter from the prior meeting while a representative of another paper was allowed to remain. Lake said it was because the group wanted the information given out to come from one source.

"Need Leadership"
Several speakers placed the blame on the shoulders of the board of supervisors for inactivity in regard to solving the water problems of the county. Frank Kellogg asked why there had been no action and enquired as to "what's wrong with the board of supervisors?" "We have no leadership in water," he said, "and apparently lack backbone."

John G. Mitchell, supervisor from the second district, declared he is willing to submit the Elliott or other flood control or conservation program to the voters, but that the board of supervisors has been waiting until groups appear and ask for submission of a plan. Dr. D. Wayne wanted to know why the board of supervisors should wait until groups wait on them and ask for submission of a plan. He said leadership in building a dam in the Santa Ana river and on a water program should come from the supervisors.

Dr. Wayne pointed out that at a water meeting some time ago, Roy Browning, former engineer for the Irvine company, had made the statement that Mr. Irvine would oppose the construction of a dam in the Santa Ana river until water rights along the river were adjudicated. Kellogg declared he would like to know what reasons there were against construction of a dam in the river.

Grasshoppers are threatening crops
SACRAMENTO, Cal., May 29.—(UP)—State department of agriculture officials today united with local authorities in a campaign to repel an invasion of grasshoppers, said to be threatening damage to crops in 17 California counties.

Early drying out of vegetation caused by lack of winter snow and rains was held responsible for the movement of the insects onto cultivated land.

Found in Garage
The girl's body was found on the floor of a garage behind an apartment building in the residential section. Kerosene had been poured over her clothing and a match applied. Her features were burned almost beyond recognition.

Police, while inclining to believe an atrocious murder was committed, considered also the theory of suicide. Matches found on the floor of the garage were of the same brand as those used in the Johnson home.

Position of the body, however, indicated the girl was unconscious or dead when the torch was applied to her clothing. She apparently did not move while flames burned her.

Condition of the body was such that physicians could not determine whether she had been strangled, unconscious, poisoned or otherwise harmed before she was burned.

Two score detectives went out on the case again this morning. They planned to examine in detail the girl's room for any additional clues; any notes or diaries which might indicate whether she feared anyone, or whether recent illnesses had made her despondent enough to seek death.

Search Started
They also resumed their search of the garage and vicinity, hoping to find witnesses who might have seen the young woman or heard screams. The garage where her body was found is only four blocks from her home. Thus far, there was nothing to show how or why she had gone to the garage, whether accompanied or alone.

Father Speaks
"The brutalities and fiendish crimes of the criminal class must

be met with renewed vigilance by the authorities."
"As a people we must rise to our full stature of courageous manhood and dedicate ourselves to the protection of our girls and women."
"Virginia must not die in vain. Her fiendish murder is a challenge to the security of the home and the safety of our children."
Claire Fitzgerald, sister of Virginia, declared that the girl had been in a highly nervous state for some time and had been acting irrational.

Virginia called Dr. H. M. Kanner at 2 a. m. Monday and he administered a sedative which helped her return to sleep. This she did without notifying the family. She remained in bed most of the day until she left to take a walk about 4 p. m.

Veterans Arrange Programs To Honor Soldier Dead

WHOLE COUNTY WILL OBSERVE MEMORIAL DAY

Flowers will bloom again over the graves of Orange county's dead on Memorial Day tomorrow, while today veterans and patriotic organizations throughout the county prepared to pay tribute to the memory of its war heroes in Memorial Day services tomorrow.

At Fairhaven cemetery tomorrow morning where formerly columns of blue-clad veterans of the Civil War marched to pay homage to their dead comrades, but five or six Union veterans will take part in the ceremonies.

Death has filled graves at the cemetery with about 600 veterans, thinning the ranks of the Grand Army of the Republic until now there remain but 10 members of Santa Ana post, but three or four of whom will be able to participate in the services, and but two of three from the Orange post.

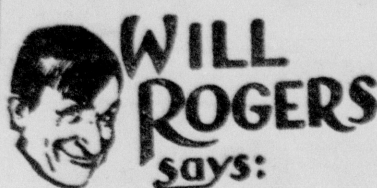

Grand Army services will be held at the tomb of the Unknown Dead in Fairhaven cemetery at 10 a. m. tomorrow. Daughters of Union Veterans of the Civil War will have charge of the program, assisted by Sons of Union Veterans of Santa Ana.

Music for the solemn event will be furnished by the Orange Union High school. Mrs. P. G. Athey will read General John A. Logan's famous general order, setting aside May 30 as the day each year to decorate the graves of fallen comrades.

Mrs. Della Bishop will read the Gettysburg address, and the Rev. J. E. Dunning, Orange, will give an appropriate address. A military touch to the impressive memorial services will be given by the United Spanish War Veterans, who in accordance with tradition, will furnish the firing squad and bugles.

Joint Service
Preceding the Grand Army of the Republic services, Santa Ana, Orange and Tustin veteran organizations and their auxiliaries will join staging annual Memorial Day services at Fairhaven cemetery at 9 o'clock tomorrow, Dr. W. M. Tipton will be in charge.

Veteran groups which are joining with the American Legion in staging the services include Disabled American Veterans of World War, Veterans of Foreign Wars, United Spanish War Vet-

WILL ROGERS says:

BEVERLY HILLS, May 29. (To the Editor of The Register.) Secretary of Agriculture Wallace is out our way here; he has got a tough job, it's by far the toughest job in the Cabinet. Secretary of the Navy only has to deal with an admiral, Secretary of the Army with the generals, Postmaster-General with the politicians, but when you deal with a farmer you are dealing with a man who is a dealer himself, so if I was Wallace I would say, "Boys, you all are just too good farmers, you just raise too much; if you just wouldn't be so expert for a few years; it don't do any good to plow under every third row if you are going to raise more on the other two than you did on the three. Your efficiency is driving you to the poorhouse, so please don't be such good farmers."

Yours,
WILL ROGERS.

erans, Boy and Girl Scouts and Sons of the American Legion. Colors of these organizations will be massed and a colorful parade will go from the entrance to the cemetery to the floral tomb of the Unknown Soldier, where the exercises will be held.

District Attorney S. B. Kaufman will be speaker of the day. The Santa Ana Legion drum and bugle corps will take a prominent part in the ceremonies, and bugles will blow taps as part of the program. A military firing squad will be furnished by the Orange National Guard unit.

Following the morning ceremonies, an elaborate program has been arranged to observe the holiday fittingly at Birch Park, in Santa Ana, at 2 p. m. by Sons and Daughters of Union Veterans of the Civil War and other affiliated patriotic organizations. Commander J. H. Brown of Sedgewick post, G. A. R. will be in charge.

The program will include music by the Orange County Band, directed by Ted Collins; a pledge of allegiance; invocation and benediction by the Rev. Albert Eakin Kelly; a number by the Santa Ana High School Girls Sextette; roll of departed comrades by Quartermaster W. J. Liseaur; cross ceremony by the Daughters; blowing of taps by Glen H. Cave and U. S. Holderman; talk by District Attorney S. B. Kaufman and community singing.

Other Communities Plan Programs

Loma Vista Memorial park at Fullerton will be the scene of a joint service by Fullerton, Placentia, Brea, La Habra, and Buena Park patriotic organizations and their auxiliaries. Assembly will begin at 9:30, with the services opening at 10. The Rev. E. Dow Hoffman will be the speaker of the day.

Anheim post, American Legion, will be in charge of services at the Anaheim cemetery, starting at 9:30 with flag raising ceremonies by the Boy Scouts. Ray E. Smith is in charge of the program, in which many Mother Colony groups will participate.

Garden Grove and Huntington Beach American Legion posts and other patriotic groups will hold joint observance of Memorial Day tomorrow, with a parade and first service to be held at the Huntington Beach pier at 9 a. m. From Huntington Beach, the group will go by auto to Central Memorial park for services at 10:30 over the grave of Homer Johnson, the last comrade to pass away.

The Laguna Beach observance will take the form of a parade, participated in by patriotic organizations, at 10 o'clock, with arrangements in charge of Don Goddard.

At Newport Beach the American Legion post will be joined by Sons of the Legion, the Auxiliary, Spanish War Veterans and veterans of the Civil War, in a parade which

TELL PURPOSES OF NEW WATER ORGANIZATION

Adoption of by-laws and a general discussion of the purposes of the organization featured the first public meeting held by Water Incorporated of Orange County last night in the Garden Grove Washington school.

The by-laws provide for active and associate memberships in the new organization, which primarily is for water pumpers of the county. Active members can vote but associate members cannot. Any person who uses or develops pump water for irrigation or domestic purposes, except as otherwise provided, is eligible to active membership, according to the rules. Each municipality in the county is entitled to one membership. Each corporation or irrigation district formed under state laws to develop or distribute water is entitled to one active membership.

All persons served by such agencies who do not develop water exclusively in the Orange county basin and who do not distribute water exclusively developed in the basin, may become associate members.

Under terms of the by-laws, neither members nor directors of the corporation will be personally responsible for debts or liabilities of the organization.

Outline of Purposes
S. W. Stanley, director of the organization, spoke regarding the purposes of the organization. He said all domestic supplies and more than 80 per cent of the irrigation water used on the central plain of Orange county is pumped from the underground basin which depends for its replenishment upon the waters from the Santa Ana river.

The underground reservoir, he said, is subject to an estimated overdraw, at present, of 50,000 acre feet annually, with an ensuing drop in its well levels averaging five feet per year for the basin as a whole.

"Roughly speaking," he declared, "127,000 acres overlie this basin, and some 30,000 acres, more or less, in addition, obtain or have the right to obtain their supplies from this source. Of this area, about 25,000 acres are served by the two major water companies and some 22,000 acres are owned by the Irvine company. Proprietors of about 71 per cent of the acreage using water from the basin are unorganized and have had no voice in the settlement of matters affecting their water supplies."

It is to remedy this situation, he said, that Water Incorporated of Orange County has been organized. The purposes, he said, are to gather and disseminate information regarding the common supply; to represent independent well owners and users of water from that source in all deliberations, hearings and proceedings affecting their common interest; and to express the purposes of co-operating with individuals and public and private agencies to bring about a united and co-ordinated effort toward the solution of the problems of flood control and water conservation for the Coastal Basin of Orange County.

N. C. Mauehan, director in the Orange County Water district, outlined the activities of the district and urged cessation of "squabbling," which, he said, will prevent any federal aid in a water conservation or flood control project on the Santa Ana river.

In connection with federal aid for the water program here, Harry Lake, who barred a Register reporter from a meeting of the group about a week ago, said that he understands there is \$12,000,000 in federal river and harbor funds which could be expended on water programs on the Santa Ana river.

He said it is up to the board of supervisors to get the federal aid. He raised the question as to why should the water companies take Santa Ana river

will end at the pier, where Memorial Day services will be held. Taps will be blown and flowers scattered on the water.

UNITED STATES OFFERS TO CUT SIZE OF NAVY

(Continued from Page 1)

The British proposals embodied a modified form of re-armament for Germany and a general understanding for security measures to meet the demands of France.

"The disarmament problem is susceptible of a practical solution," Davis said. "It may be remarked that a considerable measure of accord has actually been reached with respect to the technical aspect of disarmament convention that would be effective."

Davis argued that security may be attained by a nation as follows: First, by achieving overwhelming superiority of armaments, together with defensive alliances.

Secondly, by increasing its powers of defense and simultaneously decreasing its powers of offense.

"The United States government believes that only by the second path can the peace and progress of the world and the material security of each country be truly promoted," he said.

Avoids Disputes
Anxious as the United States is for disarmament, however, Davis said in the next breath this country will not participate in any purely European political disputes or settlements, nor will it agree to the use of American troops or warships for settlement of disputes anywhere.

"In effect, the policy of the United States is to keep out of war, but to help in every possible way to discourage war," Davis declared.

In urging a stricter international control of the manufacture and sale of munitions of war, Davis cited the recent message sent by President Roosevelt to the senate on this subject. He said the people of the United States "are aroused at the evils which are being revealed in the production and traffic of munitions of war."

"The American people and government are convinced that by some means the production and traffic in engines of death, and the profits resulting therefrom, must be controlled or eliminated."

SHIFTS IN NRA PERSONNEL AND POLICY COMING

(Continued from Page 1)

"I will deny it officially."

Some industrialists and financiers would have Johnson make way for a quieter, more tractable administrator.

Although Henry I. Harriman refused to discuss the matter, some industrialists outside the chamber expressed the opinion that Johnson would be out by mid-summer. They bolstered this belief—or wish—with the explanation that NRA rapidly is moving from the code-making to the enforcement stage. The administrator principally is interested in code-making although his prime objective remains self-government of industry.

retary of the Navy Col. H. L. Roosevelt and other officials.

Honor President

A crashing 21-gun presidential salute will be fired by the Pennsylvania as it draws even with the Indianapolis. The historic order "man the rails," first given before Sir Francis Drake went to sea, will be sounded and sailors stationed around the rail an arm's length apart will stand at salute.

Five hundred yards behind the Pennsylvania will be the giant aircraft carrier Saratoga and following in its wake its sister ship, the Lexington. In trim array on their broad decks will be the wasp-like fighting planes which

after the naval review will give an air demonstration.

Stretching away to the horizon will be the other vessels, first the destroyers, then light cruisers, followed by 12 battleships and lastly the hospital and supply vessels.

The Pennsylvania will swing out from the line after it has passed the Indianapolis. The planes will be catapulted from the aircraft carriers while the fleet counter-marches to fall in line behind the Indianapolis to go up the Hudson. They will execute massed formations, stunt flights and lay down smoke screens.

A glamorous navy ball at which officers will be dressed in full regalia will be held at the Waldorf-Astoria Friday night. Officers will parade down Fifth avenue Saturday morning.

Found in Garage
The girl's body was found on the floor of a garage behind an apartment building in the residential section. Kerosene had been poured over her clothing, and a match applied. Her features were burned almost beyond recognition.

Police, while inclining to believe an atrocious murder was committed, considered also the theory of suicide. Matches found on the floor of the garage were of the same brand as those used in the Johnson home.

Position of the body, however, indicated the girl was unconscious or dead when the torch was applied to her clothing. She apparently did not move while flames burned her.

Condition of the body was such that physicians could not determine whether she had been strangled, unconscious, poisoned or otherwise harmed before she was burned.

Two score detectives went out on the case again this morning. They planned to examine in detail the girl's room for any additional clues; any notes or diaries which might indicate whether she feared anyone, or whether recent illnesses had made her despondent enough to seek death.

Search Started
They also resumed their search of the garage and vicinity, hoping to find witnesses who might have seen the young woman or heard screams. The garage where her body was found is only four blocks from her home. Thus far, there was nothing to show how or why she had gone to the garage, whether accompanied or alone.

Under questioning today, Johnson admitted he had only "assumed" the girl who waved to him from a car was Virginia. He said she might have been any of a number of acquaintances because he did not get a direct view of her.

State Treasurer Charles G. Johnson discarded all suicide theories in connection with the death of his daughter, Virginia. He said: "We are all grief-stricken over the terrible tragedy that has come upon us."

"Nothing can be done to restore our beautiful child, but there is a Virginia Johnson in every home in California. We can make it safer for them."

Father Speaks
"The brutalities and fiendish crimes of the criminal class must

be met with renewed vigilance by the authorities.

"As a people we must rise to our full stature of courageous manhood and dedicate ourselves to the protection of our girls and women."

"Virginia must not die in vain. Her fiendish murder is a challenge to the security of the home and the safety of our children."

Claire Fitzgerald, sister of Virginia, declared that the girl had been in a highly nervous state for some time and had been acting irrationally.

Virginia called Dr. H. M. Kanner at 2 a. m. Monday and administered a sedative which helped her return to sleep. This she did without notifying the family. She remained in bed most of the day until she left to take a walk about 4 p. m.

(Continued from Page 1)

suspicious persons had been reported in the neighborhood.

J. U. Johnson, Virginia's uncle, who had told police he had seen his niece downtown yesterday afternoon riding in a dark green sedan, said he might have been mistaken.

Under questioning today, Johnson admitted he had only "assumed" the girl who waved to him from a car was Virginia. He said she might have been any of a number of acquaintances because he did not get a direct view of her.

State Treasurer Charles G. Johnson discarded all suicide theories in connection with the death of his daughter, Virginia. He said: "We are all grief-stricken over the terrible tragedy that has come upon us."

"Nothing can be done to restore our beautiful child, but there is a Virginia Johnson in every home in California. We can make it safer for them."

Father Speaks
"The brutalities and fiendish crimes of the criminal class must

be met with renewed vigilance by the authorities.

"As a people we must rise to our full stature of courageous manhood and dedicate ourselves to the protection of our girls and women."

"Virginia must not die in vain. Her fiendish murder is a challenge to the security of the home and the safety of our children."

Claire Fitzgerald, sister of Virginia, declared that the girl had been in a highly nervous state for some time and had been acting irrationally.

Virginia called Dr. H. M. Kanner at 2 a. m. Monday and administered a sedative which helped her return to sleep. This she did without notifying the family. She remained in bed most of the day until she left to take a walk about 4 p. m.

RENOVIZE YOUR HOME

No. 10 of a Series Look for No. 11 Tomorrow

Put a . . . LABORER . . . to Work!

The lowest paid workmen everywhere are the unskilled laborers. All they know is hard work, which they are willing and able to do.

Many of those in need are of this class. They comprise a substantial portion of the county relief load being borne by taxpayers. But it would be far better, all around, if they could make their own way.

Laborers are necessary to civilization. They take many of the risks, and often lay down their lives that improvement projects may go on. They sweat and toil that cities may be built, that tunnels may be dug, that dams may be constructed, and that all manner of progress may be made.

Laborers dig ditches. They mow lawns. They level off and clean off vacant lots. They dig basements. They tear up broken sidewalks. They spade up gardens. They tear down worn-out shacks. They chop wood. They do anything and everything that needs to be done.

These laborers are citizens, even as you and I. They marry, and have babies, and buy homes, and pay taxes, and give their families the best they can afford. They are good workers, good husbands, good fathers, and good citizens, and they would be better citizens if they could be steadily employed, for they are able to earn little enough even at best.

So today we suggest that you Put a Laborer to Work if at all possible in your Renovize program.

Certainly they NEED the work. The dollars you are able to pay them will be used usefully, and IMMEDIATELY, for food, clothing, and other necessities.

Put a laborer to work during the Renovize period, starting NOW. Clean out that cluttered up spot in the back yard. Tear down that useless shed. Dig up the yard ready for planting.

Clean up. Straighten up. Clean out. Replace. Repair. Restore. Brighten up the back yard as well as the front.

Fix the broken sidewalks, the fences, the drive ways. Get the winter's supply of wood all ready and stacked. Put a basement under the house. Clean out the attic.

The new day is here. The forward march has begun. Join in with the happy throng, and with due consideration for those less fortunate, so that EVERYBODY may be happy and busy.

There may be a laboring man in your very block who needs work, or perhaps you know someone like that elsewhere in town. Hunt him up and put him to work in your home Renovizing campaign.

If you do not know an idle laborer personally, call up any of the following organizations which will be glad to co-operate with you in getting a competent and able workman on the job.

National Re-employment Service, 4471; Associated Unemployed, 4823; Unemployed Bureau, 5610.

Our interests are common. The prosperity of the least of us affects the prosperity of all, and it is to our mutual interest that EVERYBODY be employed, in useful work, at a living wage.

RENOVIZE SANTA ANA CAMPAIGN

The Weather

For Los Angeles and vicinity—Fair tonight and Wednesday; normal temperature and humidity; with little change; gentle to moderate wind, mostly southwest.
 Southern California — Fair tonight and Wednesday; normal temperature; gentle to moderate northwest wind off shore.

METHODISTS URGE RETURN OF DR. WARNER

With vigorous and prolonged applause, and a rising vote in which the audience came to their feet en masse, the congregation of the Santa Ana First Methodist Episcopal church last night voiced a strong demand that Dr. George A. Warner be returned to serve as pastor of the church for the eighth successive year.

The occasion was the Fourth Quarterly Conference and annual congregation meeting, with Dr. James Allen Gessinger, district superintendent, presiding. The meeting was held in the auditorium of the church and was attended by a splendid representation of all departments of the church's activities.

The ovation to the popular pastor came in response to the report of the committee on ministerial supply, composed of seven leading members of the church, with O. H. Barr as chairman. The report was read by W. A. Taylor. It lauded the ever-increasing power and effectiveness of the ministry of Dr. Warner, and the "vital role that he is playing in the community as well as in the church at this critical time."

The action of the church is regarded by members of the congregation as a powerful rebuke to those who have attempted to brand their pastor as communistic and who rather resent his solicitation for the poor and suffering citizens of Orange county in this time of need. Seldom has any pastor been accorded such a spontaneous expression of confidence and good will, according to those present. His reply was one of gratitude, appreciation and "anticipation."

The meeting opened with the singing of some of the old hymns of the church, with H. F. Kenny leading and Mrs. W. B. Snow at the organ. A feature was the reading of a consolidated report of the church's activities. The presentation of this general survey, instead of a long series of disjointed departmental reports, was given by Dr. Warner, and innovation was greatly appreciated by the congregation.

Local Briefs

As part of their program for obtaining practical experience, the merchandising class of Santa Ana junior college has put in two window displays at the Betty-Rose shop. It was announced today by Mrs. Rose Walker, proprietor of the store. Dorothy Decker is teacher and director of the class.

E. J. Miller, 69, 1220 Cypress street, is resting easily in the Santa Ana Valley hospital from injuries suffered in an automobile accident near Seal Beach Sunday night.

Miss Fayette Meditt, 18, Long Beach, suffered head bruise, loss of two teeth and severe lacerations when she fell from a horse in Irvine park Sunday. She was given first aid treatment at the Orange County hospital.

IN MOVIES

Six-year-old Joy Wurgatt of Fullerton, below, has just been signed to appear in a Hal Roach motion picture.

FULLERTON GIRL TO HAVE PART IN HAL ROACH PICTURE

Joy Wurgatt, talented six-year-old daughter of Mr. and Mrs. Robert Wurgatt, of 426 East Commonwealth avenue, Fullerton, has been given a contract to appear in a forthcoming moving picture produced by the Hal Roach studio of Culver City. It became known today, following negotiations completed Saturday.

Little Miss Wurgatt won the part in competition with a large number of youngsters from Los Angeles, and was scheduled to start work today. She will star in a Hawaiian scene, in company with a number of other children, and will sing "Little Grass Shack," one of the numbers she has presented on several Orange county programs, including a recital at the Huntington Beach Memorial hall last Friday evening.

The young lady is a pupil of the Estlin Burks School of Dancing in Fullerton, where she has taken solo work, team numbers with Bobby Waits of Fullerton, and their numbers with Junior Kavanagh of Fullerton and Betty Blossom Goble of Santa Ana.

PROTEST FILED BY CITIES ON JAIL CHARGES

The resolution adopted by the Orange County League of Municipalities on May 24 at Huntington Beach, protesting charges by the county to the cities for maintaining city prisoners in the county jail, and urging all cities to refuse to pay further for maintenance of prisoners sentenced under state laws, was filed with the county supervisors today.

The resolution was received without comment by the board. It opposed higher charges by the county for city prisoners than is paid by the county itself. The county now allows the sheriff 24 cents per day (12 cents per meal) for county prisoners. The cities are charged 20 cents per meal, or 40 cents per day.

S. A. Student To Graduate From Arizona School

TUCSON, Ariz., May 29.—Emrys Featherly White, of Santa Ana, Cal., will be among those students who will receive degrees from the University of Arizona at the regular commencement exercises on May 30, 1934. Commencement exercises will be held in the evening at the Women's Athletic field of the university.

White will receive the degree of bachelor of arts. His major subject has been history.

Special Programs For Beach Dances

A special Memorial day program will be played by Everett Hoagland's orchestra at the Rendezvous ballroom in Balboa on Wednesday, according to Harry Tudor, manager. Special music by the 30-piece ensemble also will be played on the evening before Memorial day, he said.

ASK ACTION ON ELLIOTT WATER PLAN BY BOARD

Prominent leaders in water affairs of Orange county today urged the county supervisors to immediately submit the \$12,000,000 Elliott flood control plan to the federal government, for inclusion in an anticipated national program for rivers and harbors that the government is expected to carry on.

W. C. Mauerhan of Katella went further in recommending that the county send a private representative to Washington and maintain him there, to make necessary contacts for assuring adoption of the Orange county project, with federal financing.

"We cannot afford not to spend some money, even several thousands of dollars, to get some of the money that we might miss millions of dollars by failing to do so," said Mauerhan, who expressed approval of the board's recent action in sending Supervisor W. C. Jerome to the recent congress of rivers and harbors in Washington.

Jerome today reviewed proceedings of the rivers and harbors congress, and read a letter from Francis Cuttle, of Riverside, project committee from Southern California, asking Orange county to submit details of a flood control project. Jerome, incidentally, revealed that the government now has changed its rivers and harbors policy to include water conservation as well as flood control in its projects.

Jerome's recommendation to the board was that the county make known its need to the government and not suggest any particular plan. Controversial aspects of water plans in the county, he said, made it advisable that the government prepare its own plan.

"Then if the government wants to move somebody's ranch or railroad, it will go ahead and do what ever is necessary, without asking anybody's permission or opinion," he said.

R. J. McFadden of Placentia, Ross Shafer of Tustin, Superintendent Lewis of the Yorba Linda Water company, and others, expressed the view, however, that the Elliott plan had been obtained at considerable expense to the county, that it is all ready, and should be immediately presented for consideration.

"The government," said McFadden, "may make changes in the plan as it chooses, but we should hand them some sort of a concrete plan."

Judgment For Six Cents Awarded In S. A. Justice Court

When W. Paul Averell, 525 South Shelton street paid a six cent court judgment in the Santa Ana justice court Saturday, he paid one of the smallest judgments ever assessed by Judge Kenneth Morrison.

Averell was defendant in a small claims suit brought by D. E. Hall, 802 Orange, a former employer of Averell. Hall alleged that he should receive \$15 involved in the sale of a washing machine to a third party.

When Judge Morrison learned that \$7.44 was due as a commission to Averell on the sale, and that Hall would take \$7.50 for a vacuum cleaner involved in the deal, he awarded Hall a judgment of the six cents difference.

After Hall paid the six cents, however, he was also ordered to pay court costs of \$1.25.

Police News

Mrs. William Ellison, 1707 South Main street, had two hens stolen from her yard Saturday, she reported to police.

The bicycle of Bernard Robinson, 719 Kilson drive, was stolen Saturday from Fourth and Birch streets, according to police files.

Max H. Ellison, 35, New York, was booked at the county jail Saturday by federal officers on a charge of forging government checks.

A washing machine motor was stolen last week from the Wakeham Dairy ranch near Greenville. It was reported to sheriff's officers over the week end by Tony Silva of the ranch.

pressed the view, however, that the Elliott plan had been obtained at considerable expense to the county, that it is all ready, and should be immediately presented for consideration.

"The government," said McFadden, "may make changes in the plan as it chooses, but we should hand them some sort of a concrete plan."

FIRST DEATH REPORTED FROM POLIOMYELITIS

The death of J. L. Lemons, 13, of Placentia, in the Los Angeles county general hospital last Saturday, was the first fatality resulting from the current outbreak of poliomyelitis, or infantile paralysis, in Orange county. It was disclosed today by Dr. Edward Russell, assistant county health officer.

One other case, that of a Fullerton high school boy, has reached the critical stage in the Orange county hospital, he said, but has shown "improvement since yesterday."

The Lemons boy, son of Mr. and Mrs. M. O. Lemons, and brother of Evelyn, Mozelle, Maxine, Margaret, Betty Jane and Wayne Lemons, was sent to the Los Angeles county hospital by Orange county authorities. In order that he might have the advantage of the Drinker respirator, Orange county being without such equipment.

Private funeral services for the boy were held Sunday afternoon at the graveside in Loma Vista cemetery, Brea, the Rev. Don Milligan, pastor of Calvary church, Placentia, presiding.

A total of 19 cases of infantile paralysis has been reported in the county to date, no new cases appearing in the last several days. This week, however, is expected to be the development period for contacts in the Placentia area, and next week will be the development period for contacts in the Fullerton area, said Dr. Russell. Health authorities therefore are keeping a special watch over conditions for the next few days.

Warnings are being continued to keep children out of crowds and to watch them closely and notify a doctor immediately when any symptoms are noted.

of District Attorney S. B. Kaufman for the office he holds, Fred Forgy, chairman of an organization backing the district attorney, will preside over the meeting.

STUDENT LEADER

Albert Pickhardt, below, is the new president of the Santa Ana High school student body. Pickhardt will take office with his newly elected board of control early next week.

—Photo by Russell, Register Photographer.

H. S. Vote Recount Confirms Prexy, Changes Treasurer

Albert Pickhardt was confirmed as president of the student body of Santa Ana High school when votes were officially recounted yesterday, but when votes for the treasurer were checked it was found that Victor Rowland was treasurer instead of Kenneth Nissley, according to announcement by Lynn H. Crawford, vice principal.

The new tally for president shows Pickhardt received 337 votes in place of the 349 allotted him when votes were counted Friday; Bain Alexander received 147 instead of the former 148, and Bill Hawkins received the same 176 tally. In the treasurer revolt, Rowland received 333 votes to the 327 he secured Friday, and Nissley received 310 to the 334 formerly allotted him.

MAN KILLED AS CAR STRUCK BY S. P. ENGINE

Apparently unaware that a train was approaching, Thomas I. McGlothlin, 52, 1704 East Anaheim street, Long Beach, drove his automobile in the path of a Southern Pacific train on Ocean avenue at Westminster at 9:30 o'clock last night and was instantly killed, while his wife suffered serious injuries.

The death of the Long Beach mechanic was the first automobile fatality in the county since May 5 and the second since April 18. It brought the total this year to 22, as compared to 14 at the same time in 1933.

The machine, declared by train officials to have been traveling at a high rate of speed, was dragged about 150 feet by the train. Both Mr. and Mrs. McGlothlin were pinned in the wreckage. He was dead when the train crew reached the car and the woman was rushed to the Orange County hospital in an ambulance, where she was found to have received a possible fractured knee, cuts on the head, and shock.

Conductor John Breen, Engineer Frank J. Bryce and Fireman M. Garcia were in charge of the train. Garcia said he saw the automobile approaching the crossing and suddenly swerve from the road a moment before the impact. He told officers that McGlothlin probably did not hear the train whistle.

The accident victim is survived by his widow, Mrs. Esther McGlothlin and one daughter, Mrs. Irene Karcher, Inglewood. The body was removed to the Harrell and Brown funeral home in Santa Ana where an inquest will be held later by Coroner Earl Abbey. Funeral arrangements will be announced later by the mortuary.

Manuel Ladesma, 6-year-old son of Domingo Ladesma, 113 French street, was taken to the Orange County hospital yesterday for first aid treatment after the boy ran into the car of Mrs. Georgia Henthorne, 45, Balboa Island, at First and French streets.

The clean Center Leaves are the mildest leaves

They Taste Better!

WE like to tell about the finer tobaccos in Luckies—the choicest Turkish and domestic, and only the mild, clean center leaves—they cost more—they taste better. Then "It's toasted"—for throat protection. But we're just as proud of the way Luckies are made. They're so round and firm, so free from loose ends. That's why Luckies "keep in condition"—do not dry out. Luckies are always—in all-ways!—kind to your throat.

METHODISTS URGE RETURN OF DR. WARNER

With vigorous and prolonged applause, and a rising vote in which the audience came to their feet en masse, the congregation of the Santa Ana First Methodist Episcopal church last night voted a strong demand that Dr. George A. Warner be returned to serve as pastor of the church for the eighth successive year.

The occasion was the Fourth Quarterly Conference and annual congregation meeting, with Dr. James Allen Geissinger, district superintendent, presiding. The meeting was held in the auditorium of the church and was attended by a splendid representation of all departments of the church's activities.

The ovation to the popular pastor came in response to the report of the committee on ministerial supply, composed of seven leading members of the church, with O. H. Barr as chairman. The report was read by W. A. Taylor. It lauded the ever-increasing power and effectiveness of the ministry of Dr. Warner, and the "vital role that he is playing in the community as well as in the church at this critical time."

It proposed an urgent invitation to Dr. Warner to return to the pastorate for another year, and an insistent request to the bishop and the district superintendent that this invitation be respected. The report concluded with a strong statement that there is no place where Dr. Warner could serve as effectively or where he is needed quite as badly as in his present position.

The action of the church is regarded by members of the congregation as a powerful rebuke to those who have attempted to brand their pastor as communistic and who rather resent his solicitation for the poor and suffering citizens of Orange county in this time of need. Seldom has any pastor been accorded such a spontaneous expression of confidence and good will, according to those present. His reply was one of gratitude, appreciation and "anticipation."

The meeting opened with the singing of some of the old hymns of the church, with H. F. Kenny leading and Mrs. W. B. Snow at the organ. A feature was the reading of a consolidated report of the church's activities. The presentation of this general survey, instead of a long series of disjointed departmental reports, was given by Dr. Warner, and the innovation was greatly appreciated by the congregation.

The report shows: There has been a net increase of 65 in church membership for the year. The church school has had an average attendance of 512. Dr. Warner has conducted 47 funerals, 15 of whom have been members of the church. Pastoral calls and interviews have averaged over 60 per week for the entire year. More than \$13,000 has passed through the hands of the church treasurer, H. W. Guthrie, for the first 11 months of the year.

The report on nominations for church officers and standing committees was read by J. S. Smart, and confirmed. Dr. Geissinger extended greetings to the new members and gave spiritual advice.

Following the business meeting, a social hour was enjoyed, with the Dorcas society as sponsors, and the new members as the guests for the evening. Vocal solos were given by Marquise Hare with Miss Esther Vogt as accompanist, and by Mrs. Irma Rutter. Olive Switzer entertained with a piano solo. Refreshments were served.

CITY POLICEMAN RESIGNS POSITION

The resignation of George G. Boyd, city motorcycle officer, was presented to the city council last night and was accepted without comment, on motion of Police Commissioner E. G. Warner.

Boyd's letter of resignation made no explanation of his resignation, other than that it was because of "personal reasons." It will become effective June 1. Boyd meanwhile taking the vacation to which he is entitled.

On recommendation of Chief F. W. Howard, of the police department, the position will be left vacant during the summer months.

Local Briefs

As part of their program for obtaining practical experience, the merchandising class of Santa Ana junior college has put in two window displays at the Betty-Rose shop, it was announced today by Mrs. Rose Walker, proprietor of the store. Dorothy Decker is teacher and director of the class.

E. J. Miller, 69, 1220 Cypress street, is resting easily in the Santa Ana Valley hospital from injuries suffered in an automobile accident near Seal Beach Sunday night.

Miss Fayette Meditt, 18, Long Beach, suffered head bruises, loss of two teeth and severe lacerations when she fell from a horse in Irvine park Sunday. She was given first aid treatment at the Orange County hospital.

IN MOVIES

Six-year-old Joy Wurgart of Fullerton, below, has just been signed to appear in a Hal Roach motion picture.

FULLERTON GIRL TO HAVE PART IN HAL ROACH PICTURE

Joy Wurgart, talented six-year-old daughter of Mr. and Mrs. Robert Wurgart, of 426 East Commonwealth avenue, Fullerton, has been given a contract to appear in a forthcoming motion picture produced by the Hal Roach studios of Culver City. It became known today, following negotiations completed Saturday.

ASK ACTION ON ELLIOTT WATER PLAN BY BOARD

Prominent leaders in water affairs of Orange county today urged the county supervisors to immediately submit the \$12,000,000 Elliott flood control plan to the federal government, for inclusion in an anticipated national program for rivers and harbors that the government is expected to carry on.

W. C. Mauerhan of Katella, president of the county board of supervisors, said that the county send a private representative to Washington and maintain him there, to make necessary contacts for assuring adoption of the Orange county project, with federal financing.

"We cannot afford not to spend some money, even several thousand dollars, to get some of the money, when we might miss millions of dollars by failing to do so," said Mauerhan, who expressed approval of the board's recent action in sending Supervisor W. C. Jerome to the recent congress of rivers and harbors in Washington.

Jerome today reviewed proceedings of the rivers and harbors congress, and read a letter from Francis Cutler, of Riverside, project committeeman from Southern California, asking Orange county to submit details of a flood control project. Jerome, incidentally, revealed that the government now has changed its rivers and harbors policy to include water conservation as well as flood control in its projects.

Jerome's recommendation to the board was that the county make known its need to the government and not suggest any particular plan. Controversial aspects of water plans in the county, he said, made it advisable that the government prepare its own plan.

"Then if the government wants to move somebody's ranch or railroad, it will go ahead and do what anybody's permission or opinion," he said.

R. J. McFadden of Placentia, Rose Shafer of Tustin, Superintendent Lewis of the Yorba Linda Water company, and others, expressed the view, however, that the Elliott plan had been obtained at considerable expense to the county, that it is all ready, and should be immediately presented for consideration.

PROTEST FILED BY CITIES ON JAIL CHARGES

The resolution adopted by the Orange County League of Municipalities on May 24 at Huntington Beach, protesting charges by the county to the cities, for maintaining city prisoners in the county jail, and urging all cities to refuse to pay further for maintenance of prisoners sentenced under state laws, was filed with the county supervisors today.

The resolution was resolved without comment by the board. It opposed higher charges by the county for city prisoners than is paid by the county itself. The county now allows the sheriff 24 cents per day (12 cents per meal) for county prisoners. The cities are charged 30 cents per meal, or 40 cents per day.

S. A. Student To Graduate From Arizona School

TUCSON, Ariz., May 29.—Emrys Featherly White, of Santa Ana, Cal., will be among those students who will receive degrees from the University of Arizona at the regular commencement exercises on May 30, 1934. Commencement exercises will be held in the evening at the Women's Athletic field of the university.

White will receive the degree of bachelor of arts. His major subject has been history.

Special Programs For Beach Dances

A special Memorial day program will be played by Everett Hoagland's orchestra at the Rendezvous ballroom in Balboa on Wednesday, according to Harry Tudor, manager. Special music by the 20-piece ensemble also will be played on the evening before Memorial day, he said.

STUDENT LEADER

Albert Pickhardt, below, is the new president of the Santa Ana High school student body. Pickhardt will take office with his newly elected board of control early next week.

FIRST DEATH REPORTED FROM POLIOMYELITIS

The death of J. L. Lemons, 13, of Placentia, in the Los Angeles county general hospital last Saturday, was the first fatality resulting from the current outbreak of poliomyelitis, or infantile paralysis, in Orange county, it was disclosed today by Dr. Edward Russell, assistant county health officer.

One other case, that of a Fullerton high school boy, has reached the critical stage in the Orange county hospital, he said, but has shown improvement since yesterday.

The Lemons boy, son of Mr. and Mrs. M. O. Lemons, and brother of Evelyn, Mozelle, Maxine, Margaret, Betty Jane and Wayne Lemons, was sent to the Los Angeles county hospital by Orange county authorities, in order that he might have the advantage of the Drinker respirator, Orange county being without such equipment.

Private funeral services for the boy were held Sunday afternoon at the graveside in Loma Vista cemetery, Brea, the Rev. Don Milligan, pastor of Calvary church, Placentia, presiding.

Judgment For Six Cents Awarded In S. A. Justice Court

When W. Paul Averell, 525 South Shelton street paid a six cent court judgment in the Santa Ana justice court Saturday, he paid one of the smallest judgments ever assessed by Judge Kenneth Morrison.

Averell was defendant in a small claims suit brought by D. E. Hall, 802 Orange, a former employer of Averell. Hall alleged that he should receive \$15 involved in the sale of a washing machine to a third party.

When Judge Morrison learned that \$7.44 was due as a commission to Averell on the sale, and that Hall would take \$7.50 for a vacuum cleaner involved in the deal, he awarded Hall a judgment of the six cents difference.

After Hall paid the six cents, however, he was also ordered to pay court costs of \$1.25.

Police News

Mrs. William Ellison, 1707 South Main street, had two hens stolen from her yard Saturday, she reported to police.

The bicycle of Bernard Robinson, 719 Kilson drive, was stolen Saturday from Fourth and Birch streets, according to police files.

Max H. Ellison, 35, New York, was booked at the county jail Saturday by federal officers on a charge of forging government checks.

A washing machine motor was stolen last week from the Wakeham Dairy ranch near Greenville, it was reported to sheriff's officers over the week end by Tony Silva of the ranch.

Warnings are being continued to keep children out of crowds and to watch them closely and notify a doctor immediately when any symptoms are noted.

District Attorney S. R. Kaufman for the office he holds. Fred Forsy, chairman of an organization backing the district attorney, will preside over the meeting.

STUDENT LEADER

Albert Pickhardt, below, is the new president of the Santa Ana High school student body. Pickhardt will take office with his newly elected board of control early next week.

H. S. Vote Recount Confirms Prexy, Changes Treasurer

Albert Pickhardt was confirmed as president of the student body of Santa Ana High school when votes were officially recounted yesterday, but when votes for the treasurer were checked it was found that Victor Rowland was treasurer instead of Kenneth Nissley, according to announcement by Lynn H. Crawford, vice principal.

The new tally for president shows Pickhardt received 337 votes in place of the 349 allotted him when votes were counted Friday; Bain Alexander received 147 instead of the former 148, and Bill Hawkins received the same 176 tally. In the treasurer revolt, Rowland received 353 votes to the 327 he secured Friday, and Nissley received 310 to the 334 formerly allotted him.

MAN KILLED AS CAR STRUCK BY S. P. ENGINE

Apparently unaware that a train was approaching, Thomas I. McGlothlin, 52, 1704 East Anaheim street, Long Beach, drove his automobile in the path of a Southern Pacific train on Ocean avenue at Westminster at 9:36 o'clock last night and was instantly killed, while his wife suffered serious injuries.

The death of the Long Beach mechanic was the first automobile fatality in the county since May 5 and the second since April 18. It brought the total this year to 22, as compared to 14 at the same time in 1933.

The machine, declared by train officials to have been traveling at a high rate of speed, was dragged about 150 feet by the train. Both Mr. and Mrs. McGlothlin were pinned in the wreckage. He was dead when the train crew reached the car and the woman was rushed to the Orange County hospital in an ambulance, where she was found to have received a possible fractured knee, cuts on the head, and shock.

Conductor John Breen, Engineer Frank J. Bryce and Fireman M. J. Garcia were in charge of the train. Garcia said he saw the automobile approaching the crossing and suddenly swerve from the road a moment before the impact. He told officers that Mrs. McGlothlin probably did not hear the train whistle.

The accident victim is survived by his widow, Mrs. Esther McGlothlin and one daughter, Mrs. Irene Karcher, Inglewood. The body was removed to the Harrell and Brown funeral home in Santa Ana where an inquest will be held later by Coroner Earl Abbey. Funeral arrangements will be announced later by the mortuary.

Manuel Lademas, 6-year-old son of Domingo Lademas, 111 French street, was taken to the Orange County hospital yesterday for first aid treatment after the boy ran into the car of Mrs. Georgia Henthorne, 45, Balboa Island, at First and French streets.

The clean Center Leaves are the mildest leaves

They Taste Better!

WE like to tell about the finer tobaccos in Luckies—the choicest Turkish and domestic, and only the mild, clean center leaves—they cost more—they taste better. Then "It's toasted"—for throat protection. But we're just as proud of the way Luckies are made. They're so round and firm, so free from loose ends. That's why Luckies "keep in condition"—do not dry out. Luckies are always—in all-ways!—kind to your throat.

THESE ARE THE MILDEST LEAVES—THEY COST MORE—They Taste Better

WASHINGTON

By Paul Mallon

STRIKES

The administration is strangely calm on the inside about the strike situation. What has happened in Toledo, Minneapolis, New York, Chicago and elsewhere during the past few months would ordinarily arouse commotion in the White House. There would be conferences, threats, possibly even big stick action.

Now, no one even gets excited about the prospect of a rather bitter steel strike within a few weeks. The reason is that the strike menace is playing right into administration reform strategy. The New Dealers will never admit it, but they are really glad to see the strike issue get hot now.

It furnishes the necessary reason for hurrying the Wagner labor board bill through. Without such a chance this session.

DANGERS

Last year was the worst year for strikes since 1920. This year may break all records. There were 278 strikes the first quarter of this year. That is 12 more than the same period last year. The following table shows what has happened during the last seven years:

Year	Lab. Work	Man-Day	Loss
1927.....	734	249,424	\$7,799,394
1928.....	629	257,145	\$1,556,047
1929.....	963	330,462	\$9,975,213
1930.....	653	158,114	\$2,730,265
1931.....	394	279,299	\$5,286,183
1932.....	806	242,826	\$4,652,973
1933.....	1,873	714,763	\$18,455,758

ROOTS

The Labor Department takes these figures as a compliment, because they show a smaller ratio of work hours lost. Indeed, its spokesmen are saying that strikes are a part of the process of business recovery.

What seems to be at the root of most of these strikes, however, is the fact that workers have been promised a New Deal. They are more keenly conscious now of their class spirit and power, and are insisting on getting what they want.

JAM

Navy Promoter Swanson is too frank a man ever to be a diplomat. He has convinced the State Department that as a result of his latest jam with the Japanese.

Newsmen propounded a trick question to Swanson at a recent press conference. They asked whether the U. S. would reconsider its Washington treaty promise not to fortify the Pacific, if Japan abandoned the treaty, as she has threatened to.

Any old hand in diplomacy would have fended off such a question with a smile or a promise to cross the bridge when we came to it. Not so Swanson. He said: "Of course." He admitted the matter had not yet been considered but said it would be.

When it got into print the headlines read: "Swanson warns Japan that U. S. may increase its Pacific fortifications."

State Department diplomats dropped their teacups and came as near as they ever do to swearing. It was excruciatingly painful to them after all their efforts to avoid sensational stories in the Japanese jingoistic press.

As a result, State Secretary Hull may appoint a diplomatic

HOLLYWOOD SHOWS HOW TO BE FASCINATING

What makes certain women extremely fascinating? What makes certain men heart-breakers? In Hollywood where these subjects have been intensely studied for years, a new book has been published which explains the secret fundamentals underlying sex-appeal. The book also shows how both men and women can quickly increase their power to attract and fascinate, increase their popularity, and avoid the many mistakes which prevent our using the full power of our sex appeal given by nature to all.

The book is not a sex book; it contains nothing sordid, nothing indecent; but gives unusual, commonsense, simple and practical instructions for increasing your magnetic appeal for the other sex, without in any way detracting from your natural refinement and culture.

In order to prove that any man or woman can use the secret laws of human nature to make themselves more fascinating, the publishers are offering to send this book—"Power of Fascination"—on ten days trial, to any reader of this paper who will send twenty-five cents (coin or stamps) to Movie City Publishers, 1558 No. Vine St., Dept. 24, Hollywood, Cal. Send your twenty-five cents today. Your money will be given back if you choose to return the book in 10 days. In order to keep secret the source of your increased power to fascinate, the book will be sent in plain wrapper.

shin-kicker for Swanson. Whether or not that is done, Mr. Swanson will answer no more questions about Japan for a long time.

BAWL

The Bawl Street Journal circulates only among the bond men of Wall street. They prepare it once a year for their own amusement as a burlesque of the Wall Street Journal.

The leading article this year reports that the New Dealers have a sharp new plan for recovery, combining the national lottery idea and the share-the-work scheme. Every citizen would draw lots every year to ascertain what job he should hold that year. Brain trusters are quoted as saying it would get a lot of fresh blood into big business.

The biggest news is an advertisement signed by one Edward E. Hurja of the Democratic National committee. The advertisement says that the right people, also a few second class postmasterhips at nominal rates. Then, at the bottom, in the small, possible type is: "Too-hoo Matt, Hi Tom. Hello Ben." The purpose of such a postscript will be clear only to those who know Matthew Brush, Tom Bragg and Ben Smith, most ferocious of the bulls and bears.

MOVE

The first private encounter the Darrow board had with General Johnson was during the first week of the board's existence. A couple of board members went to see General Johnson to discuss their work. One member asked Johnson: "What would you do if our report was unfavorable to NRA?"

Johnson replied coolly: "I would throw it in the waste basket." The next day the Darrow board moved out of the suite of offices Johnson had assigned it, and took offices in another building, far away from the Johnson waste basket.

NEW YORK

By James McMullin

To date New York opposition to the New Deal has been mostly talk. Despite plenty of vehement squawks against "unjustifiable pressure" no important interests have felt brash enough to defy Washington by overt action. Of course the New Deal program has been violated many times in both spirit and letter—but only surreptitiously.

Now a group of substantial institutions are about to kick Washington wishes squarely in the eye. The bold rebels are the New York savings banks. With possibly one or two exceptions they are planning to secede en masse from the Federal Deposit Insurance Corporation and create a comparable insurance setup for themselves alone. The move had been brewing for some time and will soon be openly announced.

FDIC officials are not happy about it. That's understandable. The seceding institutions represent about 26 percent of all insurable deposits—total deposits—in the country. But official pleas and arguments leave the savings banks as cold as a penguin's feet.

SAFE

The savings banks never wanted to sign up for FDIC in the first place. They thought it grossly unfair to be asked to underwrite the losses of commercial banks. But they were bludgeoned into it by Washington pressure as exerted through an officer of one of the largest savings institutions. He said he would enroll his bank anyway and the others were afraid not to follow suit because depositors might get funny ideas and start withdrawals in volume.

This fear has now vanished. The banks are confident they can convince their depositors of better protection under the new system and anticipate no trouble whatever.

The rebels also feel safe from Washington reprisals. Membership in FDIC is purely voluntary. Moreover they all operate under state charters and have no responsibility to federal authorities at all. If Washington doesn't like it that's too bad.

Critics of other New Deal phases are keenly interested in this "declaration of independence." They figure that if one group can go away with defying the lightning, why not others?

MORGAN

Portents in different directions show that New York is no longer so deeply in awe of Washington.

Morgan plans are closely guarded but informed sources are now willing to bet that the fateful date of June 16 will pass without any announcement from the Morgan firm at all. If the government charges violation of the Banking Act it's understood the house will simply reply that it is conducting a deposit banking business—not a securities business—and therefore complies with the law.

The firm is said to feel perfectly safe because it can prove it has done no security business for some time. The only exception is a certain amount of trading for its own or customers' account—which banks of deposit are allowed to "force" the mighty Morgan to make a public choice of occupation may come to nothing.

Being non-committal has its advantages. If the security business stages a grand comeback the house remains free to do something about it. Meanwhile it keeps its personnel intact and will avoid the grief of trying to organize a separate security firm in a hurry.

CODES

Still another sample of the new independence is found in the changing attitude of industry toward

codes. Companies that have signed no code—for instance the gold mining concern—are stalling to keep from committing themselves before June 1. Their Washington agents have told them that if they don't subscribe to a code by then they probably won't have to at all. Also there has been a rapid increase in disregard of code provisions. So many earlier violations have gone unpunished that the impression is general that the Blue Eagle's claws are a joke. Open rebellion against NRA by a number of companies comes closer every day.

LABOR

The informed believe General Johnson put his foot in the livelest hornet's nest yet when he ruled for the reduction of machine hours in the textile industry without allowing for the maintenance of wages. The General may wish he is in Mars before that row is settled.

It's true that rampant overproduction had to be checked or the industry would have skidded over a precipice. But it's equally true that textile labor wasn't exactly satisfied before and the prospect of a 25 percent cent reduction in weekly wages spelled nothing but fight with a capital F. A major strike is in sight. The employers will flatly refuse to pay 40-hour wages for 30 hours' work on the ground that they'll grok if they do. The workers will insist with equal firmness that they must have equal firmness that they must. New Yorkers who know the situation comment that Solomon might well turn pale if he were asked to solve this riddle.

WATSON

Local Republicans are actively hostile to the idea of Jim Watson's comeback in Indiana. They have no love for Arthur Robinson but they can't see that Jim is much improved. You'd be surprised how many backstage wires are being pulled from here to try to head him off.

SIDELIGHTS

A New York Republican insider says he would bet one to three on the chances of Republican success in 1936. But he wouldn't bet one to 100 on the chances of any individual who has so far been suggested as a candidate....New York learns that European nations which have abandoned gold are making steady progress toward recovery....France and her monetary allies are not.

APPOINTMENT

Appointment of J. L. Bascom, of the First National Bank in Santa Ana, as the key man for Santa Ana in a public education campaign on banking and banking affairs by the California Bankers' association was announced today.

The first public release in the educational campaign was sending out copies of an editorial on the subject, "Where Is Our Money?" which won the 1934 Pulitzer award for the best editorial.

After pointing out that people bought worthless bonds and stocks, that land and property values were too high during the boom period, that many people learned to live beyond their means, that governmental units spent recklessly and freely, the writer of the editorial declared that the bottom went out of things.

"The only way back to solid ground and a degree of prosperity will be by the application of thrift and hard work and the balancing of the budget of every individual," the prize-winning editorial declared.

"Where is our money? The answer is not difficult. It can be told in one short sentence: We spent it."

SACRAMENTO, Cal., May 29.—(UP)—California voters will have a variety of parties from which to choose when they register and go to the polls this year. Seven have been qualified already, and an eighth, the Communist, is seeking the necessary 14,449 signatures. This is the largest number of parties ever qualified in California.

The seven are Republican, Democratic, Progressive, Liberty, Socialist, Prohibition and Commonwealth.

A new political figure moved into the north young attorney from Los Angeles, began his campaign for governor. He is considered a serious source as a possible "dark horse" who may surprise by his strength in the divided field.

He advocates a modified form of transaction tax, consolidation and coordination of overlapping branches of government, a state police force and other reforms.

Haight is expected to cut into the Los Angeles support counted upon by John R. Quinn. He is not well known in the north, despite the fact he is a descendant of a pioneer Northern California family and was born in San Jose.

George Creel, Democratic candidate, won widespread and favorable editorial comment for his forcible announcement of candidacy. At the same time, Quinn drew criticism because C. C. Young accused him of breaking his word not to run if Young were in the race.

Upton Sinclair's announcement that his first act as governor would be the signing of a pardon for Tom Mooney provided another topic of discussion for politically-minded people who wondered whether Sinclair would gain or lose votes by promising clemency for the notorious prisoner.

The Sinclair thorn, incidentally, is sinking deeper and deeper into the side of Democracy, and party leaders don't know what to do about it. They realize some candidate must be given united support if Sinclair is to be prevented from winning the nomination, but they have been unable to decide who may be strong enough, particularly in the south, to stop the Socialist-Bourbon.

They have William H. Evans, Milton K. Young, Dr. Zachary T. Malby and William C. Colwell in the contest below the Tehachas, and Creel and Justus S. Wardell in the north. Evans' campaign is

Word was received in Santa Ana yesterday of the death of Louis E. Carpenter, 55, at Escondido Saturday.

Born and raised in Santa Ana, Carpenter left here about 12 years ago to live in Escondido. He also formerly was a resident of Orange and is survived by many relatives in Orange county. According to information received here, Carpenter was stricken while at work Saturday, dying later in the Escondido hospital.

The body will be brought to Santa Ana and buried at Fairview cemetery Thursday.

JAYCEE STUDENTS WIN SCHOLARSHIPS FROM U. OF CHICAGO

CHICAGO, May 29.—Two students at Santa Ana Junior college are among the winners in the competitive examination conducted recently by the University of Chicago, it was announced here today.

Gene Richard Thompson is the winner of a full scholarship for third year work at the University of Chicago, the award being valued at \$300. James T. Vlahos is the winner of a half scholarship, valued at \$150.

The examination is an annual affair conducted for the benefit of prospective graduates of junior colleges. This year students in 36 institutions took the tests. The first eight individuals in the score list of the tests were awarded full scholarships to Chicago, and Thompson fell in this group. The next 20 were awarded half tuition grants, and Vlahos was in this group. On point standing by schools Santa Ana was tied for fourth honors with the Central Y. M. C. A. college, Chicago.

This is the third scholarship won by Thompson, the others being by the University of Southern California and Pomona college.

BASCOM GETS POST WITH BANK GROUP

Appointment of J. L. Bascom, of the First National Bank in Santa Ana, as the key man for Santa Ana in a public education campaign on banking and banking affairs by the California Bankers' association was announced today.

The first public release in the educational campaign was sending out copies of an editorial on the subject, "Where Is Our Money?" which won the 1934 Pulitzer award for the best editorial.

After pointing out that people bought worthless bonds and stocks, that land and property values were too high during the boom period, that many people learned to live beyond their means, that governmental units spent recklessly and freely, the writer of the editorial declared that the bottom went out of things.

They realize some candidate must be given united support if Sinclair is to be prevented from winning the nomination, but they have been unable to decide who may be strong enough, particularly in the south, to stop the Socialist-Bourbon.

They have William H. Evans, Milton K. Young, Dr. Zachary T. Malby and William C. Colwell in the contest below the Tehachas, and Creel and Justus S. Wardell in the north. Evans' campaign is

Word was received in Santa Ana yesterday of the death of Louis E. Carpenter, 55, at Escondido Saturday.

Born and raised in Santa Ana, Carpenter left here about 12 years ago to live in Escondido. He also formerly was a resident of Orange and is survived by many relatives in Orange county. According to information received here, Carpenter was stricken while at work Saturday, dying later in the Escondido hospital.

The body will be brought to Santa Ana and buried at Fairview cemetery Thursday.

News Of Orange And Vicinity

GRL RESERVES' SUMMER CAMPS JUNE 16 TO 23

ORANGE, May 29.—Plans for the annual summer camps for members of the Girl Reserves, to be held at Camp Torqua at Catalina Island and at Camp Osoola in the San Bernardino mountains, were announced today by Miss Lavinia Compton, local secretary, who will be in charge of the Catalina Island camp.

The camp for the Girl Reserves will be from June 16 to June 23 and reservations are now being made at the Y. W. C. A. at 139 North Glassell street. The camp authorities are keeping in constant contact with the county health department in order that the camp plans may coincide with health department wishes in connection with the infantile paralysis outbreak in the county.

In management of Camp Torqua, Catalina, Miss Compton will be assisted by Miss Anne McCormack, of Fullerton, and Miss Kay Bement, of Santa Ana, both holders of life saving medals, who will be in charge of swimming instruction at the camp.

Others who will be in various departments of camp activities were announced as follows: Mrs. Grace Bast, Santa Ana, handicraft; Miss Lucille Robinson, Santa Ana, music; Miss Clara Stelman, Santa Ana, campfire programs; Miss Elisabeth Hurd, camp nurse; Miss Lucille Green, Orange, camp newspaper; and Miss Lols Clement, Orange, recreational activities.

The staff for Camp Osoola has not yet been announced.

FORMER RESIDENT HONORED AT U. S. C.

Mrs. Fred G. Henderson, formerly Miss Dorothy Skiles of Santa Ana, has just been elected as an alumni member of Epsilon chapter in Phi Beta Kappa, national honorary scholastic society, it was learned here today.

Mrs. Henderson was born in Santa Ana and lived here while attending grammar, high school and junior college. She graduated from the University of Southern California, with high honors, which were recognized with her election to the national organization. She now lives in Pittsburg, California.

No 'Ditch Day' At Junior College

"There will be no ditch day tomorrow, or any other time this year in Santa Ana Junior college," D. Hammond, Jaycee president, said today in response to many queries on the campus as to when the annual event would be held.

"Ditch day is really equivalent to ditch day, and there is a student picnic held at the end of the year, so students are not being cheated out of anything," he continued.

GETS TERM IN JAIL

ORANGE, May 29.—Ten days in jail was the punishment meted out yesterday by Judge Swartz in the case of Don Robinson, charged with petty theft. Robinson was charged with stealing 14 pool balls and two vases, valued at \$10, from the clubhouse maintained by W. B. Miller in Silverado canyon. He was arrested by George L. Hutchinson, special deputy in the canyon.

He is the most active of the southerners. His supporters claim he will be selected as the substitute to beat Sinclair. Reports reaching here indicate Creel and Wardell are rather weak in the south.

Finance Director Roland Vandegriff has decided definitely against running for governor, but expects to be a candidate for lieutenant governor.

John P. Brennan, head of the state veterans' bureau and prominent member of the Ralph administration, denied reports he was trying to align himself with Quinn as a candidate for lieutenant governor. It was rumored here that he recorded so much attention on Quinn that the Los Angeles supervisor asked him to return to San Francisco, where he could "do the most good."

State Treasurer Charles G. Johnson was indignant over reports he would withdraw from the gubernatorial race. "I am the strongest Republican candidate, holding the key position and gain, 'ing daily,' he said. "I will be among the first to file my qualifying papers."

Rex B. Goodcell, former judge and collector of internal revenue for Southern California, has entered the Republican lieutenant-governorship contest.

CHAIRMAN FOR B. & P. W. CLUB ARE APPOINTED

ORANGE, May 29.—Committee chairmen for the ensuing year were appointed Monday night at the regular dinner meeting of the Business and Professional Women's club, held in the lobby of the Woman's clubhouse.

Mrs. Iva Reeves was appointed parliamentary; Mrs. Eula Weaver, membership chairman; Mrs. Bertha Peterkin, finance; Mrs. Nellie Rumph, health; Mrs. Verma Wing, legislative; Mrs. Alpha Cane, magazine; Mrs. Amy Palmer, publicity; Mrs. Leta Parker, research; Miss Dorothy Bartley, sergeant at arms; Mrs. Mabel Coburn, snap-shot and scrap book; Miss Ella Kianer, custodian of supplies; Mrs. Tillie Neely, welfare; Mrs. Melva Chandler, friendship; and Mrs. Florence McCoy, program.

The meeting was in charge of the newly elected president, Mrs. Alice Cole. Other officers are, first vice president, Mrs. Florence Donegan; second vice president, Mrs. Gertrude Kianer; recording secretary, Dr. Florence Brown; corresponding secretary, Mrs. Mary Nies; and treasurer, Miss Nellie Pister.

A talk on "Drama" was given by Walter Haast, dramatist of New York, who stated that drama had its downfall when it was commercialized by the merchants, taking the place of the actor-manager.

He stated that drama is life in its entirety, and stressed its importance in the life of the individual. He recited two of his original poems, "Only Me" and "It Doesn't Seem Like the Same."

Howard Davis, accompanied at the piano by Mrs. Christine Lamberg, sang "The Old Refrain," by Kreiser, "The Builder," by Cadman, and "The American Lullaby."

Mrs. Alice Batterman was welcomed as a new member. Special guests for the evening were Mrs. Sally Cole Mueller and W. O. Davis. Members present were Mrs. Alice Cole, Mrs. Florence Donegan, Mrs. Mary Nies, Dr. Florence Brown, Miss Gertrude Kianer, Miss Nellie Pister, Mrs. Lucille Brubaker, Mrs. Melba Chandler, Miss Adelaide Proctor, Miss Ella Kianer, Mrs. Eula Weaver, Mrs. Florence McCoy, Miss Lucille Cartwright, Mrs. Leta Parker, Mrs. Mary Martin, Mrs. Billie Mueller.

Miss Dorothy Bartley, Mrs. Florence Rowland, Miss Thelma Dugan, Mrs. Nellie Rumph, Mrs. Verma Wing, Mrs. Mabel Faulkner, Mrs. Ted Neely, Mrs. Effie Shannon, Mrs. Lela Lee, Mrs. Mabel Coburn, Miss Mabel Lush, Mrs. Annette Stein, Mrs. Myrtle Davis and Mrs. Amy Palmer.

Mrs. Alice Cole, Mrs. Florence Donegan, Mrs. Mary Nies, Dr. Florence Brown, Miss Gertrude Kianer, Miss Nellie Pister, Mrs. Lucille Brubaker, Mrs. Melba Chandler, Miss Adelaide Proctor, Miss Ella Kianer, Mrs. Eula Weaver, Mrs. Florence McCoy, Miss Lucille Cartwright, Mrs. Leta Parker, Mrs. Mary Martin, Mrs. Billie Mueller.

News of the death of James L. Adams, a native of Orange, which occurred in the Sawtelle government hospital, has been received here. He was a grandson of Mrs. David Baker, of Orange, and received his education here. His death, at the age of 32 followed a four-year illness.

Mrs. Mary Kelsey and Miss Della Chandler, of South Orange street, were week end guests of Mrs. Jennie Beckman, of La Verne.

Ray Krueger sr., of West Taft avenue, who has been in St. Joseph's hospital since Sunday night, when he was knocked by a horse, is reported as improving satisfactorily.

Marvin Wagner spent Sunday at Balboa.

Mr. and Mrs. Gage Shannon and daughter, Miss Mary Ann, of Alhambra, and Mr. and Mrs. O. L. Hammond, of Redlands, were guests Sunday in the home of Mr. and Mrs. R. Shannon, of East Maple avenue.

Mrs. Ralph Hill and son, Richard, of Long Beach, were guests in the home of Mr. and Mrs. Stewart White, of Lester drive, over the week end.

DRIVER ARRAIGNED ORANGE, May 29.—Charged with driving while intoxicated, Charles L. Hacker, of Long Beach, was arraigned yesterday in the Orange justice court and his preliminary examination set for June 1 at 9:30. He was sent to jail in default of \$500 bail.

PLAN TALK ON MEXICO ORANGE, May 29.—"Mexico" will be featured at the regular meeting of the Royal Arch Masons Friday evening, starting at 8 o'clock. Moving pictures of the southern republic will be shown, and a talk upon that country will be given by W. O. Hart, a recent traveler there.

NATIONAL WHIRL GIG

- News Behind The News -

WASHINGTON
By Paul Mallon

STRIKES
The administration is strangely calm on the inside about the strike situation. What has happened in Toledo, Minneapolis, New York, Chicago and elsewhere during the past few months would ordinarily arouse commotion in the White House. There would be conferences, threats, possibly even big stick action.

No, no, even gets excited about the prospect of a rather bitter steel strike within a few weeks. The reason is that the strike menace is playing right into administration reform strategy. The New Dealers will never admit it, but they are really glad to see the strike issue get hot now.

It furnishes the necessary reason for hurrying the Wagner labor board bill through. Without such a reason, the bill would not have a chance this session.

DANGERS
Last year was the worst year for strikes since 1920. This year may break all records. There were 278 strikes the first quarter of this year. That is 72 more than the same period last year.

The following table shows what has happened during the last seven years:

Year	Lab. Work-Loas	Man-Days	Loss
1927	734	248,454	\$1,789,894
1928	629	267,145	\$1,566,047
1929	903	230,463	\$9,755,213
1930	653	158,114	2,720,268
1931	894	279,299	6,385,183
1932	805	242,826	6,462,978
1933	1,378	774,763	18,455,758

ROOTS
Labor Department takes these figures as a compliment, because they show a smaller ratio of work hours lost. Indeed, its spokesmen are saying that strikes are a part of the process of business recovery.

What seems to be at the root of most of these strikes, however, is the fact that workers have been promised a New Deal. They are more keenly conscious now of their class spirit and power, and are insisting on getting what they want.

JAM
Navy Promoter Swanson is too frank a man ever to be a diplomat. He has convinced the State Department of that as a result of his latest jam with the Japanese.

Newsman propounded a trick question to Swanson at a recent press conference. They asked whether the U. S. would reconsider its Washington treaty position not to fortify the Pacific, if Japan abandoned the treaty, as she has threatened to do.

Any old hand in diplomacy would have fended off such a question with a smile or a promise to cross the bridge when we came to it. Not so Swanson. He said: "Of course." He admitted the matter had not yet been considered but said it would be.

When it got into print the headlines read: "Swanson warns Japan that U. S. may increase its Pacific fortifications."

State Department diplomats dropped their tea-cups and came as near as they ever do to swearing. It was excruciatingly painful to them after all their efforts to avoid sensational stories in the Japanese journalistic press.

As a result, State Secretary Hull may appoint a diplomatic

HOLLYWOOD
Shows how to be fascinating

What makes certain women extremely fascinating? What makes certain men heart-breakers? In Hollywood where these subjects have been intensely studied for years, a new book has been published which explains the secret fundamentals underlying sex appeal. The book also shows how both men and women can quickly increase their power to attract and fascinate, increase their popularity, and avoid the many mistakes which prevent our using the full power of fascination given by nature to all.

The book is not a sex book; it contains nothing sordid, nothing indecent, nothing unbecomingly commensurate, simple and practical instructions for increasing your magnetic appeal for the other sex, without in any way detracting from your natural refinement and culture.

In order to prove that any man or woman can use the secret laws of human nature to make themselves more fascinating, the publishers are offering to send this book—"Power of Fascination"—on ten days trial, to any reader of this paper who will send twenty-five cents (coin or stamps) to Movie City Publishers, 1558 N. Vine St., Dept. 24, Hollywood, Cal. Send your twenty-five cents today. Your money will be given back if you choose to return the book in 10 days. In order to keep secret the source of your increased power to fascinate, the book will be sent in plain wrapper.

shin-kicker for Swanson. Whether or not that is done, Mr. Swanson will answer no more questions about Japan for a long time.

BOWL
The Bowl Street Journal circulates only among the bond men of Wall street. They prepare it once a year for their own amusement as a burlesque of the Wall Street Journal.

The leading article this year reports that the New Dealers have a sharp new plan for recovery, combining the national lottery idea and the share-the-work scheme. Every citizen would draw lots every year to ascertain what job he should hold that year. Brain trusters are quoted as saying it would get a lot of fresh blood into big business.

The biggest news is an advertisement signed by one Edward E. Horja of the Democratic National committee. The advertisement says there are still some public works left for the right people, also a few second class positions at nominal rates. Then, at the bottom, in the smallest possible type, is "Yoo-hoo Matt, Hi Tom, Hello Ben." The purpose of such a postscript will be clear only to those who know Matthew Brush, Tom Bragg and Ben Smith, most ferocious of the bulls and bears.

MOVE
The first private encounter the Darrow board had with General Johnson was during the first week of the board's existence. A couple of board members went to see General Johnson to discuss their work. One member asked Johnson: "What would you do if our report was unfavorable to NRA?"

Johnson replied coolly: "I would throw it in the waste basket." The next day the Darrow board moved out of the suite of offices Johnson had assigned it, and took offices in another building, far away from the Johnson waste basket.

NEW YORK
By James McMullin
ACTION
To date New York opposition to the New Deal has been mostly talk. Despite plenty of vehement squawks against "unjustifiable pressure" no important interests have felt brash enough to defy Washington by overt action. Of course the New Deal program has been violated many times in both spirit and letter—but only surreptitiously.

Now a group of substantial institutions are about to kick Washington wishes squarely in the eye. The hold rebels are the New York savings banks. With possibly one or two exceptions they are planning to secede en masse from the Federal Deposit Insurance Corporation and create a comparable insurance setup for themselves alone. The move had been brewing for some time and will soon be openly announced.

FDIC officials are not happy about it. That's understandable. The seceding institutions represent about 25 percent of all insurable deposits—not total deposits—in the country. But official plans and arguments leave the savings banks as cold as a penguin's feet.

SAFE
The savings banks never wanted to sign up for FDIC in the first place. They thought it grossly unfair to be asked to underwrite the losses of commercial banks. But they were bludgeoned into it by Washington pressure, as exerted through an officer of one of the largest savings institutions. He said he would enroll his bank anyway and the others were afraid not to follow suit because depositors might get funny ideas and start withdrawals in volume.

This fear has now vanished. The banks are confident they can convince their depositors of better protection under the new system and anticipate no trouble whatever.

The rebels also feel safe from Washington reprisals. Membership in FDIC is purely voluntary. Moreover they all operate under state charters and have no responsibility to federal authorities at all. If Washington doesn't like it that's just too bad.

Critics of other New Deal phases are keenly interested in this "declaration of independence." They figure that if one group can go away with defying the lightning, why not others?

MORGAN
Portents in different directions show that New York is no longer so deeply in awe of Washington thunder.

Morgan plans are closely guarded but informed sources are now willing to bet that the fateful date of June 16 will pass without any announcement from the Morgan firm at all. If the government charges violation of the Banking Act it's understood the house will simply reply that it is conducting a deposit banking business—is not dealing in securities—and therefore complies with the law.

The firm is said to feel perfectly safe because it can prove it has done no security business for some time. The only exception is a certain amount of trading for its own customers' account—which banks of deposit are allowed to do. So all the hullabaloo about "forcing" the mighty Morgans to make a public choice of occupation may come to nothing.

Being non-consultant has its advantages. If the security business stages a grand comeback the house remains free to do something about it. Meanwhile it keeps its personnel intact and will avoid the grief of trying to organize a separate security firm in a hurry.

CODES
Still another sample of the new independence is found in the changing attitude of industry toward

codes. Companies that have signed no code—for instance the gold mining concerns—are stalling to keep from committing themselves before June 1. Their Washington scouts have told them that if they don't subscribe to a code by then they probably won't have to at all. Also there has been a rapid increase in disregard of code provisions. So many earlier violations have gone unpunished the impression is general that the Blue Eagle's claws are a joke. Open rebellion against NRA by a number of companies comes closer every day.

LABOR
The informed believe General Johnson put his foot in the liveliest hornet's nest yet when he ruled for the reduction of machine hours in the textile industry without allowing for the maintenance of wages. The General may wish he is in Mars before that row is settled.

It's true that rampant overproduction had to be checked or the industry would have skidded over a precipice. But it's equally true that textile labor wasn't exactly satisfied before and the prospect of a 25 per cent reduction in meager weekly income spells nothing but fight with a capital F.

A major strike is in sight. The employers will flatly refuse to pay 40-hour wages for 30 hours' work on the ground that they'll go broke if they do. The workers will insist with equal firmness that they must have equal firmness that they must. New Yorkers who know the situation comment that Solomon might well turn pale if he were asked to solve this riddle.

WATSON
Local Republicans are actively hostile to the idea of Jim Watson, comeback in Indiana. They have no love for Arthur Robinson but they can't see that Jim is much improvement. You'd be surprised how many backstage wires are being pulled from here to try to head him off.

SIDELIGHTS
A New York Republican insider says he would bet one to three on the chances of Republican success in 1936. But he wouldn't bet one to 100 on the chances of any individual who has so far been suggested as a candidate. "New York learns that European nations which have abandoned gold are making steady progress toward recovery. France and her monetary allies are not."

EXPLAIN NEW HOME OWNERS LOAN RULINGS
Clarification of the eligibility of home owners to obtain aid from the Home Owners' Loan Corporation in reconditioning of homes is contained in a statement recently received in California from the Home Loan Bank Board in Washington.

Authority to make loans for the purpose of repairing and reconditioning of homes was granted in an amendment made recently to the original act by Congress. The Board's statement says:

"There seems to be a rather general impression that the recent amendment passed by Congress empowers the Home Owners' Loan Corporation to lend money to all home owners who desire to recondition their property."

"This is incorrect. The Corporation is authorized to lend money for reconditioning only to home owners in financial distress, and in most cases only in connection with its refinancing operations. The Corporation may make loans to the following groups of home owners:

"1. Those who have already secured loans from the Corporation.
"2. Those who are eligible to have their mortgages taken over by the Corporation.
"3. Those who are eligible to be financially unable to make payments on his present mortgage, unable to obtain financing elsewhere, and actually facing foreclosure or tax sale; the property must be a dwelling for not more than four families, worth not more than \$20,000, and must be the owner's home or homestead."

"4. Those who own their homes clear of any mortgage; but ONLY IF THEY CANNOT get loans from any private lending agency."

"Thus the Corporation is authorized to make loans for reconditioning only to those home owners who are in some form of credit distress. Furthermore, practically all loans for reconditioning will be in addition to loans for refinancing mortgages."

"Applications for loans for reconditioning or refinancing from those who are not eligible cannot be considered. Home owners who are not in credit distress are urged, therefore, not to apply."

Ineligible applications will be kept to a minimum, so as to avoid slowing up the Corporation's activities, says another official statement. Every encouragement, however, must be given to eligible borrowers to have the necessary reconditioning of their homes done with the aid of the Corporation.

Former Resident Called By Death
Word was received in Santa Ana yesterday of the death of Louis E. Carpenter, 55, at Escondido Saturday.

Born and raised in Santa Ana, Carpenter left here about 12 years ago to live in Escondido. He also formerly was a resident of Orange and is survived by many relatives in Orange county. According to information received here, Carpenter was stricken while at work Saturday, dying later in the Escondido hospital.

The body will be brought to Santa Ana and buried at Fairview cemetery Thursday.

JAYCEE STUDENTS WIN SCHOLARSHIPS FROM U. OF CHICAGO

CHICAGO, May 29.—Two students at Santa Ana Junior college are among the winners in the competitive examination conducted recently by the University of Chicago. It was announced here today.

Gene Richard Thompson is the winner of a full scholarship for third year work at the University of Chicago. The award is valued at \$300. James T. Vlahos is the winner of a half scholarship valued at \$150.

The examination is an annual affair conducted for the benefit of prospective graduates of junior colleges. This year students in 36 institutions took the tests. The first eight individuals in the scoring of the tests were awarded full scholarships to Chicago, and Thompson fell in this group. The next 20 were awarded half tuition grants, and Vlahos was in this group. On point standing by schools Santa Ana was tied for fourth honors with the Central Y. M. C. A. college, Chicago.

This is the third scholarship won by Thompson, the others being to the University of Southern California and Pomona college.

BASCOM GETS POST WITH BANK GROUP

Appointment of J. L. Bascom, of the First National bank in Santa Ana, as the key man for Santa Ana in a public education campaign on banking and banking affairs by the California Bankers' association was announced today.

The first public release in the educational campaign was sending out copies of an editorial on the subject, "Where Is Our Money?" which won the 1934 Pulitzer award for the best editorial.

After pointing out that people bought worthless bonds and stocks, and that land and property values were high during the boom period, that many people learned to live beyond their means, that governmental units spent recklessly and freely, the writer of the editorial declared that the bottom went out of things.

"The only way back to solid ground and a degree of prosperity and well being commensurate with common sense and economic soundness will be by the application of thrift and hard work and the balancing of the budget of every individual," the prize-winning editorial declared.

"Where is our money? The answer is not difficult. It can be told in one short sentence: We spent it."

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Cal., May 29.—(UP)—California voters will have a variety of parties from which to choose when they register and go to the polls this year. Seven have been qualified already, and an eighth, the Communist party, is in the necessary 14,449 signatures. This is the largest number of parties ever qualified in California.

The seven are Republican, Democratic, Progressive, Liberty, Socialist, Prohibition and Communist.

A new political figure moved into the north when Raymond L. Haight, vigorous young attorney from Los Angeles, began his campaign hour. Haight will seek the Republican nomination for governor. He is considered in some sources as a possible "dark horse" who may surprise by his strength in the divided field.

He advocates a modified form of transition tax, consolidation of the judiciary, and coordination of overlapping branches of government, a state police force and other reforms.

Haight is expected to cut into the Los Angeles support counted upon by John R. Quinn. He is not well known in the north, despite the fact he is a descendant of a pioneer Northern California family and was born in San Jose.

George Creel, Democratic candidate, won widespread and favorable editorial comment for his forcible announcement of candidacy. At the same time, Quinn drew criticism because C. C. Quinn accused him of breaking his word not to run if Young were in the race.

Upton Sinclair's announcement that his first act as governor would be the signing of a pardon for Tom Mooney provided another topic of discussion for politically-minded people who wondered whether Sinclair would gain or lose votes by promising clemency for the notorious prisoner.

The Sinclair theory, incidentally, is sinking deeper and deeper into the side of Democracy, and party leaders don't know what to do about it. They realize some candidate must be given united support if Sinclair is to be prevented from winning the nomination, but they have been unable to decide who may be strong enough, particularly in the south, to stop the Socialist-Bourbon.

They have William H. Evans, Milton K. Young, Dr. Zachary T. Malaby and William G. Irving in the contest below the Tehachapi, and Creel and Justus S. Wardell in the north. Evans' campaign is

GIRL RESERVES' CHAIRMEN FOR SUMMER CAMPS B. & P. W. CLUB JUNE 16 TO 23 ARE APPOINTED

ORANGE, May 29.—Plans for the annual summer camps for members of the Girl Reserves, to be held at Camp Torqua at Catalina Island and at Camp Osceola in the San Bernardino mountains, were announced today by Miss Lavinia Compton, local secretary, who will be in charge of the Catalina island camp.

The camp for the Girl Reserves will be from June 16 to June 23 and reservations are now being made at the Y. W. C. A. at 133 North Glassell street. The camp authorities are keeping in constant contact with the county health department in order that the camp plans may coincide with health department wishes in connection with the infantile paralysis outbreak in the county.

In management of Camp Torqua, Catalina, Miss Compton will be assisted by Miss Anne McCormack, of Fullerton, and Miss Kay Bement, of Santa Ana, both holders of life saving medals, who will be in charge of swimming instruction at the camp.

Others who will be in various departments of camp activities were announced as follows: Mrs. Grace East, Santa Ana, handicraft; Miss Lucile Robinson, Santa Ana, music; Miss Clara Stelman, Santa Ana, campfire programs; Miss Elisabeth Hurd, camp craft; Miss Vena Jones, Orange, camp nurse; Miss Lucile Green, Orange, camp newspaper; and Miss Lois Clement, Orange, recreational activities.

The staff for Camp Osceola has not yet been announced.

FORMER RESIDENT HONORED AT U. S. C.

Mrs. Fred G. Henderson, formerly Miss Dorothy Skiles of Santa Ana, has just been elected as an alumni member of Epsilon chapter in Phi Beta Kappa, national honorary scholastic society, it was learned here today.

Mrs. Henderson was born in Santa Ana and lived here while attending grammar, high school and junior college. She graduated from the University of Southern California with high honors, which were recognized with her election to the national organization. She now lives in Pittsburg, California.

No 'Ditch Day' At Junior College

"There will be no ditch day tomorrow, or any other time this year in Santa Ana Junior college," D. K. Hammond, junior president, said today in response to many queries on the campus as to when the annual event would be held.

"Ditch day is really equivalent to ditch day, and there is a student picnic held at the end of the year, so students are not being cheated out of anything," he continued.

GETS TERM IN JAIL
ORANGE, May 29.—Ten days in jail was the punishment meted out yesterday by Judge Swayze in the case of Don Robinson, charged with petty theft. Robinson was charged with stealing 140 ball balls and two vases, valued at \$10, from the clubhouse maintained by W. B. Miller in Silverado canyon. He was arrested by George L. Hutchinson, special deputy in the canyon.

Robinson, the most active of the southerners. His supporters claim he will be selected as the substitute to beat Sinclair. Reports reaching here indicate Creel and Wardell are rather weak in the south.

Finance Director Rolland Vandegrift has decided definitely against running for governor, but expects to be a candidate for lieutenant governor.

John P. Brennan, head of the state veterans' bureau and prominent member of the Ralph administration, denied reports he was trying to alien himself with Quinn as a candidate for lieutenant governor. It was rumored here that Quinn had the Los Angeles supervisor asked him to return to San Francisco, where he could "do the most good."

State Treasurer Charles G. Johnson was indignant over reports he would withdraw from the gubernatorial race. "I am the strongest Republican candidate, holding the key position and gaining daily," he said. "I will be among the first to file my qualifying papers."

Rex B. Goodell, former judge and collector of internal revenue for Southern California, has entered the Republican lieutenant-governorship contest.

Social Held By El Modena Class

EL MODENA, May 29.—Members of the El Modena school class of the El Modena Friends church were entertained recently in the home of the teacher, Elmer Koenig. Lively games and contests occupied the hours of the evening at the close of which punch, cookies and popcorn balls were served.

Boys were LeRoy and Malcolm Jones; Carl, Charles and David Johnson, Edward Haller, Charles Todd, Elmer Koenig Jr., Jack Moore, Paul Sent, Johnnie Skiles, Fred Mahoney Jr., and Robert Stanley. Mothers who were special guests included Mrs. Wilhelmina Jones, Mrs. Winifred Haller, Mrs. Archie Todd and Mrs. Horace Moore.

TEA AFFAIR GIVEN BY WOMEN'S FORUM

ORANGE, May 29.—One of the outstanding social events of the season was a tea given recently in the Y. W. C. A. headquarters by members of the local Young Women's forum, in order to raise money for the Orange Y. W. C. A. fund.

Mrs. Percy J. Green, president of the Y. W. C. A.; Mrs. Florence McCoy, Miss Ethel Walker and Miss Bernice Vestal, presided at the tea table.

A program of music was presented, featuring Miss Miriam Powell, Miss Catherine Gorth, Miss Lois Allen and Miss Alice DeLamaze in piano solos. Vocal selections were presented by Miss Helen Mollica, Miss Phyllis Kogler, Mrs. Sally Coe Mueller and Weldon Dillingham. Violin solos were played by Raymond McCall.

Arrangements for the affair were in charge of Miss Bernice Vestal, general chairman; Miss Bonell Miller, program; Miss Clara Frazer, and Miss Pauline Snodgrass, refreshments; Miss Frances Dewes, Miss Marian Garber, Miss Catherine Frankforter and Miss Louise Dewes, decorations; and Miss Dorothy Bartley, kitchen chairman.

ORANGE, May 29.—Mrs. D. F. Campbell was hostess at her home at the regular all day meeting of the What-So-Ever class of the Presbyterian church. Morning hours were spent in sewing on various articles of clothing, after which a covered dish luncheon was shared.

Present were Mrs. Sarah A. Dugan, Mrs. Martha Newby, Mrs. Sarah Taber, Mrs. Sadie Hanger, Mrs. Emma Honadel, Mrs. Ida E. Davis, Mrs. Florence Beale, Mrs. Sarah H. Meyers, Mrs. Margaret Wheeler, Mrs. Alice Huff, Mrs. Hannah Gardner, Mrs. Lulu Shoemaker, Mrs. Clara Sumner, Mrs. Clara Jones, Mrs. Edith House, Mrs. Ellen Hakes, Mrs. Julia Miller, Mrs. Melissa Johnson, Mrs. Lucy Robinson, Mrs. Hanna Sanders, Mrs. Cora Wood, Mrs. Ethel Powell, Mrs. Sue Browlee, Mrs. M. Rapp, Mrs. Anna Bennett, Mrs. Minnie Thompson, Mrs. Elizabeth Lush, Mrs. Lily Doan, Mrs. Jane Skuse, Mrs. Alice Durier, Mrs. W. C. Waochter, Mrs. Mabel Post, Mrs. Sadie Wood, Mrs. Adele Dutton, Mrs. Elma Wood, Miss Beryl Campbell and Miss Joan Hayes, of Merced.

'Public Speaking' Is Topic For Club

ORANGE, May 29.—Choosing as his subject, "Public Speaking," an interesting talk was given by Prof. J. E. Bacous of Redlands university before members of the Toastmasters' club Monday in the Women's clubhouse.

During a short business meeting, in charge of Mrs. Margaret Ockels, president, plans were made for the home coming meeting to be held June 11. Anyone who has ever been a member of the organization is invited to attend.

WINS MAGAZINE AWARD
ORANGE, May 29.—Ford has been received by Mrs. Mary McCall of 231 South Central street, that she has been awarded third place in a contest held recently by the American magazine in which each contestant wrote briefly on the subject, "What Shall We Do to Keep Out of War?"

EL MODENA SCHOOL
EL MODENA, May 29.—J. D. Hayes, El Modena school superintendent, is making a satisfactory gain, following amputation of his right leg Saturday morning. He is at St. Joseph's hospital.

PLAN TALK ON MEXICO
ORANGE, May 29.—"Mexico" will be featured at the regular meeting of the Royal Arch Masons Friday evening, starting at 8 o'clock. Moving pictures of the southern republic will be shown, and a talk upon that country will be given by W. O. Hart, a recent traveler there.

BETTER FRUIT RETURNS SEEN FOR THIS YEAR

ORANGE, May 29.—The payroll for citrus workers of the Orange district this year will approximate a quarter of a million dollars, it was estimated by H. D. Nichols, manager of the Villa Park Orchards association, addressing a meeting of the Orange Merchants' Service bureau at the Sunshine broiler yesterday.

This sum will go to the picking crews and packing house employees in wages over the period of the Valencia season, ending in the late fall, and be of substantial assistance in bringing renewed prosperity to this district, he said.

Prospects for increased prices, sufficient to return a fair margin of profit to the grower, are more favorable this year than last, according to the speaker, who said that a better quality of fruit and improved financial conditions in the east give rise to hope for a profitable crop.

Family Service Held by Friends

EL MODENA, May 29.—In observance of family day, an impressive service was held in the El Modena Friends church Sunday, with the pastor, the Rev. James C. Flisk, in charge. The Rev. Mr. Flisk took for the topic of his address, "Home."

Special music was rendered by Mr. and Mrs. Elwood Paddock, Carl Conway and Miss Kathryn Conway as a quartet. Oscar Stanfield and Miss Martha Stanfield sang a duet. Bouquets of roses were presented to the oldest member present, to the largest family, and the youngest baby of the church. Those to receive bouquets were W. D. Granger, Mr. and Mrs. Will Haller and family and Margaret Ellen Marshburn.

Party Observes Fifth Birthday

ORANGE, May 29.—The fifth birthday of little Marilyn Talmage, daughter of Mr. and Mrs. Merle Talmage, of North Broadway street, was the incentive for a surprise party held recently at the Talmage home. An attractive pink and white color scheme was emphasized throughout the home.

Afternoon hours were spent in playing games. At a late hour, the guests found places around a prettily decorated table, with pink and blue appointments.

Sharing the afternoon with Marilyn were the Misses Sally Ann Joost, Virginia Barger, Phyllis Dierker, Merlene Lemke, Nancy Ann Talmage, and the Messrs. Melvin Fitch and Gordon Talmage.

TAKE \$24,020 IN LIQUOR FEES IN ORANGE COUNTY

The treasuries of Orange county and its various cities have received \$24,020, including \$4505 apportioned to Santa Ana, from liquor license fees, totaling \$24,020.75 of which \$7424.82 went to the state, collected by the state of California in this county for the first five months of legalized liquor traffic, according to statistics released today by the state board of equalization.

The county government's share amounted to \$2392, representing a portion of collections from territory in the county outside of incorporated cities. The cities received \$8168, Santa Ana's allotment of \$2505 being the largest.

Apportionments were based upon the law providing that 60 per cent of the fees go to cities and counties from which they are collected, and 40 per cent goes to the state general fund. The figures announced cover the period from December 5, 1933 to April 1, 1934.

A total of \$1,681,799 in license fees was collected in the state, expenses totaling \$188,861 to April 1, with an additional \$193,575 withheld from apportionment for administrative expense to December 31, 1934.

Thus \$1,299,862 was apportioned to the cities, counties and state general fund.

The complete apportionment for Orange county was:

Unincorporated area—total fees \$6429.81, county's share \$2392.15; Anaheim—total fees \$3478.39, city's share \$1313.28; Brea—total fees \$426.65, city's share \$197.88; Fullerton—total fees \$1188.72, city's share \$542.05; Huntington Beach—total fees \$1287.22, city's share \$597.01; Laguna Beach—total fees \$1170.38, city's share \$542.82; La Habra—total fees \$680.39, city's share \$315.54; Newport Beach—total fees \$889.55, city's share \$412.57; Orange—total fees \$1162.64, city's share \$539.23; Placentia—total fees \$492.06, city's share \$228.22; San Clemente—total fees \$538.49, city's share \$249.75; Santa Ana—total fees \$5402.31, city's share \$2505.59; Seal Beach \$894.14, city's share \$414.70.

COUNCIL NOTES

An invitation was received from the Pasadena Tournament of Roses committee, urging the council to provide in its next budget an appropriation for entering a float in the next tournament parade.

Councilman Penn was granted a leave of absence from the state for two weeks, commencing next Monday.

City Approves Manchester Road Work by County

Commendation of the board of supervisors in securing rights-of-way for the construction of the Manchester boulevard from Los Angeles to Orange county, will be given in a letter from the city council, it was decided yesterday.

It is expected that residents will be attracted to the county when it is possible to drive here within 40 minutes over the new road. The supervisors have taken an active part in furthering the new thoroughfare, it was said.

NAME WOMEN POLICE AT S. A. DANCE HALLS

Four policewomen, to be placed on duty at the four local dance halls from 9 p. m. to midnight, and to be paid by the dance hall proprietors, were appointed by the city council last night as acting special officers for the period ending June 11, when all existing appointments of special officers will be revoked and new appointments made on the basis of new applications and questionnaires to be answered by the applicants.

The four policewomen, whose names were recommended to Chief of Police F. W. Howard by the Federated Missionary Societies are: Mrs. Dorothy M. Russick, 1345 South Flower street; Mrs. Ray H. Snyder, 813 North Olive street; Mrs. Charles Clem, 816 West Seventeenth street, and Mrs. A. R. Muller, 2323 North Broadway.

The action in requiring special police officers to fill out questionnaires followed an investigation concerning the posting of bonds by the officers. It was found, however, that it would be too expensive to require bonds to protect the city in case of liability.

It is planned to make new appointments of the policewomen as well as other special officers on June 11, questionnaires being required of all in line with a new council policy. Old appointments, some of them of more than 10 years standing, will be weeded out, many of the appointees having long since moved away from the city, it was stated.

WASHINGTON, D. C., May 29.—When it comes to transportation of liquor in an automobile even in the 25 states and the District of Columbia now legally "wet," the advice of the American Automobile association is "don't."

"Legalizing of liquors, wines and beer," said the A. A. A., "has not affected the responsibility of motorists for the safe operation of their cars. In case of an accident, the mere fact that there is liquor in the automobile might have a damaging effect on the chances of the owner to avoid arrest or civil liability. And in the 20 states that still have constitutional prohibition, statutory prohibition, or both, the regulations governing the transportation of intoxicants are most confusing and persons carrying liquors are liable to run afoul of the dry laws."

Approve Request For Produce Stand

An application from Nick Go-dinez for permission to erect a produce stand in the 2200 block on South Main street was granted by the city council last night, after being approved by the city planning commission.

Another application, in which W. B. McNary seeks permission to use a building at 1343 South Main street for an automobile repair shop, and to cut a 25-foot driveway into the premises, was referred to the planning commission, which took the matter under advisement for a week.

NEW ELECTRICAL GOODS MEASURE IN EFFECT SOON

The new electrical ordinance, prohibiting sale of electrical equipment regarded as hazardous to person and property, was unanimously passed by the city council last night, and will be effective within 30 days.

Passage was effected after a short debate on the question of making the ordinance effective in 30 or 60 days. Councilman William Penn at first favored a 90-day interval, to allow local dealers in electrical equipment time to dispose of stocks that would be later prohibited by the ordinance, but upon assurance from J. E. Cope, local dealer, that 30 days would be sufficient, Penn himself moved adoption of the ordinance with a 30-day provision.

Mayor Paul Witmer and Councilmen Albert F. LeGaye and E. G. Warner, also City Attorney Clyde Dornin and Fire Chief John Luxemburger, contended that if the equipment is dangerous as a fire hazard and also persons, it should be prohibited as quickly as possible, instead of giving the dealers time to "unload" it upon the community.

Haute in putting the ordinance into effect was urged also on the ground that such an ordinance will be effective in Los Angeles July 7, and surplus equipment there will be shifted to unprotected communities after that date.

The ordinance provides that all electrical merchandise must be approved by the national board of fire underwriters before being offered for sale, and also provides a fine of \$300 and a jail sentence of 90 days as a maximum penalty for violations. Enforcement of the ordinance is placed with the city electrical inspector.

CITY TO INVITE CANDIDATES FOR GOVERNOR HERE

Invitations to all candidates running for governor to visit Santa Ana before and after the election will be sent at once, following informal discussion of the matter at the city council meeting yesterday.

Mayor Paul Witmer proposed the idea and pointed out that hospitality and good wishes to the aspirants would do no harm and might be of benefit to the city in the future. He said that the chamber of commerce offices could be available for conferences and motorcycle escorts would be provided. Speaking arrangements for band concerts during the summer will also be arranged if desired. Witmer emphasized that the invitations would be strictly non-partisan and that the city would take no part in furthering the campaign of anyone. In the letter Witmer will say that if the candidate is elected, Santa Ana will support him to the limit and if not elected, invite him to consider Santa Ana as a prospective place to live.

CITY WEED CUTTING OPERATIONS LAG

Weed cutting on vacant lots in Santa Ana is becoming a pressing problem in the city engineer's office, following the lack of response among persons owing fines in the police court to pay their debt to the city by cutting weeds.

City Engineer J. L. McBride reported to the city council yesterday that only seven men worked last week in cleaning 32 lots and working out the equivalent of \$107 in fines. He said that 148 lots had been cleaned or were being worked but that 750 lots remained to be cut.

Judge J. G. Mitchell was not at the meeting to make a report on whether he had sent out bench warrants to those failing to report for work.

Court Notes

Ray O'Tero, charged with drunkenness and disturbing the peace, is serving a 30-day jail sentence imposed by Judge A. W. Swayze in Orange. O'Tero was arrested in Irvine park Friday after a fight.

Eraquillo Carillo, 49, La Habra, has been booked at the county jail by Constable William Tremaine of Brea to serve a 31-day sentence for assault.

Carlos Silva pleaded guilty to a drunk charge Saturday and was sentenced to spend 30 days in jail by Judge Kenneth Morrison.

Antonio Valdez, charged with drunken driving, had his preliminary hearing set for June 5 at 9 a. m. when he appeared in justice court. Bail was set at \$500 by Judge Kenneth E. Morrison.

Norman J. Hallum, charged with malicious destruction of personal property, had charges dismissed in city police court at the request of the complaining witness. Hallum was charged with burning a mattress in a rooming house. Because of a full court calendar, he had served three days in jail before the dismissal.

GARAGE MAN HELD GUILTY OF ASSAULT

Miley Burrows, El Modena garage man, was found guilty of assault with a deadly weapon, by a jury that returned its verdict late yesterday in Superior Judge James L. Allen's court.

Burrows was accused in connection with an alleged attack upon Fred Islas with an iron bar, as the result of a dispute over a repair bill.

The defendant is scheduled to come before Judge Allen for judgment next Friday morning.

64 RENOVIZE JOBS REPORTED AS COMPLETED

Sixty-four of the smaller Renovize jobs have been completed, at an expenditure of \$6420, and at least \$63,417 worth of other improvement work pledged to be done in the Renovize program is under way, according to a survey of the campaign committee, and J. W. Estes, general manager of the campaign.

"It has been difficult to put the picture of Renovize before the people except in dollar totals," said Estes today, "because it was the policy of the committee to assure people who signed pledges that their names would not be made public, thereby avoiding identification of them by workmen and material dealers."

"We feel, however, that we will violate no agreement or condition made if we publish the names on compliance slips as the work has been finished. We will not reveal the dollar value of the individual compliance of course."

Jobs Completed Among those who have co-operated with the Renovize campaign to put men to work through Renovize improvements, according to the compliance slips returned to headquarters, are the following:

G. W. Stovall, Kate E. Seeburg, W. Wood, Ethel Elliott, Mrs. E. Emerson, Effie Rife, Sara Her-burt, Mrs. N. E. Lester, Mrs. Emma I. Bull, H. C. Hart, E. Robinson, Mrs. P. G. Briney, Mrs. Lucy A. Leonard, W. O. Packard, J. L. Livenapire, Mrs. Allie Ward, Mrs. Mary Van Yke, W. R. Oment, W. O. Hagthorp, Harriet M. Lane, B. V. Curry, J. L. Stephenson, Harry N. Hayes, Barr Lumber Co., E. H. Sullivan, G. W. Leive, Mrs. Elizabeth Lamb, Ethel H. Brown, Mrs. Hallman.

Mrs. W. Hill, Jerry Hall, Herman Kressen, Mrs. A. L. Ellis, Mrs. Walter G. Mushrow, Lillian Carragher, F. E. White, Edward Kroult, Mrs. Eva E. Milligan, E. R. Abbey, James A. Brady, Fred Rohrs, Mary E. Lockett, J. Schaffner, Roy A. Snyder, E. C. Wilson, W. D. Hart, Frederick H. Eley, Wilbur Barr, Rosemary Rose, Mrs. G. Flora, Mrs. C. O. Morrison, Marshall Harnois, Mrs. O. E. Bullock, E. E. Sidman, J. H. Roach, Commercial National Bank, E. T. McFadden, E. A. Knudson, C. E. Neer, Mrs. H. J. McCombs, Jessie H. Cole, F. W. Bettis, Elmer E. Heidt, and a compliance slip by address and not by name in an apartment at 1315 So. Main.

One of the Renovize jobs started is that by Dr. W. P. Baker on one of the really old residences of the city located just north of the postoffice at the corner of Seventh and Bush streets. The original building permit on this work was for \$2990.

Larger Jobs Other jobs made public through announcement of contracts let are those of the board of education in which \$14,200 will be spent in improving old buildings. The Pay'n Takti stores are expending \$13,820 on renovating store rooms, two of which have been completed and opened. Work on an industrial plant involving \$15,000 is under way. The Montgomery Ward Co. is expending \$400 on a service shop.

Various other jobs are reported under way on North Baker street, Broadway, North Rose, West Eighteenth, Orange avenue, North Main, Spurgeon, South Broadway and South Birch street.

To clarify any question the Renovize office reports that none of the jobs reported on are new construction. They include improvements, remodeling and additions.

100 STERILIZED IN STATE INSTITUTIONS DURING EACH MONTH

PASADENA, May 29.—As a part of California's battle against racial degeneracy, an average of 100 feeble-minded and insane men and women are now being sterilized each month in the state institutions.

A report to this effect was issued today by the Human Betterment Foundation.

"Sterilization of patients in state hospitals is not enough," the Foundation declares. "The next step is to offer sterilization at state or county hospitals without charge, to any individual citizen who wants it; provided, that his sterilization will clearly be a needed protection to the patient, to his family and to the state and posterity."

"Proper safeguards would make the abuse of such a measure practically impossible, and the benefits would be great."

FIRST AMERICAN GIRL BORN IN SANTA ANA DIES

Mrs. Venette Evelyn Ross Sweetser, 63, who was the daughter of a prominent Santa Ana pioneer family and the first American girl born in Santa Ana, died at her home 1217 Spurgeon street late yesterday following an extended illness.

She was the wife of M. W. Sweetser and mother of Geneva C. Sweetser, of the home address, and also was mother of H. Earl Sweetser of Venice and Dana R. Sweetser, of San Juan Capistrano.

She also is survived by three brothers, George W. Ross, Santa Ana; David Ross, Capistrano and Uriah P. Ross, of Santa Ana; five sisters, Mrs. Ed Foote, of Laguna Beach; Mrs. Bella Buck, of Walnut, Calif.; Mrs. Elva Selvidge, of Santa Ana and Mrs. Ethel Wilson, of Santa Ana; and five grandchildren, Betty Lou Sweetser, Clyde A. Sweetser, J. Richard Sweetser, of Capistrano, and Leland Sweetser and Robert Sweetser, of Santa Ana.

Funeral services will be held Thursday at 10 a. m. from the chapel of the Smith and Tutill Funeral home with the Rev. Walter Scott Buchanan, minister of the First Christian church, officiating. Interment will be made in Fairhaven cemetery.

LOWEST BID ON PORT JETTIES IS \$557,790

LOS ANGELES, May 29.—(UP)—Pending the ironing-out of details in connection with the financing of the work, two bids for repair and extension of the east and west jetties at Newport Beach, first step in extensive improvement plans, today were being studied at the office of the U. S. district engineer here.

The bids, opened yesterday by Major H. H. Sweeney, the government engineer, were submitted by the Rohl Connolly company, 4351 Alhambra avenue, Los Angeles, for \$557,790; and Karl B. Kumpke, Riverside, \$557,352.

Government engineers explained that although the PWA funds for the Newport harbor improvements had been allocated, the formal transfer of the money had not yet taken place pending technical details. Until this is done, the two bids on the jetty work will be held in the Los Angeles office. Eventually they will be forwarded to Washington with the recommendation of Los Angeles officers.

Because of the \$300,000 margin between the two bids, it was considered virtually certain that the Rohl Connolly Company would be awarded the contract if it qualifies in other respects.

The government's estimate for the jetty construction and repair was \$617,200.

Bids are still to be called for dredging work which will complete the harbor plans. When these will be called is dependent upon survey work and tests being made, it was explained.

The dredging program calls for harbor depths of 20, 15 and 10 feet, or adequate to care for the needs of large yachts. The present main channel of the harbor is about 12 feet while depths outside the channel show a wide variation, according to the government engineers.

NAVAL HERO NEAR DEATH IN TOKIO

TOKIO, May 29.—(UP)—Admiral Heihachiro Togo, Japan's greatest naval hero, sang into a coma today on his death bed in his little home near the Imperial Palace.

Physicians believed the 88-year-old sea fighter, on whom the royal family lavished last-minute honors, will not rally from the coma.

Emperor Hirohito elevated the sea-fighter from the rank of count to that of a marquis.

The 88-year-old commander of Japan's fleets which crushed Russian armadas in the Russo-Japanese war rallied briefly to acknowledge the honor conferred on him by his beloved ruler. Togo directed that the ceremonial robes of a marquis be placed on his bed as an acknowledgment of his appreciation.

Togo is given practically no chance to survive a throat cancer.

St. Mary's School Reopens Thursday

FULLERTON, May 29.—Careful observation of all students of the school during a period of two weeks vacation has revealed no new cases of infantile paralysis, according to authorities of St. Mary's parochial school, which will open its doors again Thursday.

The cases that were in the school and because of which the school was closed, were from the placenta district.

Quick RELIEF CORNS —TENDER TOES! Dr. Scholl's Zino-pads

LUCIEN FLIPPEN IS HOSPITAL PATIENT

Lucien Flippen of El Modena, federal debt collector for Orange county under the farm credit administration, was rushed to St. Joseph's hospital last night for an emergency appendicitis operation.

His condition today, the hospital reported, was "as satisfactory as could be expected," following a "fairly restful night."

GUN WELDER ARRESTED ON ASSAULT COUNT

When Pasqual Ruiz, 37, Garden Grove Mexican, beat himself over the head with a revolver Saturday evening in an attempt to commit suicide, he started a train of events which included his arrest today on a charge of assault with a deadly weapon with intent to commit murder.

First stories on the suicide attempt were that Ruiz had fired three times but had failed to wound himself, after which he pounded his head with the gun until he was rendered unconscious. Deputy sheriffs were called to the house and took him to the Orange County hospital for treatment.

Further investigation in the neighborhood by Deputies Robert Steinberger and L. H. Nicholson revealed that Ruiz was intoxicated and attempted to shoot himself and Guadalupe Amayo, a neighbor. One shot fired through a window at Amayo narrowly missed him and imbedded in a rafter while the other two were wild.

A warrant for the arrest of Ruiz was secured yesterday and he was removed to the county jail last evening. When he was arraigned before Judge Charles Kuchel of Anaheim today on the assault charge, his preliminary hearing was set for June 7 at 10 a. m. and bail was fixed at \$2000.

MEMORIAL DAY TO BE OBSERVED AT RACES TOMORROW

Tribute to the memory of departed war veterans will be paid in a ceremony to be staged at Santa Ana Municipal Bowl tomorrow night when the drum and bugle corps of the Anaheim American Legion post and Charles D. Swann, commander of Santa Ana Swann, join in a special observance in connection with the regular "Race With the Legion" contests.

"Memorial day being a Legion day," George Kellogg, chairman of the Legion racing committee, said, "we are going to do our best to offer an impressive ceremony. In the racing contests we will add to the program with two special match events for which prizes have been supplied by Hockaday, Harlow and Phillips and the Orange County Auto Parts company."

The main event of last week in which two favorites, Mills and Bettebridge, staged a sparkling battle with Bettebridge emerging the winner, still is being discussed by racing fans of the county, he said.

Old Age Pension Discussion Topic At Y Thursday

A public discussion on the Townsend Old Age Revolving Pension plan will be staged at 7:30 o'clock Thursday night in the Y. M. C. A. building. It was announced today by General Secretary Ralph C. Smedley.

The subject will be presented by E. O. Colbeck, after which the meeting will be thrown open to the public for questions and discussion. The public is invited and there is no charge.

POLICE FREE AUTOIST SAID TO BE DRUNK

Arrested twice in the last eight months for drunken driving, Leonard Patrick, 27, 746 North Los Angeles street, Anaheim, was arrested again last night by Santa Ana police, pronounced intoxicated by a physician called by the police, and released with a reckless driving citation.

Patrick was stopped at Fourth and Artesia streets at 7:40 p. m. by Officer Joe Murillo, who called Radio Car Officers Roy Hartley and J. W. Foster. They took Patrick to the police station, where the physician said he was moderately intoxicated and unfit to drive a car, according to police files. The machine was taken to a garage for storage and the reckless driving ticket issued. Patrick said he had been drinking wine, according to police reports.

Officers checked Patrick's record and found that, on October 29, 1933, he was arrested at Fourth and Main streets for drunken driving and was sentenced to pay \$150 by Judge J. G. Mitchell. He paid \$50 and promised to pay the remainder on installments.

On January 7, 1934, Patrick was involved in a wreck at First and Cypress streets with cars driven by Mrs. Imogene Ashman and Parquill Padilla. He was pronounced intoxicated to a marked degree and was committed to the county jail for 100 days.

Japanese Rancher Draws \$200 Fine On Driving Count

Pleading guilty to a charge of reckless driving, Hagemu Ono 37, Japanese rancher of Garden Grove, was fined \$200 and had his operator's license suspended for 90 days when he appeared before Judge C. P. Patton in Huntington Beach this morning.

Ono's car smashed into a line of machines parked near a garage on Walnut avenue yesterday afternoon. He was given until June 5 to pay the fine.

MORE Travel Luxury FOR LESS MONEY!

Never before has so much been offered in travel luxury and comfort at so little cost. Now Union Pacific offers reduced railroad fares everywhere, reduced Pullman charges, reduced dining-car charges, with Service at the very acme of Union Pacific Standard—and with the added comfort of modern Air-Conditioning at No Additional Cost.

Here are a few examples of UNION PACIFIC ROUND-TRIP FARES:

	First Class	Intermediate	Couch
CHICAGO	\$35.00	\$25.00	\$7.35
INDIANAPOLIS	\$35.00	\$25.00	\$7.35
DENVER, COLO.	\$35.00	\$25.00	\$7.35
CLEVELAND	\$35.00	\$25.00	\$7.35
NEW YORK CITY	\$35.00	\$25.00	\$7.35
ATLANTA	\$35.00	\$25.00	\$7.35
MINNEAPOLIS	\$35.00	\$25.00	\$7.35

Above fares from Los Angeles. Also very Low ONE-WAY Fares in all Points. Ask for FREE Summer Fares folder giving full information.

TAKE \$24,020 IN LIQUOR FEES IN ORANGE COUNTY

The treasuries of Orange county and its various cities have received \$11,140, including \$505 apportioned to Santa Ana, from liquor license fees, totaling \$24,020.75 of which \$14,242.52 went to the state, collected by the state of California in this county for the first five months of legalized liquor traffic, according to statistics released today by the state board of equalization.

The county government's share amounted to \$2,982, representing a portion of collections from territory in the county outside of incorporated cities. The cities received \$8168, Santa Ana's allotment of \$2505 being the largest.

Apportionments were based upon the law providing that 60 per cent of the fees go to cities and counties from which they are collected, and 40 per cent goes to the state general fund. The figures announced cover the period from December 5, 1933 to April 1, 1934.

A total of \$1,681,799 in license fees was collected in the state, expenses totaling \$188,361 to April 1, with an additional \$192,575 withheld from apportionment for administrative expense to December 31, 1934.

Thus \$1,299,562 was apportioned to the cities, counties and state general fund.

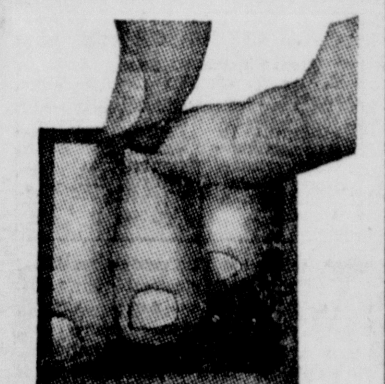

The complete apportionment for Orange county was:

Unincorporated area—total fees \$6429.81, city's share \$2982.15; Anaheim—total fees \$3478.39, city's share \$1713.28; Brea—total fees \$426.65, city's share \$197.83; Fullerton—total fees \$1188.72, city's share \$542.05; Huntington Beach—total fees \$1287.22, city's share \$597.01; Laguna Beach—total fees \$1170.38, city's share \$542.82; La Habra—total fees \$680.39, city's share \$315.56; Newport Beach—total fees \$889.55, city's share \$412.57; Orange—total fees \$1432.64, city's share \$539.23; Placentia—total fees \$492.06, city's share \$228.22; San Clemente—total fees \$538.49, city's share \$249.75; Santa Ana—total fees \$5402.31, city's share \$2505.59; Seal Beach \$894.14, city's share \$414.70.

COUNCIL NOTES

An invitation was received from the Pasadena Tournament of Roses committee, urging the council to provide in its next budget an appropriation for entering a float in the next tournament parade.

Councilman Penn was granted a leave of absence from the state for two weeks, commencing next Monday.

City Approves Manchester Road Work by County

Commendation of the board of supervisors in securing rights-of-way for the construction of the Manchester boulevard from Los Angeles to Orange county will be given in a letter from the city council, it was decided yesterday.

It is expected that residents will be attracted to the county when it is possible to drive here within 40 minutes over the new road. The supervisors have taken an active part in furthering the new thoroughfare, it was said.

NAME WOMEN POLICE AT S. A. DANCE HALLS

Four policewomen, to be placed on duty at the four local dance halls from 9 p. m. to midnight, and to be paid by the dance hall proprietors, were appointed by the city council last night as acting special officers for the period ending June 11, when all existing appointments of special officers will be revoked and new appointments made on the basis of new applications and questionnaires to be answered by the applicants.

The four policewomen, whose names were recommended to Chief of Police F. W. Howard by the Federated Missionary Societies are: Mrs. Dorothy M. Russell, 1345 South Flower street; Mrs. Ray H. Snyder, 813 North Olive street; Mrs. Charles Clem, 315 West Seventeenth street, and Mrs. A. R. Muller, 2323 North Broadway.

The action in requiring special police officers to fill out questionnaires followed an investigation concerning the posting of bonds by the officers. It was found, however, that it would be too expensive to require bonds to protect the city in case of liability.

It is planned to make new appointments of the policewomen as well as other special officers on June 11, questionnaires being required of all in line with a new council policy. Old appointments, some of them of more than 10 years standing, will be weeded out, many of the appointees having long since moved away from the city, it was stated.

WARNING GIVEN AGAINST LIQUOR IN AUTOMOBILE

WASHINGTON, D. C., May 29.—When it comes to transportation of liquor in an automobile, even in the 28 states and the District of Columbia now legally "wet," the advice of the American Automobile association is "don't."

"Legalizing of liquors, wines and beer," said the A. A. A., "has not affected the responsibility of motorists for the safe operation of their cars. In case of an accident, the mere fact that there is liquor in the automobile might have a damaging effect on the chances of the owner to avoid arrest or civil liability. And in the 20 states that still have constitutional prohibition, statutory prohibition, or both, the regulations governing the transportation of intoxicants are most confusing and persons carrying liquors are liable to run afoul of the dry laws."

Approve Request For Produce Stand

An application from Nick Goines for permission to erect a produce stand in the 2300 block on South Main street was granted by the city council last night, after being approved by the city planning commission.

Another application, in which W. B. McNary seeks permission to use a building at 1348 South Main street for an automobile repair shop, and to cut a 25-foot driveway into the premises, was referred to the planning commission, which took the matter under advisement for a week.

NEW ELECTRIC GOODS MEASURE IN EFFECT SOON

The new electrical ordinance, prohibiting sale of electrical equipment regarded as hazardous to person and property, was unanimously passed by the city council last night, and will be effective within 30 days.

Passage was effected after a short debate on the question of making the ordinance effective in 30 or 60 days. Councilman William Penn at first favored a 90-day interval, to allow local dealers in electrical equipment time to dispose of stocks that would be later prohibited by the ordinance, but upon assurance from J. E. Cope, local dealer, that 30 days would be sufficient, Penn moved adoption of the ordinance with a 30-day provision.

Mayor Paul Witmer and Councilmen Albert F. LeGaye and E. G. Warner, also City Attorney Clyde Downing, and Fire Chief John Luxemburger, contended that if the equipment is dangerous as a fire hazard and also to persons, it should be prohibited as quickly as possible, instead of giving the dealers time to "unload" it upon the community.

Haste in putting the ordinance into effect was urged also on the ground that such an ordinance will be effective in Los Angeles July 7, and surplus equipment there will be shifted to unprotected communities after that date.

The ordinance provides that all electrical merchandise must be approved by the national board of fire underwriters before being offered for sale, and also provides a fine of \$300 and a jail sentence of 90 days as a maximum penalty for violations. Enforcement of the ordinance is placed with the city electrical inspector.

CITY TO INVITE CANDIDATES FOR GOVERNOR HERE

Invitations to all candidates running for governor to visit Santa Ana before and after the election will be sent at once, following informal discussion of the matter at the city council meeting yesterday.

Mayor Paul Witmer proposed the idea and pointed out that hospitality and good wishes to the aspirants would do no harm and might be of benefit to the city in the future. He said that the chamber of commerce offices could be available for conferences and motorcycle escorts would be provided. Speaking arrangements for band concerts during the summer will also be arranged if desired.

Witmer emphasized that the invitations would be strictly non-partisan and that the city would take no part in furthering the campaign of anyone. In the letter, Witmer will say that if the candidate is elected, Santa Ana will support him to the limit and if not elected, invite him to consider Santa Ana as a prospective place to live.

CITY WEED CUTTING OPERATIONS LAG

Weed cutting on vacant lots in Santa Ana is becoming a pressing problem in the city engineer's office, following the lack of response among persons owing fines in the police court to pay their debt to the city by cutting weeds.

City Engineer J. L. McBride reported to the city council yesterday that only seven men worked last week in cleaning 22 lots and fines. He said that 145 lots had been cleaned or were being worked but that 750 lots remained to be cut.

Judge J. G. Mitchell was not at the meeting to make a report on whether he had sent out bench warrants to those failing to report for work.

Court Notes

Ray O'Tero, charged with drunkenness and disturbing the peace, is serving a 30-day jail sentence imposed by Judge A. W. Swayze in Orange. O'Tero was arrested in Irvine park Friday after a fight.

Eraquillo Carrillo, 49, La Habra, has been booked at the county jail by Constable William Tremaine of Brea to serve a 31-day sentence for assault.

Carlos Silva pleaded guilty to a drunk charge Saturday and was sentenced to spend 30 days in jail by Judge Kenneth Morrison.

Antonio Valdez, charged with drunken driving, has his preliminary hearing set for June 5 at 9 a. m. when he appeared in justice court. Bail was set at \$500 by Judge Kenneth E. Morrison.

Norman J. Hallum, charged with malicious destruction of personal property, had charges dismissed in city police court at the request of the complaining witness. Hallum was charged with burning a mattress in a rooming house. Because of a full court calendar, he had served three days in jail before the dismissal.

GARAGE MAN HELD GUILTY OF ASSAULT

Miley Burrows, El Modena garage man, was found guilty of assault with a deadly weapon, by a jury that returned its verdict late yesterday in Superior Judge James L. Allen's court.

Burrows was accused in connection with an alleged attack upon Fred Islas with an iron bar, as the result of a dispute over a repair bill.

The defendant is scheduled to come before Judge Allen for judgment next Friday morning.

64 RENOVIZE JOBS REPORTED AS COMPLETED

Sixty-four of the smaller Renovize jobs have been completed, at an expenditure of \$6420, and at least \$63,417 worth of other improvement work pledged to be done in the Renovize program is under way, according to a survey of the campaign committee, and J. W. Estes, general manager of the campaign.

"It has been difficult to put the picture of Renovize before the people except in dollar totals," said Estes today, "because it was the policy of the committee to assure people who signed pledges that their names would not be made public, thereby avoiding solicitation of them by workmen and material dealers."

"We feel, however, that we will violate no agreement or condition made if we publish the names on compliance slips as the work has been finished. We will not reveal the dollar value of the individual compliance, of course."

Among those who have cooperated with the Renovize campaign to put men to work through Renovize improvements, according to the compliance slips returned to headquarters are the following:

G. W. Stovall, Kate E. Seeburger, W. Wood, Ethel E. E. E. Emerson, Effie Rice, Sara Herbert, Mrs. N. E. Lester, Mrs. Emma J. Bull, H. C. Hart, E. Robinson, Mrs. P. G. Briney, Mrs. Lucy A. Leonard, W. O. Packard, I. L. Liveness, Mrs. Allie Ward, Mrs. Mary Van Yke, W. R. Ozmert, W. O. Hagthorn, Harriett M. Lane, E. V. Curry, J. L. Stephenson, Harry N. Hayes, Earl Lumber Co., E. H. Sullivan, G. W. Leive, Mrs. Elizabeth Lamb, Ethel H. Brown, Mrs. Hallman.

Mrs. W. Hill, Jerry Hall, Herman Kressen, Mrs. A. L. Eells, Mrs. Walter G. Mushrush, Lillian Carragher, F. E. White, Edward Kroul, Mrs. Eva E. Mulligan, E. R. Abbey, James A. Brady, Fred Rohrs, Mary E. Lockett, J. Schaffer, Roy A. Snyder, E. C. Wilson, W. D. Hart, Frederick H. Eley, Wilbur Barr, Rosemary Rose, Mrs. G. Flora, Mrs. C. O. Morrison, Marshall Harnois, Mrs. O. E. Bullock, E. S. Swan, J. H. Beach, Commercial National bank, E. T. McFadden, B. A. Knudson, C. E. Neer, Mrs. H. J. McCombs, Jessie H. Cole, F. W. Bettis, Elmer E. Heidt, and a compliance slip by address and not by name in an apartment at 1315 So. Main.

One of the Renovize jobs started last week by Dr. W. P. Baker on one of the really old residences of the city located just north of the postoffice at the corner of Seventh and Bush streets. The original building permit on this work was \$2990.

Other jobs made public through announcement of contracts let are those of the board of education in which \$14,200 will be spent in improving old buildings. The Pay'n Takit stores are expending \$13,820 on renovating store rooms, two of which have been completed and opened. Work on an industrial plant involving \$15,000 is under way. The Montgomery Ward Co. is expending \$490 on a service shop.

Various other jobs are reported under way on North Baker street, North Broadway, North Ross, West Eighteenth, Orange avenue, North Main, Spurgeon, South Broadway and South Birch street.

To clarify any question the Renovize office reports that none of the jobs reported on are new construction. They include improvements, remodeling and additions only.

100 STERILIZED IN STATE INSTITUTIONS DURING EACH MONTH

PASADENA, May 29.—As a part of California's battle against racial degeneracy, an average of 100 feeble-minded and insane men and women are now being sterilized each month in the state institutions.

A report to this effect was issued today by the Human Betterment Foundation.

"Sterilization of patients in state hospitals is not enough," the Foundation declares. "The next step is to offer sterilization at state or county hospitals without charge, to any indigent citizen who wants it; provided, that his sterilization will clearly be a needed protection to the patient, to his family and to the state and posterity."

"Proper safeguards would make the abuse of such a measure practically impossible, and the benefits would be great."

FIRST AMERICAN GIRL BORN IN SANTA ANA DIES

Mrs. Venette Evelyn Ross Sweetser, 63, who was the daughter of a prominent Santa Ana pioneer family and the first American girl born in Santa Ana, died at her home 1217 Spurgeon street late yesterday following an extended illness.

She was the wife of M. W. Sweetser, of the home address, and also was mother of H. Earl Sweetser, of Venice and Dr. B. Sweetser, of San Juan Capistrano.

She also is survived by three brothers, George W. Ross, Santa Ana; David Ross, Capistrano and Uriah P. Ross, of Santa Ana; five sisters, Mrs. Ed Foote, of Laguna Beach, Mrs. Belle Buck, of Walnut, Calif., Mrs. Elva Selvidge, of Santa Ana and Mrs. Ethel Wilson, of Santa Ana, and five grandchildren, Betty Lou Sweetser, Clyde A. Sweetser, J. Richard Sweetser, of Capistrano, and Leland Sweetser, and Robert Sweetser, of Santa Ana.

Funeral services will be held Thursday at 10 a. m. from the chapel of the Smith and Tuthill Funeral home with the Rev. Walter Scott Buchanan, minister of the First Christian church, officiating. Interment will be made in Fairhaven cemetery.

LOWEST BID ON PORT JETTIES IS \$557,790

LOS ANGELES, May 29.—(UP)—Pending the ironing-out of details in connection with the financing of the work, two bids for repair and extension of the east and west jetties at Newport Beach, first step in extensive improvement plans, today were being studied at the office of the U. S. district engineer here.

The bids, opened yesterday by Major H. H. Stickney, the government engineer, were submitted by the Rohl Connolly company, 4351 Alhambra avenue, Los Angeles, for \$557,790; and Karl B. Kumpke, Riverside, \$857,352.

Government engineers explained that although the PWA funds for the Newport yacht harbor improvements had been allocated, the formal transfer of the money had not yet taken place, pending technical details. Until this is done, the two bids on the jetty work will be held in the Los Angeles office. Eventually they will be forwarded to Washington with the recommendation of Los Angeles officials.

Because of the \$300,000 margin between the two bids, it was considered virtually certain that the Rohl Connolly Company would be awarded the contract if it qualifies in other respects.

The government's estimate for the jetty construction and repair was \$617,200.

Bids are still to be called for dredging work which will complete the harbor plans. When these will be called is dependent upon survey work and tests being made, it was explained.

The dredging program calls for harbor depths of 20, 15 and 10 feet, or adequate to carry for the needs of large yachts. The present main channel of the harbor is about 12 feet while depths outside the channel show a wide variation, according to the government engineers.

NAVAL HERO NEAR DEATH IN TOKIO

TOKIO, May 29.—(UP)—Admiral Heihachiro Togo, Japan's greatest naval hero, sang into a coma today on his death bed in his little home near the Imperial Palace.

Physicians believed the 88-year-old sea fighter, on whom the royal family lavished last-minute honors, will not rally from the coma.

Emperor Hirohito elevated the sea-fighter from the rank of count to that of a marquis.

The 88-year-old commander of Japan's fleets which crushed Russian armadas in the Russo-Japanese war rallied briefly to acknowledge the honor conferred on him by his beloved ruler. Togo directed that the ceremonial robes of a marquis be placed on his bed as an acknowledgment of his appreciation.

Togo is given practically no chance to survive a throat cancer.

St. Mary's School Reopens Thursday

FULLERTON, May 29.—Careful observation of all students of the school during a period of two weeks vacation has revealed no new cases of infantile paralysis, according to authorities of St. Mary's parochial school, which will open its doors again Thursday. The cases that were in the school and because of which the school was closed, were from the placenta district.

LUCIEN FLIPPEN IS HOSPITAL PATIENT

Lucien Flippen of El Modena, federal debt conciliator for Orange county under the farm credit administration, was rushed to St. Joseph's hospital last night for an emergency appendicitis operation.

His condition today, the hospital reported, was "as satisfactory as could be expected," following a "fairly restful night."

GUN WIELDER ARRESTED ON ASSAULT COUNT

When Pasqual Ruiz, 37, Garden Grove Mexican, beat himself over the head with a revolver Saturday evening in an attempt to commit suicide, he started a train of events which included his arrest today on a charge of assault with a deadly weapon with intent to commit murder.

First stories on the suicide attempt were that Ruiz had fired three times but had failed to wound himself, after which he pounded his head with the gun until he was rendered unconscious. Deputy sheriffs were called to the house and took him to the Orange County hospital for treatment.

Further investigation in the neighborhood by Detectives Robert Steinberger and L. H. Nicholson revealed that Ruiz was intoxicated and attempted to shoot himself and Guadalupe Amayo, a neighbor. One shot fired through a window at Amayo narrowly missed him and imbedded in a rafter while the other two were wild.

A warrant for the arrest of Ruiz was secured yesterday and he was removed to the county jail last evening. When he was arraigned before Judge Charles Kuebel of Anaheim today on the assault charge, his preliminary hearing was set for June 7 at 10 a. m. and bail was fixed at \$2000.

MEMORIAL DAY TO BE OBSERVED AT RACES TOMORROW

Tribute to the memory of departed war veterans will be paid in a ceremony to be staged at Santa Ana Municipal Bowl tomorrow night when the drum and bugle corps of the Anaheim American Legion post and Charles D. Swanner, commander of Santa Ana post, join in a special observance in connection with the regular "Race With the Legion" contests.

"Memorial day being a Legion day," George Kelllogg, chairman of the Legion racing committee, said, "we are going to do our best to offer an impressive ceremony. In the racing contests we will add to the program with two special match events for which prizes have been supplied by Hockaday, Harlow and Phillips and the Orange County Auto Parts company."

The main event of last week in which two favorites, Mills and Bettelridge, staged a sparkling battle with Bettelridge emerging the winner, still is being discussed by racing fans of the county, he said.

Old Age Pension Discussion Topic At Y Thursday

A public discussion on the Townsend Old Age Revolving Pension plan will be staged at 7:30 o'clock Thursday night in the Y. M. C. A. building. It was announced today by General Secretary Ralph C. Smedley.

The subject will be presented by E. O. Colbeck, after which the meeting will be thrown open to the public for questions and discussion. The public is invited and there is no charge.

POLICE FREE AUTOIST SAID TO BE DRUNK

Arrested twice in the last eight months for drunken driving, Leonard Patrick, 29, 746 North Los Angeles street, Anaheim, was arrested again last night by Santa Ana police, pronounced intoxicated by a physician called by the police, and released with a reckless driving citation.

Patrick was stopped at Fourth and Artesia streets at 7:40 p. m. by Officer Joe Murillo, who called Radio Car Officers Roy Hartley and J. W. Foster. They took Patrick to the police station, where the physician said he was moderately intoxicated and unfit to drive a car, according to police files. The machine was taken to a garage for storage and the reckless driving ticket issued. Patrick said he had been drinking wine, according to police reports.

Officers checked Patrick's record and found that, on October 29, 1933, he was arrested at Fourth and Main streets for drunken driving and was sentenced to pay \$150 by Judge J. G. Mitchell. He paid \$50 and went to pay the remainder on installments.

On January 7, 1934, Patrick was involved in a wreck at First and Cypress streets with cars driven by Mrs. Imogene Ashman and Parquill Padilla. He was pronounced intoxicated to a marked degree and was committed to the county jail for 100 days.

Japanese Rancher Draws \$200 Fine On Driving Count

Pleading guilty to a charge of reckless driving, Hagemu Ono, 37, Japanese rancher of Garden Grove, was fined \$200 and had his operator's license suspended for 90 days when he appeared before Judge C. P. Patton in Huntington Beach this morning.

Ono's car smashed into a line of machines parked near a garage on Walnut avenue yesterday afternoon. He was given until June 5 to pay the fine.

MORE Travel Luxury FOR LESS MONEY!

Never before has so much been offered in travel luxury and comfort at so little cost. Now Union Pacific offers reduced railroad fares everywhere, reduced Pullman charges, reduced dining-car charges, with Service at the very acme of Union Pacific Standard—and with the added comfort of modern Air-Conditioning at No Additional Cost.

Here are a few examples of UNION PACIFIC ROUND-TRIP FARES:

	First Class	Intermediate	Coach
CHICAGO	50.00	36.00	27.35
INDIANAPOLIS	38.70	28.00	21.00
DENVER, COLO.	57.50	42.00	32.35
CLEVELAND	50.00	36.00	27.35
NEW YORK CITY	118.15	86.00	65.00
ATLANTA	106.15	78.00	59.00
MINNEAPOLIS	58.00	42.00	32.35

Above fares from Los Angeles. Also very low ONE-WAY Fares to all points. Ask for FREE Summer Fares folder giving full information.

AIR CONDITIONED COMFORT

on the LOS ANGELES LIMITED...No Extra Fare! No railroad in the West has more fully air-conditioned trains than UNION PACIFIC. On the Los Angeles Limited the Dining-Cars, Club-Observation Cars and Pullman All-Room Cars are air-conditioned, insuring cool, dustless, noiseless even temperature.

Visit the World's Fair

The 1934 Century of Progress Exposition at Chicago is now open—greater than ever in Educational and Entertainment features.

PERSONALLY ESCORTED TOURS

TO NATIONAL PARKS.....All-expense tours will be run by the Union Pacific to Zion-Bryce-Grand Canyon National Parks and to Yellowstone National Park at frequent intervals this summer.

WEDNESDAY EVENING AS USUAL

By HARRY GRANTON

Irishmen who haven't forgotten the sports at home cannot understand how a team from County Cavan could have captured the all-Ireland football championship, but the farmers are here and New York wearers of the green are paying them homage.

County Cavan's success is the fourth representative of the Old Sod to play in the big town and other eastern cities.

A County Kerry aggregation introduced the Gaelic game here in 1927, being beaten by the all-New Yorks. The same outfit returned four years later to sweep a three-game series. Mayo came over in 1932 to drop three consecutive contests. Last year it again was Kerry, and the Kingdom Kickers bagged three games, after being held to a draw while shaking their sea legs.

Center halfback is the key position in Gaelic football. Consequently, the athlete playing the position usually is the outstanding star.

Mike Doyle, who patrolled the post for Kerry, was called the Red Grange of Gaelic football. But his most ardent admirers do not compare him with the six-foot-four Jim Smith, the policeman who runs the beat for the Cavan. They call Smith one of the greatest Gaelic footballers of all time.

O'Hanlon—There's Player The Couriers of County Cavan appeared in Philadelphia on May 27 and will show at Jersey City on Decoration day, before ending their American invasion in a second meeting with the all-New Yorks at the Yankee Stadium here on June 1.

I saw my first game of Gaelic football just a year ago, when not even his teammates knew a great deal about James Francis O'Hanlon.

So few, if any, realized how much it mattered when this slip of a lad was knocked as cold as an iron in January when his

hogan struck the ground as he made a second brilliant save before the initial 1933 battle between the Kerrys and the Selected New Yorkers was two minutes old.

O'Hanlon got up rubbing his head after several minutes and went on to turn in as fine a performance at goal as any Gaelic graybeard could recall.

He probably made 15 saves, and it was his work that held the visitors to three points in the first half and ultimately enabled the metropolitan lads to tie them, 4 to 4, when Bill Mangum shot a penalty kick between the uprights in the last two seconds of play.

With Fullback Andy Furlong taking care of the other man, O'Hanlon knocked five dead shots—one after the other—out of the net midway in the opening 30 minutes. They would have been good for 15 points, so one readily can see what the score might have been had it not been for the nerve and judgment of the bricklayer's helper.

"He would have kept a baseball out of the net, let alone a Gaelic football," remarked Doyle.

Stars at Soccer, Too O'Hanlon, who now is 26, started playing Gaelic football at St. Laurence O'Toole school on the North Side of Dublin when he was 10.

He scintillated with the O'Toole parish team before coming to the land of the free a half dozen years ago, but being unacquainted with any of the Manhattan Gaelic football bunch did not again play the game until the local Roscommon team picked him up shortly before he electrified the customers in the big series.

Meanwhile, he had stood out as goalie of the soccer squad, the Dublin Free Booters, of the Bronx. The pastimes are similar.

Gaelic football consistently plays to from 30,000 to 50,000 persons in New York. There must be something to a game like that.

Ed Walsh Back In Baseball With Old Team

MERIDEN, Conn., May 29.—The man who earned the honor of being one of the greatest pitchers of all time when he hurled for the White Sox years ago, is back in baseball.

He is Big Ed Walsh, who after losing a job as coach of the White Sox, turned to golf and earned a job as pro at the Meriden municipal course. He has announced he shortly will return to the Sox to coach for them again.

Whether the annual "this year last year" football game, concluding event of Santa Ana high school's spring practice, will be played in the Municipal Bowl Friday night or at Poly field in the afternoon, probably Saturday, will be decided tonight.

Coach Bill Foote will ask permission from the board of education for a nocturnal contest which, he believes, would prove unusually attractive at this time of year.

Confident they will win by at least two touchdowns, members of last year's varsity today had determined the lineup they will employ against Coach Foote's potential 1934 team.

The appearance of Dick Shephard, end; Don Lentz, guard; and Paul Hales, halfback, has caused a temporary rearrangement in the starting lineup of last year's eleven. Shephard probably will replace Dave Webb at end with Fred Erdhaus. Charles Roemer, regular tackle in '33, and Russell Abble, reserve guard, will draw the tackle assignments, and Lentz will pair with Alan Hood at guard.

Al Halderman will be at center. Ford Underwood, '33 captain, and Walt Hendrie, halfback, were to report for drill this afternoon.

Underwood will play either guard or fullback. Last year's team lined up yesterday with a backfield of Bill Green, quarter; Major Anderson and Hales, halves; and Art Stranek, fullback.

Although hearing from all sides they are due for a severe tumble, Coach Foote's 1934 eligibles are pointing toward an upset. They outnumber last season's aggregation, and boast plenty of unseasoned talent which may surprise.

Alvin Lamb and Ray Hamilton are vying for the quarterback duties, with Ray Clark and Henry Gonzales almost certain to work at half, Roger Dunning at full. On the line Dick DeSmet, end; Carl Schultz and Bain Alexander, tackles; Don Evans, guards; and Bob Buckles, ends, are the most probable starters. The other positions are wide open.

Charles Olivars, H94 pitcher, turned in a spectacular game, allowing only one hit. He fanned everyone but Tony Palmberg got a single in the last inning.

ROSS-McLARNIN REMATCH TALK HEARD IN N. Y.

By JACK CUDDY (United Press Staff Correspondent)

NEW YORK, May 29.—Barney Ross, the first man in ring history to wear simultaneously the world lightweight and welterweight crowns, wondered today which title to defend first.

The human tommy-gun from Chicago would like to give Jimmy McLarnin a return crack at the 147-pound bonnet which he wrested from him last night before 45,000 fans at Madison Square Garden's Long Island bowl.

Barney won a split 15-round decision.

But the New York boxing commission wants the great Jewish battler to defend the lightweight crown which he won from Tony Canzoneri last June and defended against Canzoneri in September. That was his last 135-pound title defense.

With possibilities of a return engagement hanging fire, McLarnin, last of the Irish champions, postponed his planned trip to Ireland until the match is made or abandoned. Jimmy and his manager, the venerable "Pop" Foster, are extremely dissatisfied with last night's result which kept alive the hoodoo hovering over welter champions.

Jimmy was the ninth straight welter king to lose the 147-round title in its first defense. It was exactly a year ago today that the "Belfast Spider" won it with a first-round knockout over Young Corbett III.

Last night's defeat was doubly humiliating for Jimmy and doubly glamorous for Barney because it enabled the latter to avenge the long string of beatings given by the Dublin dynamiter to such prominent Jewish battlers as Kid Kaplan, Sid Terzile, Ruby Goldstein, Joe Glick, Joey Sanger, Al Singer and Benny Leonard.

The split decision fueled dissatisfaction in the McLarnin camp. Judge Harold Barnes voted for Ross, giving Barney 11 rounds; McLarnin two, and two even. Judge Tom O'Rourke balloted for Jimmy, giving the Irishman nine rounds, Ross one and five even. Because of this disagreement, Referee Eddie Forbes settled the matter by giving the verdict to Ross. He credited Barney with 13 rounds, McLarnin one, and one even.

Forbes penalized McLarnin five rounds for low blows, but he said four of those would have gone to Barney anyway.

The verdict was generally popular with fans and sports writers. Virtually everyone admitted McLarnin appeared somewhat rusty after his long lay-off in which he fought only two minutes and 47 seconds in a year-and-a-half.

He seemed to be fighting with penalties—the United Press score sheet credited McLarnin with seven rounds; Ross five and three even. This record was based on McLarnin's aggressiveness throughout; his harder punching and scoring the greater number of blows. Jimmy's best round was the 12th when he had the lightweight groggy.

When fully fed, a bass is a tough baby to induce to strike, his appetite sated, the only way you can get a rise out of him is to get him mad.

Time and again we have seen this demonstrated. We have spent as high as 20 minutes in an old standby pocket on our pet lake casting over a spot that has never failed to produce a rise—and that rise came just when we were ready to give up.

A particularly attractive plug when first cast over a bass that is well fed invokes no interest. A second cast may frighten him into the weeds. But a third or fourth cast may make him so peeved that he casts all caution aside and charges like a freight train.

Take your time in casting whether with plugs or flies. Cast continuously over likely looking water, for bass are there, and you must arouse their temper before they'll strike.

Another point to remember is to try various types of lures before quitting a stretch that is good bass cover. Start in with surface lures that kick up a fuss on top of the water. If no strikes are forthcoming, switch to under-water wobblers and spinner combinations.

If you cast long enough, you'll catch your bass.

Thursday's Games

Orange at Fullerton; Olive at Brea; Anaheim at Irvine; Huntington Beach at Long Beach.

Fullerton and Long Beach today maintained their even gait as leaders of the Orange County Night Ball league race, undefeated after three rounds of action.

Fullerton nosed out Anaheim, 4-3, in a strenuous struggle at Anaheim last night. Long Beach kept pace by beating Olive, 5-2, with fat Little Roy Bassinger outpitching Oswald. Olive's only hit was successive homers in the eighth by Morse and Sweet. Brea moved into a third place tie with Orange by routing Huntington Beach, 13-3, champion, 15 to 3. Orange routed Irvine, 11-0, behind Jack Dugan's four-hit slinging.

The scores:

Fullerton 4 R 1

Anaheim 3 R 1

Batteries: Fullerton—Contreras, Tucker and Struck; Anaheim—Bennett and Rapier, Holmes.

Long Beach 5 R 0

Olive 2 R 1

Batteries: Long Beach—Bassinger and Maness; Olive—Oswald, Henning and Shell.

Irvine 0 R 1

Orange 11 R 0

Batteries—Irvine—Morse, Stevens and Bickel; Orange—Bassinger, Dugan, Smith and Welby.

INDIANAPOLIS TRACK AND '33 CHAMPION

Here is a section of the 2 1-2-mile brick track at Indianapolis over which 33 speed demons will whirl tomorrow, in quest of the richest auto race prize in America. Inset is Lou Meyer, winner in 1928 and 1933, and favorite to win this year's 500-mile grind.

By BARNEY OLDFIELD (Daddy of Drivers)

INDIANAPOLIS, Ind., May 29.—Thrills for the roaring stands, heartbreaks for courageous drivers, and the relentless story of fuel economy for the engineers is the three-point program of the 224 running of the annual 500-mile auto race here tomorrow.

Fuel consumption, for the first time in the history of motor racing, will be restricted. Each car is limited to the use of 45 gallons for the entire run, and must average more than 11 miles to the gallon.

The starting field has been cut this year from 45 to 33 cars. With nine fewer starting places, qualifying trials have been the most interesting held on the track and have practically assured officials that only the best speedsters will answer the starting flag.

There are four experimental cars in the race, radical in their operation and designed to add an interesting chapter to racing history. Two oil-burning cars head this list. Another interesting experiment is the 16-cylinder, two-cycle car entered by the veteran Leon Duray.

Two former winners, one a two-time victor, head the list of drivers, who range from weather-beaten veterans to pink-cheeked youngsters making their first start in the big time.

Louis Meyer, champion of champions, who won in 1928 and came back for another victory in 1933, will drive a new car which he designed and built himself. If there is such a thing as a favorite in this most grilling of all races, the best portion of the money would be on this veteran youngster from the Pacific coast.

Fred Franz, who won in 1932 and who has already collected approximately \$50,000 in cash from the Speedway, has entered three cars and will drive the "flag-car" himself.

Two veterans of a dozen years of racing on the bricks, Phil Shafer and Leon Duray, both of whom started at Indianapolis in 1922, are back as owners of two-car teams and both will drive themselves.

Shafer, former cowboy, from Ft. Worth, Tex., has selected Al Miller, of Detroit for his second car, and Mauri Rose, of Dayton, O., will pilot Duray's other mount.

Tony Gulotta of Kansas City, who has led two races, but never won, has qualified a semi-stock job and will act as relief driver for Meyer in event of an emergency.

Wilbur Shaw, home-town boy who finished second last year, is up on a fast-stepper entered by Joe Marks of Gary, Ind.

The "class of 1927," boys who first took to the bricks that year, when the newcomer, George Souders, drove to an unexpected victory, are well represented. Meyer and Franz both started that year. Other members of the class are Frank Brisko, Milwaukee; Dave Evans, Columbus, Ind.; Cliff Bergere, Los Angeles; Jack Petticoat, Chicago; and Wesley Crawford, Indianapolis.

Lou Moore has made a flying trip back from competing in Tripoli to get under the wire here and the ever-popular Wild Bill Cummings is ready to set his usual fast pace.

Of the newcomers, little Kelly Pettito, who was one of the fastest qualifiers, with a speed of more than 119 miles an hour, and Gordon, Pacific Coast champion, are the most spectacular and most feared. Both have fast four-cylinder cars.

LOS ANGELES, May 29.—Determined to establish a claim to the 1934 National Intercollegiate track and field championship, Stanford University today submitted tentative entries for 14 men in the N. C. A. A. championships to be held here June 22 and 23. The Stanford entry list doubles the size of the Indian squad that defeated the cream of the east Saturday in the I. C. A. A. championship meet.

The Stanford team which will compete with the nation's leading track and field athletes here next month, includes seven possible point-scorers who did not make the trip east. Most prominent is that of Captain Gus Meyer, N. C. A. A. high hurdles champion last year, who is recuperating from a broken wrist which has kept him out of competition for more than a month.

With four newly-crowned J. C. A. A. A. champions in the lineup, Stanford will be one of the leading contenders for the N. C. A. A. championship, ranking with Louisiana State, defending champion, and Southern California, runner-up last year. Because of the power of its group of possible first place winners, the Palo Alto team is considered by many experts as favorite.

Klopstock, low hurdler; Dunn, discus thrower; 220, Al Blackman; 880 and Blackman 440 and 220 star, are the I. C. A. A. winners who will be strong threats to repeat their victories here. Mottram in the javelin, who took second in the eastern meet, and Meier in the high, are also expected to rank among the leaders in the N. C. A. A. championships.

The complete Stanford squad, as entered for Coach "Dink" Templeton by Graduate Manager Al Masters, follows: Quarter-mile and mile, Charles Nimmo; hurdles, Sam Klopstock and Gus Meier; shot put, John Lyman, Gordon Dunn, Robert Reynolds and Claude Callaway; discus throw, Dunn and Lyman; javelin throw Mottram; pole vault, "Bud" Deacon; high jump, Lloyd Schween, Howard Arthur and Humbert Smith, and broad jump, Phil Williams.

LOS ANGELES, May 29.—(UP)—Baby Casanova, popular Mexican bantamweight, graduates to the featherweight class tonight when he meets Freddie Miller, Cincinnati champion, in a scheduled 10-round scrap at the Olympic.

Casanova pinned his hopes on a knockout. Outclassed as a boxer, he was hopeful of tolling the Ohioan as his tenth kayo victim in 13 fights.

Colleges To Boost Price Of Football

PORTLAND, Ore., May 29.—(UP)—It appeared doubtful today that the "six conference games" plan would be fully carried out in the 1935 season of the Pacific Coast conference.

A good part of Monday afternoon and evening was given over to planning the schedules and discussions of the plan proposed by Stanford.

So many of the colleges have had out-of-conference games which have become "naturals" that those institutions found difficulty scheduling six conference rivals.

From the discussion, however, it appeared likely that much more consideration would be given conference members than during the past five or six years.

The conference voted to increase admission prices to next fall's games. The exact prices were not fixed but it was said the increases will not put the prices back to the 1929 levels.

The conference also decided hereafter to pick the West's representative for the Tournament of Roses game at Pasadena, and to continue radio broadcasts of games on the same basis as last year.

ERRINGTON AND COATES CHOSEN TO DO HURLING

NATIONAL NIGHT LEAGUE

Huntington Beach 3 1 1000

Westminster 3 1 750

Anaheim 2 2 750

Olive 2 2 500

Santa Ana 1 3 250

Fullerton 0 4 1000

Long Beach 0 4 1000

TONIGHT'S GAMES

Westminster at Santa Ana; Olive at Anaheim; Torrance at Fullerton; Long Beach at Huntington Beach.

Westminster's Aviators, who have their eye on first place in the National Night Ball league, invade the Municipal Bowl tonight for one of Santa Ana's outstanding home games of the first-half season.

Composed of aggressive, ambitious youngsters with a veteran sprinkled here and there to lend proper balance, Westminster's club is regarded as a lead-pipe clinch to finish one-two-three. Even a championship would not be surprising.

The squad is led by George Lackaye, onetime head man at Santa Ana. The pitcher is Elmer "Fuzzy" Errington, readily acknowledged as one of the real masters of the short-base sport with his uncanny change of pace.

Errington has been especially rugged with basehits when opposing Santa Ana. The Lackaye-Errington combination has proved a winning one for Westminster, which in three brief years advanced from a lowly second division spot up to a favorite role.

Other members of the Aviator group are well known here. Errington's catcher is Ray Hapes, backfield ace of Santa Ana junior college's champion football team. Ray Hodgson, who is the club's No. 2 gunner, although thus far Errington has required no assistance, plays first base. He was a teammate at Garden Grove high school of Jim Coates, Santa Ana's best pitcher. "Doc" Smith, second baseman, and Cecil Sauer, at third, are holdovers from last year's club. Les Haserot, the "shopping shortstop", completes a powerful infield. In the pastures are Floyd Montgomery, former Santa Ana high school football hero, dashing Leavitt Daley, one of the star players in the league, and Dave Webb, a Santa Ana schoolboy who set the City League

with his stickwork in '33.

Westminster started the season
with victories over Torrance,
Anaheim and Fullerton before dropping
a 3-2 decision at Anaheim in
innings. The Aviators had the
Anaheim game in the bag, lead-
ing by the ninth 4-0, but Er-
sternstrom momentarily lost control
and Anaheim tied the score, then
led in an overtime stanza.

Naturally, Westminster will be
recovered over the struggling San-
Anas who were defeated by
Anaheim and Torrance
while barely beating Fullerton.
The Stars are just com-
ing back to extend most comers,
and ornery enough to slip over an
easy net now and then. They came
within a fraction of an inning of
beating Torrance last Friday, so to-
night may be one of their good
nights.

Atres, catching. Daley, Preble, Con-
lind and Young will man the in-
field as usual, and Denney, Bal-
ford and Sears will be in the out-
field.

Oliver and Anaheim, old rivals,
will meet at Anaheim in the most at-
tractive of other assignments. Ana-
heim figures to win a tight con-
test.

Torrance goes to Fullerton
where the champions face a squad
enlivened by the addition of
Steve, last season's Torrance
stopper; a first baseman named
Tom Hoban, and his brother-out-
sider, Bill Hoban. The Hobans
lead from Monterey Park.

Huntington Beach has a home
game with Long Beach. Manager
Rodgers will start Southward
ward Morning, saying "Chico"
Mehalla for successive assignments
h Westminster, Santa Ana and
Anaheim.

UNITY CENTER
PROPOSED FOR
LAGUNA BEACH

Plans for the establishment of a Unity center in Laguna Beach including the maintenance of a library and reading rooms, are being made, according to J. H. Gamble, a Unity practitioner, residing at 569 South Coast boulevard.

A survey, according to Gamble, revealed there are close to a hundred Unity followers living in the art colony, many of whom have expressed their approval of the project. It was added that efforts are being made to obtain suitable quarters in the business section so as to have the reading rooms easily accessible.

Y. FUND CAMPAIGN
TO OPEN JUNE 1

LA. HABRA, May 29.—The M. C. A. drive for funds will start

The money so raised will go toward the salary of Arch Rains, secretary for the Northern Orange

county group; to the district office and for local equipment. Nearly 150 boys are now enrolled in the work here.

It has also been announced that the boys from Northern Orange county will have Camp Osceola available to them during the yearling trip between July 23 and August 1.

4. Registrations for the camp will be received by George Armstrong.

MEMORIAL DAY BATHERS GIVEN BEACH WARNING

NEWPORT BEACH, May 29.—Fire Chief F. W. Crocker, head of the local lifeguard service, joined with Chief J. K. Sargent, of Laguna Beach, today in issuing a general warning to holiday pleasure seekers expected to swarm to the beaches over Memorial day. Eight special guards will be on the beach tomorrow, Crocker said, as he asked that parties observe the set of rules for beach groups issued yesterday by C. P. L. Nichols, aquatic supervisor of Los Angeles parks. These rules are as follows:

Don't swim near rip tides; they are dangerous. Find out from the lifeguard how to recognize rip tides and combat their effects.

Don't over estimate your swimming ability, especially early in the season.

Don't bathe in remote places; stay near a lifeguard's position.

Don't bathe immediately after eating; cramps frequently result.

Don't swim near piers or pilings; they cause currents and have sharp edges.

Don't dive into unknown water.

Don't call for help unless you need it, but when you do need it, don't be timid about calling for assistance.

Don't take dares in the ocean.

New Radio-Mail Plan Is Success

CYPRESS, May 29.—The new radio-mail service recently inaugurated by the Globe Wireless company is proving a decided success, it was reported today by R. W. Bunch, manager.

Under the new arrangement, a communication reaches points in the Pacific in less than 20 hours at one-fourth the cost of immediate delivery systems, it was declared. It requires from eight days to a month for ordinary letters to reach points in the Pacific.

Under the radio-mail plan, letters for transmission across the Pacific are dropped into a mail box, addressed to the Cypress station and containing the proper transmission fee. From the station here the messages are sent to company stations across the Pacific, where they are typed and mailed out.

P.-T. A. Installs Officers May 31

GARDEN GROVE, May 29.—The last meeting of the Grammar School P.-T. A. will be held Thursday, a week earlier than the usual date, due to the school graduation the following week. The meeting will be held at the Washington school at 2:30 o'clock and a varied program has been arranged. Officers for the coming year will be installed by Mrs. J. V. Kelsey. Work of the domestic science classes of the school will be on display.

Pier Service Arranged By Legion Post

NEWPORT BEACH, May 29.—Final plans for the Memorial day services to be held by the American Legion were given out today by Gus Tampus, commander of the local post. The Legion post will be joined in its exercises by the Sons of the Legion, the auxiliary, Veterans of the Spanish war and several veterans of the Civil war.

The parade will start from the Newport bank at 10:15 a. m., and will end at the pier, where memorial services will be held. Following short talks by Lew Wallace and Fred Young sr., the latter a Civil war veteran, tape will be sounded and flowers scattered on the water.

Legionnaires from nearby towns have been asked to assist in the event by Irving George Gordon, chairman.

15 DRAW FINES IN BEACH CITY COURT

NEWPORT BEACH, May 29.—Fifteen were given fines for drunkenness over the week end in City Judge A. W. Leonard's court yesterday, as Chief of Police R. H. Hodgkinson served notice on revelers that the beach city campaign to clean up rowdiness is "no bluff."

Francis Johnston, 18, of Enderwood, Cal., George Neidig, 18, and O. P. Morrison, 18, both of Buena Park, were fined \$20 or 10 days in the city jail for intoxication.

John Jones, 48, of 1021 Trola, Los Angeles, was fined \$50 for drunkenness and disturbing the peace. Other fines were as follows: Ed Fletcher Beaumont, 21, 10638 Cushman street, Los Angeles, \$20; Ralph Bradley, 22, 428 West Eleventh, Long Beach, \$20; Ray Binnis, 27, Oceanide, to appear June 1 for trial; Donald Whippo, 21, 445 West Truslow, Fullerton, \$20; Tony Grabovic, 48, Newport Beach, \$25 or 12 1-2 days; Charles Fowler, 44, Newport Beach, \$20, with half suspended; Ted Rier, 23, Newport Beach, \$20; Oscar Smith, 19, 1260 Roanoke road, San Marino, \$20.

Two boys from Enderwood, Calif., 15 and 17 years old, were given \$20 fines. A 16-year old boy from Pasadena, charged with intoxication, was turned over to juvenile authorities.

Shower Is Held At Wintersburg

WINTERSBURG, May 29.—A surprise shower for Mrs. Nannie Tanner was carried out recently by the Wintersburg Ladies Aid society at the home of Mrs. Norma Murdy. The afternoon was spent working on a quilt. Refreshments of ice cream and cake were served.

Present were the honoree, Mrs. Nannie Tanner, Mrs. Devey Wood, Mrs. Vernon Hill, Mrs. Philda Fox, Mrs. Freeman, Mrs. George Nichols, Mrs. Henry Friend, Mrs. Bailey, Mrs. Aubrey Thomas, Mrs. Harry Letson, Mrs. W. A. Matson, Mrs. Mills Cowling, Mrs. Raymond Beem, Mrs. Hodgkins, Mrs. T. J. Holt, Mrs. J. R. Gary, Mrs. Hugh Atkins, Mrs. Paul Applebury, of Wintersburg, Mrs. Effie Fairchild, of Paulmarino, and the hostess, Mrs. J. A. Murdy.

SOCIETY TO MEET
EL MODENA, May 29.—The Woman's Missionary society will meet Thursday afternoon at 2 o'clock in the home of Mrs. Ida Senti on Santiago boulevard.

TEACHERS FOR COLLEGE HIGH SCHOOL LISTED

HUNTINGTON BEACH, May 29.—With the exception of one teacher who is leaving the service of this district to be married, all teachers were elected for another year at a special meeting of the elementary board of education. With the exception of two, salaries which were adjusted to equalize a condition created in last year's lower scale, no salary was cut, they being left at the same figure or increased slightly.

The same policy was employed by the board in the case of the other employees. Salaries were either left level, not cut, or were adjusted to some extent in an upward direction.

The board re-elected C. B. Baldwin district superintendent.

The list of teachers follows: Rheta Atkins, Betty Ruth Blackstone, Elsie Chambers, John W. Comrie, Dora Dow, Ethel Dwyer, Esther Funk, Margaret Glazomazi, Mrs. Mary C. Goodman, Fern B. Greenwald, Raymond Gruner, Mrs. Ethel L. Hadley, Geneva Heibling, Mrs. Eunice H. Hepburn, Sadie Lea Hood, Gladys D. Jones, Mrs. Gail L. Langenbeck, Edna L. Larkey, Mrs. Evelyn C. Lockhart, Rebecca MacMillan, Mrs. Edith Manley, Mrs. Frances McKelvey, Myra A. Miller, Doris O. Newcomb, Gertrude E. Peters, James P. Ranney, Harlen C. Reid, Mrs. Harriet Reynolds, Mrs. Kathryn W. Scales, Mrs. Opal M. Sheehan, Agnes L. Smith, Mrs. Agnes A. Snadell, Ruth M. Sundbye and Frances E. VanHorn.

Faith Osborn, who has served for the past five years as a primary grade teacher, leaves to be married this summer. Glazomazi, Mrs. Alice T. Freeman was re-elected school nurse. Mrs. Ina M. Blossom is continued on leave of absence. Mrs. Lorene M. Hancock was re-elected as secretary. Joseph R. Perry was re-employed to have charge of bus transportation. The custodians are John A. Flaws, Albert Lake, Angelo Moliva, Lee Orrell, L. J. Stearns and Fred Lock, head custodian. J. M. Williams is continued as night watchman.

Ray Gerhart has been re-employed to take charge of work on all door and window frames salvaged from the old buildings for use in the new building. He will also serve as inspector in the new building. Mrs. Florence Preston serves as part-time janitor. Charles Austin is acting as substitute for Albert Lake, who is recuperating from a serious operation.

The present board consists of A. M. Anderson, president; W. J. Bristol, clerk, and L. H. Bennigsdorf.

Mrs. Charles Lake Octagon Hostess

GARDEN GROVE, May 29.—Mrs. Charles Lake entertained members of the Octagon club with a 1 o'clock luncheon at her home on Walnut street recently. The members were seated at one table with a lace cloth and centered with a may pole with pastel shades of ribbon streamers running to each place.

Covers were placed for Mrs. Charles Hunt, of Anaheim; Mrs. C. Arnim, of Santa Ana; Mrs. Eugene Thomas, of Irvine; Mrs. L. A. Ford, Mrs. Claudine Irvine, Mrs. Ray Johnson, Mrs. A. J. Woodworth and Mrs. Laila Adams.

First prize in bridge went to Mrs. Ray Johnson and second prize to Mrs. Eugene Thomas. The group will meet for an evening party in three weeks at the home of Mrs. Claudine Irvine.

By GLUYAS WILLIAMS

Madeline was waiting at the door of her dressing room. Under the rouge her cheeks were pale and her eyes black. "Say, what's the matter with you?" she began.

Con caught her wrist, jerked the door open with his other hand and almost flung her into the room. The other two women who shared the dressing room stared at him in amazement.

"Get out," he told them.

But left quickly, without a word. Occasional quarrels and even fights were to be expected between married couples and Con was notoriously temperamental. If he wanted a showdown, fight and all, it was none of their business. Madeline looked capable of taking care of herself.

Along with Madeline, Con became deadly calm, smiling at distorted his features, robbing them of all attractiveness, spread over his face. "So Donna is to be married?" he drawled.

"Why—why, yes. I told you that a long time ago."

"Yes, you told me! You told me before she had even thought of such a thing. Let's see—how many months ago was it? Long before you trapped me."

"Don't you say I trapped you!" Madeline rasped.

"Why not? You knew that if I hadn't thought Donna was going to marry that rube cousin of yours I wouldn't have married you. So you lied. You told me she'd written that they were engaged."

"You just said they were going to be married!" she broke in. "I don't know what you're talking about! Now you say I lied."

"I'm talking about this," Con extracted the letter from his pocket and flung it at her. "Oh, I read it! If you can convince me that Donna Gabriel ever wrote you

PLANS COMPLETED FOR BALBOA ISLAND WATER EVENT TONIGHT

NEWPORT BEACH, May 29.—Complete plans for Balboa Island's Venetian Nights carnival, to be held tonight, were released this morning following a general meeting of the Water Carnival association last night at the office of J. A. Beck, secretary of the organization.

In addition to the Siegfried chorus and the high school choir, engaged last week, numerous other musical organizations have been secured for the serenade to take place following the fireworks, which are slated for 8 o'clock.

The Neopolitan trio, an instrumental group, headed by Miss Eleanor Beckwith, and the Terwilliger trio, will occupy one of the bay cruising barges. An orchestra has been secured from Los Angeles and will occupy another musical barge with Ed Nubbe and his boys.

Final arrangements for the decoration of the boats, which is being done under the supervision of the Balboa Island circle of the Ladies Aid, were completed. The barges will be strung with festoons of Japanese lanterns and garlands and the vantage points along the island will also be decorated with the lanterns. Red and white flares will encircle the island.

SURPRISE PARTY OBSERVES 20TH WEDDING EVENT

GARDEN GROVE, May 29.—In celebration of their twentieth wedding anniversary Mr. and Mrs. R. J. Killingsbeck were given a surprise party recently at the home of the latter's sister, Mrs. G. L. Beardsley, on East Acacia street.

The affair was planned by Mrs. Roy Pentecost and Mrs. George Campbell.

Prof. W. E. Rauhut of Santa Ana played a trombone number. "When They Ring Those Golden Bells" and two violin numbers, "I Love You Truly" and "The End of a Perfect Day," with Mrs. Blanche Hacketton of Santa Ana playing her accompaniment on the piano. Mrs. Roy Pentecost and Mrs. George Campbell sang "Pret-ty Quadroon" and "Pilot Me O' Gracious Saviour." An original reading telling of the romance and married life of the honored couple was read by Mrs. Beardsley.

Little Miss Bonnie Lee Haworth, dressed as a bride, and Junior Pentecost, dressed as the groom, carried in a basket decorated in pink crepe paper, which contained many lovely gifts of china for the bride. The bride and groom were escorted by Mrs. Roy Pentecost and Mrs. George Campbell.

At the close of the evening a lovely four-tier wedding cake decorated with orange blossoms and topped with a tiny bride and groom was placed before the bride. The cake was served with ice cream.

Those present were Mr. and Mrs. Clyde Pentecost and children, Max, Andrew, Patricia, Ellen and Alice Mae; Mr. and Mrs. John Wooten, Mr. and Mrs. John Ward and daughters, Neva and Ruth; Mr. and Mrs. Clarence Skiles and sons, Albert, Paul and Richard; Mr. and Mrs. S. E. Meadows, Mr. and Mrs. George Skiles and children, Eleanor and Donald; of Villa Park, Mr. and Mrs. J. M. Eiden, Florence and Manie Skiles, Mrs. Matilda Rohde and son, Gordon, the Rev. and Mrs. J. S. Sorenson and son, Floyd, and daughter, Grace Marie; Mrs. Roy Pentecost and son, Arlan; Mrs. J. L. Pentecost and daughters, Audrey, Dorothy Jean and Donabelle, and son, Junior, of Orange; Mr. and Mrs. Otto Askin and Mr. and Mrs. Charles Adams, of Anaheim.

Mr. and Mrs. Frank Bissett and daughter, Betty, and Mr. and Mrs. Henry Paige and sons, Frank and Maynard and daughter, Grace, of Fullerton; Mr. and Mrs. George Campbell, Mrs. Blanche Hacketton and W. E. Hauht of Santa Ana; Mr. and Mrs. Don Haworth and daughter, Bonnie Lee, of Bellflower; Miss Lucille Pearson of San Francisco; Mr. and Mrs. Andrew Campbell and daughter, Miss Helen; Mrs. Addie Gleason, Mrs. Margaret Beardsley, Mr. and Mrs. J. R. Wade and daughter, Verna; Mrs. Zella Van Vranken, Mr. and Mrs. G. L. Beardsley and Mr. and Mrs. R. J. Killingsbeck and sons, Glenn, Marvin and Melvin, and daughters, Erna and Gladys of Garden Grove.

P.-T. A. Sponsors Dance At Beach

HUNTINGTON BEACH, May 29.—For the purpose of raising a fund of \$50 as a contribution toward expense of publishing the annual high school paper, the P.-T. A. sponsored a dance tonight at Memorial hall under the auspices of the High School P.-T. A.

The Valencia ballroom orchestra has been engaged for the evening. Punch will be served free of charge and the dance will be captioned by a number of prominent members of the P.-T. A. Cards will be provided for those who do not dance. The public is cordially invited.

Good News for Kidney Sufferers!
Here is relief that goes right into the irritated kidney and bladder organs so quickly, you can actually see results within a few hours. Pains out, poisons, neutralizes burning acids, brings prompt soothing comfort. No more aching back, weak bladder, sore painful joints from lack of kidney activity. Ask druggist for Foley's Kidney Pills. No other. Money back guarantee. ©1934

MISSION CITY EXERCISES SET FOR THURSDAY

SAN JUAN CAPISTRANO, May 29.—Graduation exercises for the eighth grade class of San Juan grammar school will be held Thursday evening on the grammar school lawn.

John S. Malcom will give the commencement address entitled, "Men Who Have Made and Made History." Whitney Halladay will give the address of welcome and Mary Elise Hanky and Dick Tilton will give other class addresses. There will be two selections by the school glee club, "Lindy Lou" and "A Little Turn in My Heart."

The 13 pupils to graduate this year are Betty Chaplin, Ernest Deer, Dale Best, Dora Avila, Ruben Parano, Eladio Morales, Anacario Avalon, Yvonne Grove, Whitney Halladay, Dick Cady, Jesse Trujillo, Dick Ullon and Mary Elise Hanky.

Members of the class held their annual class party at the home of Mrs. Den Acres in San Clemente Saturday night. Dancing and games occupied the hours until late in the evening when refreshments of cake and ice cream were served. A large decorated birthday cake was served in observance of LeRoy Cady's birthday which occurred on the same day.

Besides members of the class and several guests, Mrs. Carl H. Hanky and Mrs. L. Cady, the Misses Betty Joyce and Margery Cooper were present with Mrs. Acres.

New Concession Planned At Beach

NEWPORT BEACH, May 29.—Balboa has received word of an offer to be installed this summer with the announcement today by W. J. Daze, of Long Beach, that he intends to put in a line of better boats for rent at the Gray Goose pier. They will be the first of their type to put in an appearance on the bay.

Daze is an experienced boatman, operating the Rainbow pier at Long Beach, and owning several like concessions in the Los Angeles area.

ARCHERS ON TRIP

WESTMINSTER, May 29.—With Dr. Russell I. Johnson and Clyde Day acting as sponsors, a group of 13 archers from Southern California spent the week end at Catalina island on a hunting trip.

Those going included "Chief" Compton, dean of American archers, of Ontario; H. J. Kemp, Carol Kemp, G. W. McNatt, William G. Adams, San Diego; F. F. Spencer and F. Archer, of San Pedro; Owen Homwood, Los Angeles; James G. Miller, Ontario; Claude Hardesty and the sponsors.

she was going to be married before, Lucy could not be tamed. She could be driven into the great barred ring, but no persuasion, threats or whipping could make her mount a stool and sit there as the other animals did. Beautiful as some evil tropical flower, she would stand defiant, snarling and lashing her tail, her yellow eyes gleaming with malice and contempt for her brothers that bowed before the crack of Con's pistol, the lash of his whip.

And it was because he had met his match in this jungle cat that Con loved her. He gloried in her undefeated spirit while he swore he would conquer her if he had to kill her.

"Better watch out," Renfro warned. "I don't have to tell you there are some cats you can't train. That beast is a devil. You'll never tame her."

"I will if it's the last thing I do! I'll make her a pet on her belly and like it."

If Madeline had learned a lesson from the Bengal tiger she might have won Con's love. If she had continued to be aloof, cold and defiant he would in time have forgiven what she had done and found it worth while to try to reinstate himself. Eventually he might have given her as much affection as he was capable of giving any one.

But Madeline was a woman in love. After a week's coolness, when she alternated between hating Con and aching for him, she smothered her pride and begged his forgiveness.

"It was because I loved you," she sobbed. "I knew it was a rotten thing to do but I was just crazy and I knew Donna would never marry you. I'm telling you the truth, the God's truth! Donna had a crush on Bill Siddal the first time she went to visit my grandfather and I knew if she and Bill were thrown together they'd get married. You've got to forgive me, Con. I can't go on like this! It's just killing me to have you treat me this way."

"I suppose it was your idea to have Donna go to the farm after the accident?"

"Well, it was a lot better than having her stay in a hospital and it saved expense."

"And threw her and your precious cousin together! Just what does your grandfather think of Donna's sponging on him this way?"

"Why, he thinks she is me—er—he loves her because—"

"I heard you the first time. So your grandfather thinks Donna is you! Haven't you told me he is well-to-do?"

"Yes, not rich, but the farm is worth something. He's comfortably fixed. Why?"

"It strikes me that in your anxiety to marry your partner off so you could get your clutches on me you've thrown away your inheritance."

"I don't know what you mean. Donna would never—you don't think Donna would influence him into leaving her the farm, do you?"

Lucy, the Bengal, was the only one of his beasts Con really cared

Contract In Films Given Laguna Girl

LAGUNA BEACH, May 29.—With a report reaching here today that Barbara Read, 16, a sophomore at the Tustin union high school, had signed a contract with the Columbia studios in Hollywood, another name was added to those of local young thespians whose talents along dramatic lines have carried them through the gates of movieland.

The young girl, who lives here with her aunt, Mrs. Clara McCullough, has taken an active part in junior theatrical productions and made quite a hit in "Rent Party," a community play staged here a few days ago.

Others representing the younger set of the art colony on the rosters of the Hollywood studios are Dean Benton, son of Mr. and Mrs. William E. Benton, now with the Universal studios, and June Storey, daughter of Mr. and Mrs. William Storey, who is now holding a contract with the M-G-M studios, Culver City. Like Barbara Read, Miss Storey attended the Tustin union high school.

O.E.S. Chapters To Hold Party Night

GARDEN GROVE, May 29.—At the regular meeting of Garden Grove chapter, O. E. S., held in K. of P. hall in Anaheim the annual memorial service was held.

Mrs. Mae Henry, deputy grand matron of the 57th district, and Mrs. Maud Sayles, worthy matron of Brea chapter, were escorted to the east, while another visitor was Mrs. Clara Craves, of Laurel chapter No. 30, Phoenix, Ariz. Miss Mary Ottilie Macintosh sang "On Rest in the Lord," by Handel. It was voted to meet June 14 at 7:30 o'clock in short form and adjourn to Orange for the annual party night of Scepter chapter. Miss Clara Carmichael will entertain the Monday Afternoon Star club at her home on Monday June 4, at 2 o'clock.

Mrs. Mabel Doig was chairman of the committee serving refreshments of punch and home made cookies to 60 persons.

UNITY CENTER PROPOSED FOR LAGUNA BEACH

LAGUNA BEACH, May 29.—Plans for the establishment of a Unity center in Laguna Beach, including the maintenance of a library and reading rooms, are in the making, according to J. H. Gamble, a Unity practitioner, residing at 509 South Coast boulevard.

A survey, according to Gamble, revealed there are close to a hundred Unity followers living in the art colony, many of whom have expressed their approval of the project. It was added that efforts are being made to obtain suitable quarters in the business section so as to have the reading rooms within easy access of the public.

Efforts are being made to have Dr. Walter Raymond, founder and pastor of the Christian Unity church of Los Angeles, to give a series of lectures here as well as the local center has been established.

Y. FUND CAMPAIGN TO OPEN JUNE 12

LA HABRA, May 29.—The Y. M. C. A. drive for funds will start with a breakfast at the La Habra social hall June 12, according to plans announced by the Methodist church committee today. The committee will attempt to raise \$400 in La Habra through cash subscriptions and pledges.

The money so raised will go toward the salary of Arch Raitt, secretary for the Northern Orange county group; to the district office and for local equipment. Nearly 150 boys are now enrolled in the work here.

It has also been announced that the boys from Northern Orange county will have Camp Osceola available to them during the period between July 23 and August 4. Registrations for the camp are being received by George Armstrong.

"Would she have to do any in-dulging?" He thinks she is his granddaughter, you say. She's marrying your cousin. You don't suppose he is going to let the fortune, such as it is, slip through his hands? If Donna isn't unscrupulous enough or clever enough to get the old man's will worded in such a fashion that the money will be hers, this cousin will think up a way to do it.

"And where will you be? You could swear until doomsday that you were the granddaughter and entitled to what is left, but with two against you you'd just be out of luck."

Madeline's lips curled scornfully. "And you claimed to love Donna! I don't know anything about Bill Siddal, but I do know Donna. She wouldn't rob me and no man could induce her to try to cheat me out of anything. Grandfather might leave."

"I wouldn't be too sure! I suppose you kept that letter?"

"No, I don't. But just to satisfy you I'll write Donna and ask her what she intends to do if Grandfather should die."

"You think she'd tell you?"

"I know she would."

"If she does, for your own protection be sure to keep the letter."

"Until this conversation Madeline had given little thought to what her grandfather possessed. Now the farm and livestock and the Siddal bank account became of vast importance as she realized that Con considered her an heiress. After Madeline had written to Donna, first wishing her happiness, then tactfully inquiring what the situation would be if Grandfather Siddal should die, she began to wonder if Con were not a better judge of character than herself. Was Donna, in marrying Bill Siddal, looking forward to a future that included property and valuable assets as well as home and husband?

(To Be Continued)

NOW. PILES

MEET THEIR WATERLOO!

Sure relief—quick relief—real relief for all forms of Piles—Bleeding, Itching, and Protruding. Pazo Ointment does it! Not only alleviates the pain, but tends to correct the condition of Piles as a whole. Here's why:

Pazo is soothing. It stops the inflammation. Pazo is healing. It repairs the torn tissue. Pazo absorbs and dries up excess mucus and reduces the swollen blood vessels which are Piles.

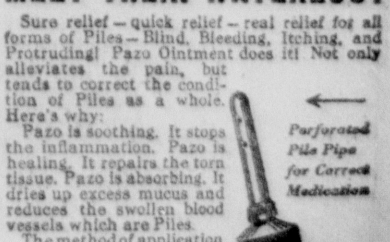

The method of application makes Pazo doubly effective. Perforated Pile Pipe attached to tube reaches up into the rectum and thoroughly medicates all affected parts. Now, comfort when you work! Order the Pazo Ointment.

U. C. SUMMER SCHOOL OFFERS NEW SUBJECTS COACHES, STARS ADDRESS U. S. C. ALUMNI GROUP

Summer school courses that will be taught this year at Santa Ana Junior College Summer session include, besides regular required courses, designed to make up deficiencies of students in regular session, some subjects which are intended for pursuit of those particularly interested in specific lines. McKee Flisk, jaycee dean, announced today.

Among these is a course in present day philosophy, taught by E. M. Nealey. "This course," states Nealey, "is being taught to satisfy queries of people who want some information on philosophies that will help them to mold their lives more satisfactorily. We will avoid unnecessary history and theories, and the lectures will contain only discussions of specific ideals, without delving into more abstract considerations."

Etta M. Conkle, jaycee chemistry instructor, will conduct courses in quantitative analysis and organic chemistry, according to Flisk. These courses include three hours' laboratory and one hour lecture each day for five days a week, giving more time to the course in the six weeks of summer school than is given during the regular session, states Miss Conkle. Qualitative analysis, or college freshman chemistry, is the prerequisite for both of these chemistry courses.

Special English courses being offered in summer session include a journalism class under the instruction of John H. McCoy, and a survey of English literature, taught by Agnes Todd Miller. The journalism course, states McCoy, will be arranged to suit those signing for the class. The literature survey will include the reading and discussion of "Paradise Lost," some Shakespearean plays, Thackeray's "Vanity Fair," and Gulliver's Travels. This course will be adapted for adults interested in building a cultural background of the classics, and college English majors, according to Miss Miller.

LINDSEY SPEAKING ON TAX PROBLEMS

Treating the many phases of municipal, state and national taxation, Charles Lindsey of the California Taxpayers association is in Orange county to give a series of talks before service clubs, fraternal groups and other organizations.

Lindsey will give a talk tonight in the Knights of Pythias hall in Tustin and will address the Fullerton Rotary club on June 6. He spoke last Thursday before the directors of the Fullerton Chamber of Commerce and on Wednesday to the Merchants and Manufacturers association in Anaheim.

The mounting cost of taxation is discussed by Lindsey, who is considered an authority on tax and debt structures.

He is organizing tax groups in various counties in the Southland and will have his headquarters at the Santa Ana hotel while speaking here.

European Arms Trade Flourishes Despite Scandalous Revelations Munitions Business Only Slightly Decreased During Depression

BY MILTON BRONNER Staff Correspondent

LONDON, May 29.—Wars and rumors of wars have caused streams of gold and silver to flow into the pockets of the world's armament makers, but, at the same time, in the United States and Europe, verbal brick-bats have come hurtling about their devoted heads.

The world has become a far less pleasant place in which to spend their dividends. For since 1918 there has been a steady campaign of peace organizations to show just how callous, greedy and international are these same armament makers who always wrap themselves in a cloak of hundred per cent national patriotism.

Before the World War, the men who manufactured the materials for mass murder had things pretty much their own way. In their patriotic pose, they pointed out that they made the stuff which enabled their respective nations to defend themselves against a possible enemy. But this claim has been stripped from them since then, because it has been shown that with great impartiality they sold their wares, not only to their own country, but to all comers.

Shot Down by Own Shells

Hugh Dalton, speaking in the British House of Commons in March, 1926, charged that the Australian, New Zealand and British troops in the Gallipoli campaign in the World War were shot down by shells the Turks had bought from a British armament firm.

Speaking in the French chamber of deputies on February 11, 1932, Paul Faure charged that French troops were shot down by guns which the Bulgarians and Turks had bought from a great French armament firm.

During the World War there was a striking example of the international workings of the dealers in death. There was a big firm which was registered as British. It had factories in both Germany and Great Britain. It had German and British shareholders. In May, 1915 British and German agents got passports from their respective governments and met on neutral territory where British holders of shares in the German factories got the British shares in exchange for them and where German holders of shares in the British plants got German shares in exchange for them. By this pretty scheme the British and German investors in these stocks were protected against the loss of their principal and interest in what was then an exceedingly profitable business.

The Briey Basin Mystery

An even greater scandal was the mystery as to why the Briey basin on the frontier between France and Germany was not bombed. On the French side of the frontier, before the war

Arch-dealers in the tools of war-time destruction, these three loom large on the European scene; Francois de Wendel (left), one of the chief armamenters of France; Sir Herbert Alexander Lawrence (center), chairman of Vickers, Ltd., the great British munitions firm; and Dr. Krupp von Bohlen (right), head of the great Krupp works in Essen, Germany.

there were great iron and steel mills preparing war material for France. On the German side there were similar mills preparing material for Germany. Soon after war started, the Germans secured possession of the whole Briey basin.

This helped them to prolong the war, but no serious attempt was made by the French troops to bombard this sector. In fact, it was not seriously threatened at all until the American troops launched an offensive in that direction in 1918. The whole matter was afterwards aired in the French parliament. It was charged that French steel interests prevented the bombardment by French forces because they expected to get back the territory after the war and because there was a gentlemen's agreement between great French and German armament makers.

One of the greatest munitions scandals of modern times was once partially exposed in March 1933, when there was evidence that the agent of a big foreign armaments works had bribed or attempted to bribe Roumanian war department officials into giving his concern a big order. Before the thing went very far, a Roumanian general shot himself. Papers, which were badly wanted, mysteriously disappeared. A top-sided trial was held and one man was sent to prison for five years. But the men who are supposed to be the chief beneficiaries of "gifts" escaped and presumably are still holding jobs in the Roumanian army and the armaments firm is presumably still selling arms to Roumania.

Export Munitions Trade

World trade, as a whole, has shown a steady and very large decrease. World export in munitions has shown much less decrease. If 100 is taken as the index for 1928, by 1933 world trade had fallen to 36. But export trade in munitions had fallen only to 75. And export trade in munitions only tells a small part of the story, because in many big countries the munitions factories have been very busy arming their home lands to the teeth.

Arthur Henderson, former labor minister of foreign affairs in the British cabinet and at present chairman of the League of Nations Disarmament conference, estimates that the average of the military expenditures of 41 countries during the past five years has reached the enormous sum of four billion dollars per annum.

Shareholders and Workers

A German statistical institute, which studies this armament ques-

MULHERRON IS ORANGES FROM NAMED HEAD OF COUNTY ASKED SERA IN COUNTY BY DRUG FIRM

Dan Mulherron, San Clemente contractor and civic leader, today verified the fact of his appointment as director of the works division for the new SERA di-gram in Orange county. Reports of the appointment have been current for several days.

Mulherron will appear before the county supervisors at a special meeting of the board next Friday, he said, in company with Charles I. Schottland of the state emergency relief administration, to disclose plans for the new relief program.

Mulherron, who has been familiarizing himself with details of his new post, said that details of the new program will not be made known until that time.

Appointment of Mulherron was made by Ralph Wadsworth, state director of the works division in SERA, on recommendation of John L. Bacon, former mayor of San Diego, now regional director for SERA in division II, which includes the five southern counties of Orange, Riverside, San Bernardino, San Diego and Imperial.

Mulherron, a veteran building contractor, is president of the San Clemente chamber of commerce and vice-president of the Orange County Coast Association.

A new outlet for a large quantity of Orange county oranges has been found, according to a statement made today by A. Cavalli, manager of the Merchants Division of the Santa Ana Chamber of Commerce.

The Walgreen Drug company of Chicago, which operates stores in many other cities of the United States, now is in the market for five carloads of juice oranges a week. Cavalli said, and it has been stipulated that the oranges are to come from Orange county.

Cavalli quoted D. Gordin, district supervisor of the Walgreen Drug company, as stating that Orange county citrus fruit is very popular in Chicago, and that a strong preference for the local fruit is shown in the company's 189 drug stores in Chicago.

"With a standing order for five carloads of oranges to be shipped each week to Chicago," Cavalli declared, "many of our ranchers are hopeful that this will help materially in price advances and have a marked effect upon business conditions in Santa Ana."

PLAYERS GET 30 VOLUME LIBRARY

Due to the generosity of Mrs. Ray Fager of Chicago, formerly Miss Margaret White of this city, Santa Ana Community Players are to boast a library of plays which they hope will equal anything of the nature to be found on the western coast. Forming the nucleus of this collection is the large number of volumes presented to the association by Mrs. Fager just prior to her departure this week to rejoin Mr. Fager in their Chicago home.

The books, some 30 in number, represent Mrs. Fager's own personal collection and include both one act and three act dramas, varying from such classics as "The Iphigenia in Tauris" to current stage successes. They were left in the care of William H. Spurgeon, president of the Players' association, until such time as the association may have facilities for caring for them.

"Seniors who graduated from Santa Ana High school in February must have their graduation sheets in not later than tomorrow if they wish to participate in graduation exercises," D. K. Hammond, Santa Ana high school principal, said today, in an effort to find out how many of those who graduated at the mid-year will come to baccalaureate and commencement.

High school baccalaureate will be June 10 at 7:30 p. m. in the Methodist Episcopal church, with the Rev. Perry F. Schrock, minister of the First Congregational church, as speaker. Merton E. Hill, director of admission of the University of California at both Berkeley and Los Angeles, will be commencement speaker. These exercises will be held on the high school lawn June 15 at 7 p. m.

Mid-Year Grads Are Requested To Report To School

GOING EAST? WE'RE SELLING Comfort

LOW SUMMER FARES EAST—May 15-Oct. 15

Even lower than last year to many points, 1934 summer season roundtrips will be on sale daily from May 15 to October 15, final return limit October 31. Three classes of fares. Examples of roundtrips:

	FIRST CLASS		INTERMEDIATE		COACH	
	Season	45-Day	Season	45-Day	Season	45-Day
Chicago	\$96.00		\$68.80		\$57.35	
New York	\$135.15	\$124.40	\$117.95	\$107.20	\$106.50	\$95.75
Boston	142.25	132.45	125.05	115.25	113.50	103.80
Houston	70.45		56.40		47.00	
Kansas City . . .	72.00		57.60		48.00	
New Orleans . . .	85.15		68.15		56.80	
Washington . . .	130.45	120.75	113.25	103.55	101.80	92.10

Similar fares to all eastern cities. Also attractive roundtrip fares to Pacific Coast resorts and cities. RESERVE NOW FOR ANY DATE.

DIRECT . . . DE LUXE—If a fast, direct, luxurious trip to Chicago interests you, we urge you to try the superb Golden State Limited (former extra fare abolished; there is no extra fare on any Espee train.)

SLEEP MARKED DOWN—By removal of the surcharge, we have cut the costs of Pullman accommodations one-third under what they were a year ago.

NEED YOUR CAR? TAKE IT ALONG—Purchase of only two first-class tickets now gives you the privilege of "checking" your automobile at the low additional charge of 3.6 cents a mile. To Chicago, for example, the extra cost for your car is only \$79.84 plus your two passenger fares.

The Little
Red Hen
is Coming to Stay

Terming the national collegiate track meet to be held in Los Angeles in June as "the finest track competition in America," Track Coach Dean Cromwell of the University of Southern California was the principal speaker at the annual spring "stag" banquet of the Orange County Trojan Men's club held in James' cafe last night.

More than 75 persons heard Cromwell and a delegation of guests from U. S. C. who were on the program. These included Debate Coach Alan Nichols, Norman Paul, Santa Ana trackman and guest of honor, Tony Beard and Curt Yonel, football stars, Edwin Dunning, vocalist, Al Glenn and John Johnson, musicians, and Ralph Wilcox, alumni head.

In an election of officers, John Dunlap, Santa Ana newspaperman, was elected president; Leonard Evans, Anaheim, vice-president; Richard Drew, Santa Ana, secretary; and Lloyd Verry, Fullerton, secretary. Outgoing officials were J. Wayne Harrison, Santa Ana, president; A. I. Mellinthin, Santa Ana, vice-president; Kellar Watson, Orange, secretary; and Ted Kuchel, Anaheim, treasurer.

The complete program was broadcast over Radio KREG with Attorney Lew Blodgett of Santa Ana acting as toastmaster. Talks were given by Coach Nichols, Norman Paul, Beard, Yonel, Wilcox, Harrison and Dunlap. For the musical numbers, Dunning, accompanied by his wife, both of whom are U. S. C. students, sang "King for a Day" and "The Glory Road." Warren Schultz, Anaheim trumpeter, was accompanied by Hal McCormac of Santa Ana; and Glenn sang, accompanying himself on the guitar with Johnson at the piano.

Cromwell brought out that from 600 to 800 outstanding athletes from about 100 colleges will be in the national meet on June 22 and 23 in the Los Angeles Coliseum. He explained how U. S. C. was underwriting the meet for \$20,000 and was insuring the expenses of every athlete who could qualify.

Trojan club members seeking office who were introduced at the meeting were County Superintendent of Schools Ray Adkinson, District Attorney S. B. Kaufman and Harold West, candidate for county recorder.

Charles Swanner, chairman of the nominating committee which included Blodgett and Mellinthin, submitted the roster of officers, which was adopted unanimously. Harrison was lauded for his efforts this year in presenting the four programs which included appearances of Coach Howard Jones, President R. B. von Klein Smid, Mark Kelly, Dean Cromwell and others.

BILLBOARD LAW IS
CONSTITUTIONAL

SACRAMENTO, May 29.—(UP)—Many political candidates probably were greatly disappointed when the state supreme court ruled the California billboard law was constitutional.

The act gives the state the right to regulate billboards and remove those within 300 feet of the highway right-of-way. All others that prevent a clear view of intersections for a distance of 500 feet are banned by the law.

Following the court's decision public works officials announced they planned an immediate campaign of vigorous enforcement.

European Arms Trade Flourishes
Despite Scandalous Revelations

Munitions Business Only Slightly Decreased During Depression

BY MILTON BRONNER

Staff Correspondent

LONDON, May 29.—Wars and rumors of wars have caused streams of gold and silver to flow into the pockets of the world's armament makers, but, at the same time, in the United States and Europe, verbal brick-bats have come hurtling about their devoted heads.

The world has become a far less pleasant place in which to spend their dividends. CHURCH CLUBS FRATERNAL

WOMEN~ SOCIETY~ THE HOME

WEDDINGS FASHIONS HOUSEHOLD~

Capistrano Institute Extends Courtesy To Bride-to-Be

Following their regular meeting the past week in Knights of Columbus hall, members of Capistrano Y.L.I. devoted the social hour to special features in compliment to Miss Ann Lieberman, whose marriage to Fred Dierker is to be an event of the very near future.

Miss Lieberman was showered with a variety of gifts for her kitchen. Refreshments were served in the dining room where tables had been decorated with flowers and pastel-hued tapers. Tall baskets of gladioli were especially lovely. On the committee in charge were Mesdames Harry D. Edwards, J. P. Murphy, Clyde Taylor and Miss Ella Mae Riviere.

The business session preceding the social time was under direction of the president, Mrs. Rose Edwards. Special guests included Miss Sarah Seally, district deputy, and Mrs. Marian Kelly, both of Los Angeles.

Plans were made for a merchants' cooperative dinner to be held Thursday, June 14 at 6:30 p.m. in the hall preceding the usual institute business session. Mrs. Rose Edwards is general chairman of the affair. Business of the evening will include election of officers and naming of delegates to attend grand convention at Santa Cruz.

Outdoor Setting Given Afternoon Bridge Event

Giving a garden party the past week at her home, 2127 North Main street, Mrs. H. Raymond Smith entertained a group of friends who had planned to attend the bridge tea which Junior Ebell Child Study section thought best to postpone from that afternoon until early fall.

High scores in bridge at the four tables were held by Mrs. R. C. Harris, Mrs. Nelson, Mrs. Milo K. Tedstrom and Mrs. Overshiner. Prizes were zinnia plants.

Mrs. Smith served dainty refreshments. She was assisted by her sister, Mrs. Dale Grames of Pasadena and by Mrs. Leo West of Orange.

Those present were Mesdames Carson Smith, Don Park, R. C. Harris, Russell Wilson, Milo K. Tedstrom, Overshiner, Edward Russell, John Bradley, Sam Walker, Nelson, George Bradley, Louis Baltz, Leo West, Dale Grames, Miss Helen Stauffer and the hostess, Mrs. Smith.

Girls Make Plans for Annual Graduation Dance

Plans for their second annual graduation dance were formulated Friday afternoon when Girls Ebell society members met with the Misses Mary Schrock and Jane Hill in the home of the former's parents, the Rev. and Mrs. Perry F. Schrock, 205 West Twentieth street.

A tea hour was enjoyed by the girls in advance of the business session, and the hostesses asked Miss Mary Lou McFarland to preside at the tea table with its lovely arrangement of hydrangeas and vivid green tapers.

In planning for the dance to follow commencement activities on the local high school campus, the date of June 15 was selected for the party, which will be held in Ebell clubhouse. Rules governing attendance will be that one of any couple attending must be either a member of the graduating class or a member of Girls Ebell society.

Further details of the party will be worked out at a meeting of the club on June 8, and in the meantime committee activities will continue under the chairmanship of the Misses Ruth Warner, invitations; Roberta Tuthill, orchestra; Betty Jane Moore, decorations; Margaret Ellen Sawyer, publicity.

Knights of Pythias; Knights of Pythias hall; 8 p. m.

Student Recital
Parents and friends of piano pupils of Mrs. Jefferson Eyerly (Marie Stanton Eyerly) found an interesting evening awaiting them Friday when they attended the spring recital at which the young people were presented in United Presbyterian church.

The program, given amidst a profusion of flowers and the glow of many candles in wrought iron torches, was introduced when the Rev. Albert E. Kelly, pastor of the church, talked on music as a preparation. Quoting from writers ancient and modern, the speaker showed what great part music had played in the development of civilization, and called attention to its powers of expression as well as to those of impression.

The piano program was so arranged as to show what the young people had accomplished, and ranged from the simplest numbers played by very young pupils, some of whom had received only a few weeks' instruction, to fine interpretations of some of the great composers. In addition to the piano solos were duet numbers by Ruth Hawley and Maxine Kauffman, playing "Barcarolle" (Offenbach); Mildred and Richard Gibson, who played "Ten Little Fishes" (Winthrop); and Richard and Stewart Gibson, playing "Bloom and Blossom" (Hofel), and two different two-piano numbers. The first of these was "Uncle Henry" (Wilson) with Donna Baker and Ralph Tiffin at the first piano, and Ruth Hawley and Richard Gibson at the second. Donna and Ralph and Mildred Day and Ruth played the remaining two piano numbers, "Four Leaf Clover" by Spencer.

Young people appearing in solo work included Donna Baker, Ralph Tiffin, LaVonne Wells, Charles Clary, Richard Gibson, Stewart Gibson, Eugenia Bond, Maxine Kauffman, Vernon Branson, Mildred Day, Dick Hill, Ruth Hawley and DeLacy Cook.

One of the interesting program features was the demonstration of chords, scales, arpeggios and inversions played as the finale by half a dozen of the more advanced pupils. Each young pianist was presented at the program's close, with a pretty bit of oriental ivory by Mrs. Eyerly, and there were many flowers for individual young artists.

Mrs. Eyerly presented corsage bouquets to friends assisting in receiving the guests, and to Eleanor Young Elliott, one of her sister members in Santa Ana Woman's club, who gave a group of readings.

Tea Given to Reveal News of January Marriage

Mrs. H. G. Nelson and Mrs. M. E. Geeting have returned home from a most interesting weekend at Tulare, where they took prominent part in the announcement tea given by their daughter and daughter-in-law, Mrs. Baxter Geeting (Corinne Nelson). It was revealed that the marriage of Miss Nelson and Mr. Geeting had taken place January 27 in Stockton, Calif., at the College of the Pacific.

Faculty members at Tulare High school where Mrs. Baxter Geeting has been teaching for the past year, were guests at the tea, given Sunday afternoon in her home. By means of bulletins similar to the daily announcement sheet issued for the school staff, news of the January wedding was revealed. The clever news notes, compiled by the bride, gave additional information as to the program for the afternoon. Mrs. Nelson entertained with appropriate solo and Mrs. Geeting gave readings.

The tea hour was especially delightful, having its setting in the sun room where tables were appointed each in a rainbow hue. Floral centerpieces, china and hand-painted favors, the work of the hostess, conformed to the chosen theme for each table.

In the evening the group went in a body to baccalaureate services held on the lawn at Tulare High school.

Mr. Geeting is concluding his first year of teaching drama and speech at Westwood High school. He and his bride plan to spend a short time with their parents, Mr. and Mrs. M. E. Geeting, and Mr. and Mrs. H. G. Nelson in June before attending summer school at the University of Southern California.

On completion of their studies there, they expect to take a deferred honeymoon trip to Boston, Mass., and other eastern points, returning to take up their residence in Westwood where Mr. Geeting will continue in his present position and Mrs. Geeting will become a member of the same staff as instructor in music.

Both Mr. and Mrs. Geeting are graduates of Santa Ana Junior college and of Pomona college, continuing their studies at the University of California, Berkeley. They have made enviable scholastic records throughout their years of study, taking prominent part in a variety of activities. Mrs. Geeting graduated from Santa Ana High school, Mr. Geeting had the unique experience of being president of his senior classes at San Diego High school, Santa Ana Junior college and Pomona college.

Hostess Honors Bride At Gay Evening of Games and Gifts

Complimenting her cousin, Mrs. Harry G. Welch, a recent bride, Mrs. Philip Lalonde entertained late the past week at an evening party of pronounced charm. In her home, 906 North Flower street.

The game of hearts was introduced as entertainment feature and was followed by a refreshment interval during which the card tables were called into play for serving fruit salad, wafers and coffee to the accompaniment of pretty flowers and linens. The next gay feature was when all the guests gathered around a large table upon which daintily wrapped packages were heaped, and watched Mrs. Welch open the many and varied gifts selected for use in her future home. The evening ended with dancing to a radio program.

The marriage of Miss Louella Anderson, daughter of Mrs. Alma Anderson of this city, and Harry G. Welch of the U. S. S. "New York," was an event of late April in Long Beach. The bride is remaining here in her girlhood home until the fleet returns to Pacific waters.

Friends sharing Mrs. Lalonde's hospitality and showering gifts upon her honor guest, Mrs. Welch, were the latter's mother, Mrs. Alma Anderson of this city, and grandmother, Mrs. George W. Bartlett of Arlington, and the Misses Jane McBurney, Ruth McBurney, Helen Pine, Eunice Spicer, Hazel Oliphant, Ellen Frazee, Claire Sauder, Nellie Pickus, Edith Wadell, Annie Tucker, Mary Jane Zink and Willa Bradford.

Announcements

Golden State Luncheon club will meet Friday at noon with Mrs. Harv Pennington, 610 East Myrtle street.

Northwest section of First Presbyterian Ladies Aid will meet Friday at 2 p. m. for a birthday party in the home of Mrs. E. B. Sprague, 1920 Victoria drive.

Through Mrs. R. O. Winckler, announcement was made today that Ebell Day Nursery at 610 Garfield street is calling for donations of any description for the storehouse. According to the announcement, the nursery is in full operation. Children are received as early as 6 a. m., and kept until called for. A nominal charge is made for service.

The Orange County Capella chorus of which there are many Santa Ana members, is to have its spring concert tonight at 8 o'clock in Fullerton union high school auditorium. Miss Ruth Harwood, violinist, will be introduced as guest artist. The chorus works under direction of Benjamin Edwards.

Lyric Baritone Meets With Enthusiasm in Spanish Program

Distance and time become only two words in the dictionary for Ebell society members yesterday afternoon, for they were transported to lands and an era of sheer romance when Felipe Delgado, Spanish lyric baritone, gave his program, "Sombras del Pais" (Shadows of the Country) as the final May program feature for the society.

Secured by Mrs. George Raymer and her program committee, and introduced by Mrs. Charles V. Davis, Ebell president, this gifted young scion of one of New Mexico's first Spanish families, delighted his audience with songs of old Spain, of Mexico and of early California. All were interpreted with a dramatic fervor in which the audience was able to grasp the meaning of the numbers despite any unfamiliarity with the Spanish tongue.

The art of the soloist was ably seconded by that of his accompanist, Anna Maud Van Hoose, whose piano work was brilliant and artistic in the extreme. A Spanish shawl, flung carefully over a screen of hand-woven blanket or serape draped over a bench, and the stage setting suggested the correct background for each group, while Miss Van Hoose in white satin and lace, her lace mantilla caught with a cluster of scarlet blossoms, served to emphasize the color and beauty of Senor Delgado's characteristic costumes. These were gleaming white for the Spanish numbers, a sequin-embroidered bronze satin blouse and tightly laced trousers for the Mexican group, and brilliant scarlet and blue for the early California group.

A slight paraphrase of each song accompanied the program, so that the audience could follow the general meaning aided by the dramatic interpretation given by the artist. His voice had a clear, fluid quality and was beautifully modulated, suggesting powers far beyond the range of the auditorium. His sympathetic qualities seemed to make it perfectly adapted for interpreting the romance and color of the songs of his Spanish forebears.

These formed the opening group and were "La Espanola," expressing a nostalgic love for Spain; "Guitarras y Flores" and "Viva Sevilla," two appealing love songs. Miss Van Hoose followed the song group with the piano solo, "Corcovado," and after the second group by the baritone, played "Malagueña" both of them by Lecuona, and both showing her fine piano technique.

"Las Mananitas" (a song of "early morning") arranged by Perches; "La Alondra," arranged by the accompanist, Miss Van Hoose; "Ni de Dia Ni de Noche," by Grever, sung with a touch of pathos, and "Cuando me Vaya" (Grever) with its recitative passages, completed the Mexican group with such favor by the audience that an encore number was necessary, and the soloist sang "Quiero mi Mucko."

Enhancing the appeal of "La Paloma Blanca" which opened the early California group, was the introduction of the "white dove" which typified the absent sweetheart; "La Sena" sung beneath one of the balconies above the Ebell stage, introduced a liquid whistling note as the signal to the lovely senorita supposedly coming to the balcony in response to her lover's call. The final number, "El Capotín," had in addition to its piano accompaniment, the guitar played by the soloist in emulation of the customs in vogue when these delightful folk songs prevailed.

Musical arrangements were Senor Delgado's own, and he gave a fourth and final song of his own arrangement to gratify the demands of an extremely appreciative audience.

Weekend Event Comes In Compliment to Young Couple

A group of young people who have been brought together for various house parties shared an unusually delightful affair this week end when Mr. and Mrs. Walter J. Markel were hosts in compliment to Miss Dorothy Leeds and Jack Dalton of Los Angeles, who are to be married Wednesday.

The honored couple came to Santa Ana Saturday morning with Peter Reynolds, also of Los Angeles, to be joined by Miss Rosemary Ashen and Mr. and Mrs. Markel in a visit to the mission at San Juan Capistrano. Mr. and Mrs. Markel entertained the group at Travaglini's at San Clemente. Returning in the evening to the Markel home at 1705 Greenleaf street, the young people found an additional group of friends awaiting them. They were the Misses Barbara and Betty Gunnis and Messrs. Jack Bushard and Ernie Kaiser of Los Angeles. The out of town guests spent Saturday night in this city, some with the Markels and others in the home of Mr. and Mrs. Ashen, 1502 French street.

Miss Rosemary Ashen left today for Los Angeles, meeting friends with whom she will continue to Santa Barbara for the wedding of Miss Leeds and Mr. Dalton. Both Miss Ashen and Miss Leeds attended Immaculate Heart college in Hollywood. Mr. Dalton has had his pre-medical training at Loyola university. He plans to continue his studies at St. Luke's hospital, New York City, where he and his bride will go following their marriage this week.

Country Club Dance Closes Season

Santa Ana Country club was setting for its last dance of the season Friday night when members gathered for an enjoyable finale to events of the past several months.

Mr. and Mrs. Roy Langley and Mr. and Mrs. Lawrence Baniis were hosts for the dance, which was a sports affair. Music was provided by R. E. Barnes and his orchestra. Monthly dances will be resumed in October.

Parent-Teachers

Electing officers for the new year and reviewing activities of the past several months, members of St. Joseph P. T. A. met the past week in the school annex.

Mrs. William Maag, president, conducted the business interval during which Mrs. Robert Sandon was named president, Mrs. Charles Borchard, first vice president; Mrs. E. J. Vosekuhler, recording secretary; Mrs. Clyde Taylor, financial secretary; Mrs. Ethelbert Johnson, treasurer; Mrs. Clyde Ashen, historian.

Reports were given by Mrs. J. L. Murphy on the diocesan council held recently at Los Angeles, and by Mrs. William Maag on events of Catholic action week observed in Los Angeles.

Dorothy Hail Pittman announced that John Hill and Grace Heaney of St. Joseph school were winners in a public speaking contest held at Lathrop junior high school. It was brought out that during the year just drawing to a close the association had purchased a new encyclopedia and reference books for the school; had provided lunches for needy students; had been sponsors of various trips and social events.

Cakes and coffee were served by a committee composed of Mesdames Frank Briggs, Frank E. Robert Sandon and C. A. Descant.

Miscellaneous Shower Given for June Bride-elect

Miss Leora Cowser, whose marriage to George Lerno of Long Beach is to take place June 23, was honor guest at a miscellaneous shower given the past week when Mrs. Mildred Rogers and Mrs. Maddie Riley joined as hostesses in the latter's home, 202 West Santa Clara avenue.

Games were played throughout the evening, with prizes going to Opal Manderscheid, Addie Hampton and Camille Denbow. Refreshments of jello, cake and candy were served. Miss Cowser was presented with many gifts.

Those present, with the hostesses, Mrs. Rogers and Mrs. Riley, and the honoree, Miss Cowser, were the Misses Dorothy Privitt, Pauline Privitt, Opal Manderscheid, Noma Rogers, Vivienne Willeford, Betty Riley, Marie Riley, Beverly Riley and Mrs. Jennie Bacon, Santa Ana; Mrs. Addie Hampton and son, Bobbie Joe Hampton, Camille Denbow and Eleanor Cowser, Orange.

Miss Barbara Burke of Los Angeles spent the week end with her parents, Dr. and Mrs. W. Maxwell Burke, 1461 Orange avenue. Mr. and Mrs. Frederick J. McMillan and daughter, Catherine Jeannette, have returned to their home in Long Beach following a few days' visit with Mrs. McMillan's parents, Mr. and Mrs. William Adamson, 1017 North Ross street. Little Catherine Jeannette spent the past week with her grandparents while her parents enjoyed a vacation at Sequoia National park. Sunday evening Mr. and Mrs. Adamson were hosts at a family dinner, entertaining in addition to the McMillans a son and daughter-in-law, Mr. and Mrs. William Adamson of Ocean-side, and Miss Catherine Akers of Orange.

Mr. and Mrs. J. J. McDonald of this city have been making a short stay at the Los Angeles Ambassador hotel. Mrs. Dale Grames has returned to her home in Pasadena, concluding a several days' visit with her brother-in-law and sister, Dr. and Mrs. H. Raymond Smith, 2127 North Main street.

Two Santa Anas, Mrs. Russell Krebs Reagan (Helen Slabaugh) and Miss Patricia McClure, both members of Alpha Chi Omega sorority at the University of Southern California are among members of Greek letter social sororities at the university who are busy arranging and attending campus functions proclaiming the end of the college year. Mrs. Reagan is recording secretary of Alpha Chi Omega.

Mr. and Mrs. Claude W. Buchanan, who were called here several weeks ago by the illness of Mr. Buchanan's sister, Mrs. Walter Lathrop, 291 South Birch street, have returned to their home in Logansport, Ind., following a stay in the home of Mr. and Mrs. Lathrop. Mrs. Lathrop is reported recovering from a serious illness. Miss Allene Lair, who has spent the last few months at the Studio club, Los Angeles, and has been studying intensively under Josef Vecsel, famous Hungarian pianist, is here for a several weeks' vacation visit with her parents, Mr. and Mrs. Allen Lair, 2304 Spurgeon street.

ANNE MEREDITH'S MIXING BOWL

EAT AND GROW SLIM

Fruit Salad:
1-2 canned pear
1-2 cubed cantaloupe
Lettuce Heart
2 tbsps. mineral oil
Mayonnaise
1 square Ry-krisp, dry
Clear tea, lemon and saccharin if desired.
Calory total—165.

For my part the chief value in luncheon lies in the chance to sit down quietly and relax, and relaxing to me always means a chance to read... a paragraph to a bite.

Are you women who use these diets familiar with water-packed fruits? They come usually in gallop cans, canned absolutely sugar-free, other than the natural fruit-sugar. They are not expensive in the long run, for you can use them in salads and in fruit cocktail, the unused portion keeping perfectly if you have refrigeration. Here's another tip for you: if

HEALTH
is the greatest of all earthly gifts. It is the most valuable asset we have. Health prolongs youth, promotes power and increases efficiency, and it is ours for the seeking. Neglect it and lose it we may; or cherish it by living constructively day by day and keep it. GOOD HEALTH is a daily program of CONSTRUCTIVE LIVING. We can help you a lot with your health program, and glad to, that's our business.

Wright's Health Food Center
304 N. Main St. - Santa Ana
Authorized Dealers
BATTLE CREEK FOOD CO.

you use many foods demanding catsup in their make-up, you'll find it economy to buy catsup by the gallon. You can make grand spaghetti by combining the cooked spaghetti with a cheese cream sauce, then add catsup to taste, pop into a hot oven until the top crusts over. Don't forget to season the spaghetti before putting it in the oven, though.

For summer use save time and work by making up a quantity of the cheese cream sauce. I keep 2 quarts on hand all the time. It is just hot milk, seasoned, and thickened with cornstarch, then lots of grated cheese melted in the hot sauce.

TODAY'S RECIPE
Apple Salad
4 apples, sliced
1 celery heart, diced
2 small carrots, grated
6 walnut meats, diced
Mayonnaise
Lettuce garnish
Peel and quarter the apples, slice in julienne strips (about the size of a match). Pile on lettuce leaves, over the apple dice.

Chill salad plates, put a slice of lettuce on each plate, a slice of chilled pineapple over lettuce. Sprinkle with grated cream cheese, put a spoonful of mayonnaise on pineapple and top with a cherry, or right now, a red-ripe strawberry or a cantaloupe ball.

Salad No. 1 has a calory value of 200 per serving (4).
Salad No. 2 has a calory value of 210 per serving.

Wednesday: Delicious Grape juice, a recipe unique, as you'll see tomorrow. Be sure and save this recipe for graptime.

Capistrano Institute Extends Courtesy To Bride-to-Be

Following their regular meeting the past week in Knights of Columbus hall, members of Capistrano Y. L. L. devoted the social hour to special features in compliment to Miss Ann Liebermann, whose marriage to Fred Dieker is to be an event of the very near future.

Miss Liebermann was showered with a variety of gifts for her kitchen. Refreshments were served in the dining room where tables had been decorated with flowers and pastel-hued tapers. Tall baskets of gladioluses were especially lovely. On the committee in charge were Mesdames Harry D. Edwards, J. P. Murphy, Clyde Taylor and Miss Ella Mae Riviere.

The business session preceding the social time was under direction of the president, Mrs. Rose Edwards. Special guests included Miss Sarah Scully, district deputy, and Mrs. Marian Kelly, both of Los Angeles.

Plans were made for a merchants' cooperative dinner to be held Thursday, June 14 at 6:30 p.m. in the hall preceding the usual Institute business session. Mrs. Rose Edwards is general chairman of the affair. Business of the evening will include election of officers and naming of delegates to attend grand convention at Santa Cruz.

Tea Given to Reveal News of January Marriage

Mrs. H. G. Nelson and Mrs. M. E. Geeting have returned home from a most interesting weekend at Tulare, where they took prominent part in the announcement tea given by their daughter and daughter-in-law, Mrs. Baxter Geeting (Corinne Nelson). It was revealed that the marriage of Miss Nelson and Mr. Geeting had taken place January 27 in Stockton, Calif., at the College of the Pacific, with Dr. Farley officiating.

Faculty members at Tulare High school where Mrs. Baxter Geeting has been teaching for the past year, were guests at the tea, given Sunday afternoon in her home. By means of bulletins similar to the daily announcement sheet issued for the school staff, news of the January wedding was revealed. The clever news notes compiled by the bride gave additional information as to the program for the afternoon. Mrs. Nelson entertained with appropriate piano solos and Mrs. Geeting gave readings.

The tea hour was especially delightful, having its setting in the sun room where tables were appointed each in a rainbow hue. Floral centerpieces, china and hand painted favors, the work of the hostess, conformed to the chosen theme for each table. The group went in a body to baccalaureate services held on the lawn at Tulare High school.

Mr. Geeting is concluding his first year of teaching drama and speech at Westwood High school. He and his bride plan to spend a short time with their parents, Mr. and Mrs. M. E. Geeting, and Mr. and Mrs. H. G. Nelson in June before attending summer school at the University of Southern California. On completion of their studies there, they expect to take a deferred honeymoon trip to Boston, Mass., and other eastern points, returning to take up their residence in Westwood where Mr. Geeting will continue in his present position and Mrs. Geeting will become a member of the same staff as instructor in music.

Both Mr. and Mrs. Geeting are graduates of Santa Ana Junior college and of Pomona college, continuing their studies at the University of California, Berkeley. They have made enviable scholastic records throughout their years of study, taking prominent part in a variety of activities. Mrs. Geeting graduated from Santa Ana High school. Mr. Geeting had the unique experience of being president of his senior classes at San Diego High school, Santa Ana Junior college and Pomona college.

Hostess Honors Bride At Gay Evening of Games and Gifts

Complimenting her cousin, Mrs. Harry G. Welch, a recent bride, Mrs. Philip Lalonde entertained late the past week at an evening party of pronounced charm, in her home, 904 North Flower street.

The game of hearts was introduced as an entertainment feature and was followed by a refreshment interval during which the card tables were called into play for serving fruit salad, wafers and coffee to the accompaniment of pretty flowers and linens. The next gay feature was when all the guests gathered around a large table upon which daintily wrapped packages were heaped, and watched Mrs. Welch open the many and varied gifts selected for use in her future home. The evening ended with dancing to a radio program.

The marriage of Miss Louella Anderson, daughter of Mrs. Alma Anderson of this city, and Harry G. Welch of the U. S. S. "New York" was an event of late April in Long Beach. The bride is remaining here in her girlhood home until the fleet returns to Pacific waters.

Friends sharing Mrs. Lalonde's hospitality and showering gifts upon her honor guest, Mrs. Welch, were the latter's mother, Mrs. Alma Anderson of this city, and grandmother, Mrs. George W. Bartlett of Arlington, and the Misses Jane McBurney, Ruth McBurney, Helen Pine, Eunice Spicer, Hazel Oliphant, Ellen Frazee, Claire Sauder, Nellie Pickus, Edith Edlde, Annie Tucker, Mary Jane Zink and Willa Bradford.

Announcements

Golden State Luncheon club will meet Friday at noon with Mrs. Hart Pennington, 610 East Myrtle street.

Northwest section of First Presbyterian Ladies Aid will meet Friday at 2 p. m. for a birthday party in the home of Mrs. E. B. Sprague, 1920 Victoria drive.

Through Mrs. R. O. Winckler, announcement was made today that Ebell Day Nursery, at 610 Garfield street is calling for donations of any description for the storehouse. According to the announcement, the nursery is in full operation. Children are received as early as 6 a. m., and kept until called for. A nominal charge is made for service.

The Orange County Capella chorus of which there are many Santa Ana members is to have its spring concert tonight at 8 o'clock in Fullerton union high school auditorium. Miss Ruth Harbison, violinist, will be introduced as guest artist. The chorus works under direction of Benjamin Edwards.

Lyric Baritone Meets With Enthusiasm in Spanish Program

Distance and time become only two words in the dictionary for Ebell society members yesterday afternoon, for they were transported to lands and an era of sheer romance when Felipe Delgado, Spanish lyric baritone, gave his program, "Sombras del Pais" (Shadows of the Country) as the final May program feature for the society.

Secured by Mrs. George Raymer and her program committee, and introduced by Mrs. Charles V. Davis, Ebell president, this gifted young son of one of New Mexico's first Spanish families, delighted his audience with songs of old Spain, of Mexico and of early California. All were interpreted with a dramatic fervor in which the audience was able to grasp the meaning of the numbers despite any unfamiliarity with the Spanish tongue.

The art of the soloist was ably seconded by that of his accompanist, Anna Maud Van Hoose, whose piano work was brilliant and artistic in the extreme. A Spanish shawl, flung carelessly over a screen, a hand-woven blanket or serape draped over a bench, and the stage setting suggested the correct background for each group, while Miss Van Hoose in white satin and lace, her lace mantilla caught with a cluster of scarlet blossoms, served to emphasize the color and beauty of Senor Delgado's characteristic costumes. These were gleaming white for the Spanish numbers, a sequin embroidered bronze satin blouse and tightly laced trousers for the Mexican group, and brilliant scarlet and blue for the early California group.

A slight paraphrase of each song accompanied the program, so that the audience could follow the general meaning aided by the dramatic interpretation given by the artist. His voice had a clear, fluid quality and was beautifully modulated, suggesting powers far beyond the range of the auditorium. Its sympathetic qualities seemed to make it perfectly adapted for interpreting the romance and color of the songs of his Spanish forebears.

These formed the opening group and were "La Espanola," expressive of a nostalgic love for Spain; "Guitarros y Flores" and "Viva Sevilla," two appealing love songs. Miss Van Hoose followed the song group with the piano solo, "Coro-dova," and after the second group by the baritone, played "Mala-guena" both of them by Lecuona, and both showing her fine piano technique.

"Las Mananitas," (a song "of early morning") arranged by Perches; "La Alondra," arranged by the accompanist, Miss Van Hoose; "Ni de Dia Ni de Noche," by Grever, sung with a touch of pathos, and "Cuando me Vaya" (Grever) with its recitative passages, completed the Mexican group with such favor by the audience that an encore number was necessary, and the soloist sang "Quiero mi Muecho."

Enhancing the appeal of "La Paloma Blanca" which opened the early California program, was the introduction of the "white dove" which typified the absent sweetheart; "La Sena" sung beneath one of the balconies of the Ebell memorial auditorium, which stage, introduced a liquid whistling note as the signal to the lovely senorita supposedly coming to the balcony in response to her lover's call. The final number, "El Capitan," had in addition to its piano accompaniment, the guitar played by the soloist in emulation of the customs in vogue when these devoted folk songs prevailed.

Musical arrangements were Senor Delgado's own, and he gave a fourth and final song of his own arrangement to gratify the demands of an extremely appreciative audience.

Weekend Event Comes In Compliment to Young Couple

A group of young people who have been brought together for various house parties shared an unusually delightful affair this week end when Mr. and Mrs. Walter J. Markel were hosts in compliment to Miss Dorothy Leeds and Jack Dalton of Los Angeles, who are to be married Wednesday.

The honored couple came to Santa Ana Saturday morning with Peter Reynolds, also of Los Angeles, to be joined by Miss Rosemary Ashen and Mr. and Mrs. Markel in a visit to the mission at San Juan Capistrano. Mr. and Mrs. Markel entertained the group at Travaglin's at San Clemente. Returning in the evening to the Markel home at 1705 Greenleaf street, the young people found an additional group of friends awaiting them. They were the Misses Barbara and Betty Gunnis and Messrs. Jack Bushard and Ernie Kaiser of Los Angeles. The out of town guests spent Saturday night in this city, some with the Markels and others in the home of Mr. and Mrs. Clyde Ashen, 1502 French street.

Miss Rosemary Ashen left today for Los Angeles, meeting friends with whom she will continue to Santa Barbara for the wedding of Miss Leeds and Mr. Dalton. Both Miss Ashen and Miss Leeds attended Immaculate Heart college in Hollywood. Mr. Dalton has had his pre-medical training at Loyola university. He plans to continue his studies at St. Luke's hospital, New York City, where he and his bride will go following their marriage this week.

Country Club Dance Closes Season

Santa Ana Country club was setting for its last dance of the season Friday night when members gathered for an enjoyable finale to events of the past several months.

Mr. and Mrs. Roy Langley and Mr. and Mrs. Lawrence Bennis were hosts for the dance, which was a sports affair. Music was provided by R. E. Barnes and his orchestra. Monthly dances will be resumed in October.

Parent-Teachers

Electing officers for the new year and reviewing activities of the past several months, members of St. Joseph P-T. A. met the past week in the school annex. Mrs. William Maag, president, conducted the business interval during which Mrs. Robert Sandon was named president. Mrs. Charles Borchard, first vice president; Mrs. E. J. Vosskuhler, recording secretary; Mrs. Clyde Taylor, financial secretary; Mrs. Ethelbert Johnson, treasurer; Mrs. Clyde Ashen, historian.

Reports were given by Mrs. J. I. Murphy on the diocesan council held recently at Los Angeles, and by Mrs. William Maag on observed in Los Angeles.

Dorothy Hall Pitman announced that John Hill and Grace Heaney of St. Joseph school were winners in a public speaking contest held at Lathrop junior high school. It was brought out that during the year just drawing to a close the association had purchased a new encyclopedia and reference books for the school; had provided lunches for needy students; had been sponsors of various trips and social events.

Cakes and coffee were served by a committee composed of Mesdames Frank Briggs, Frank E. Robert Sandon and C. A. Descant.

MAKE THIS MODEL AT HOME

THIS SLIP IS SHADOW
PROOF AND EASY TO MAKE

PATTERN 1897
BY ANNE ADAMS

A slip that wraps around the figure, crossing in the back, with one end of the belt slipping through a slash in the side seam, is excellent to use under summer frocks. In the first place it is adjustable and that is an advantage, because one is apt to either gain or lose a little weight in warm weather. Then it fits to perfection—and the fit of the slip is doubly important when it is to be worn under thin dresses. Lastly, it is very easy to make. And do not let it escape your attention that there is a good hem for lengthening.

Pattern 1897 is available in sizes 34, 36, 38, 40, 42, 44 and 46. Size 36 takes 3 1/2 yards 39 inch fabric. Illustrated step-by-step sewing instructions included.

Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. BE SURE TO STATE SIZE.

The smartest warm weather fashions, the newest fabrics, and the Summer season's outstanding accessories are illustrated and described in the NEW ANNE ADAMS PATTERN BOOK FOR SUMMER. ORDER YOUR COPY OF THIS DELICIOUS NEW SUMMER BOOK. PRICE OF BOOK FIFTEEN CENTS. BOOK AND PATTERN TOGETHER, TWENTY-FIVE CENTS.

Address orders to The Register Pattern Department.

Miscellaneous Shower Given for June Bride-elect

Miss Leora Cowart, whose marriage to George Lerno of Long Beach is to take place June 23, was honor guest at a miscellaneous shower given the past week when Mrs. Mildred Rogers and Mrs. Maudie Riley joined as hostesses in the latter's home, 202 West Santa Clara avenue.

Games were played throughout the evening, with prizes given to Opal Manderscheid, Addie Hampton and Camille Denbow. Refreshments of jello, cake and candy were served. Miss Cowart was presented with many gifts.

Those present, with the hostesses, Mrs. Rogers and Mrs. Riley, and the honoree, Miss Cowart, were the Misses Dorothy Privitt, Pauline Privitt, Opal Manderscheid, Noma Rogers, Vivienne Wilford, Betty Riley, Marie Riley, Beverly Riley and Mrs. Jennie Bacon, Santa Ana; Mrs. Addie Hampton and son, Bobbie Joe Hampton, Camille Denbow and Eleanor Cowart, Orange.

YOU and Your Friends

Miss Barbara Burke of Los Angeles spent the week end with her parents, Dr. and Mrs. W. Maxwell Burke, 1461 Orange avenue.

Mr. and Mrs. Frederick J. McMillan and daughter, Catherine Jeannette, have returned to their home in Long Beach following a few days' visit with Mrs. McMillan's parents, Mr. and Mrs. William Adamson, 1017 North Ross street. Little Catherine Jeannette spent the past week with her grandparents while her parents enjoyed a vacation at Sequoia National park. Sunday evening Mr. and Mrs. Adamson were hosts at a family dinner, entertaining in addition to the McMillans a son and daughter-in-law, Mr. and Mrs. William Adamson of Ocean-side, and Miss Catherine Akers of Orange.

Mr. and Mrs. J. J. McDonald of this city have been making a short stay at the Los Angeles Ambassador hotel.

Mrs. Dale Grames has returned to her home in Pasadena, concluding a several days' visit with her brother-in-law and sister, Dr. and Mrs. H. Raymond Smith, 2127 North Main street. Two Santa Anans, Mrs. Russell Krebs Reagan (Helen Slabaugh) and Miss Patricia McClure, both members of Alpha Chi Omega sorority at the University of Southern California are among members of Greek letter social sororities at the university who are busy arranging and attending campus functions proclaiming the end of the college year. Mrs. Reagan is recording secretary of Alpha Chi Omega.

Mr. and Mrs. Claude W. Buchanan, who were called here several weeks ago by the illness of Mr. Buchanan's sister, Mrs. Walter Lathrop, 291 South Birch street, have returned to their home in Loganport, Ind., following a stay in the home of Mr. and Mrs. Lathrop. Mrs. Lathrop is reported recovering from a serious illness. Miss Allene Lair, who has spent the last few months at the Studio club, Los Angeles, and has been studying intensively under Josef Vecsel, famous Hungarian pianist, is here for a several weeks' vacation visit with her parents, Mr. and Mrs. Allen Lair, 2304 Spurgeon street.

MIXING BOWL

EAT AND GROW SLIM
Luncheon

Fruit Salad:
1-2 canned pear
1-2 cubed cantaloupe
Lettuce Heart
2 tbsps. mineral oil
Mayonnaise
1 square Ry-krisp, dry
Clear tea, lemon and saccharin
If desired.
Calory total—165.

For my part, the chief value in luncheon lies in the chance to sit down quietly and relax, and relaxing to me always means a chance to read . . . a paragraph to a bite.

Are you women who use these diets familiar with water-packed fruits? They come usually in gallon cans, canned absolutely sugar-free, other than the natural fruit-sugar. They are not expensive in the long run, for you can use them in salads and in fruit cocktails, the unused portion keeping perfectly if you have refrigeration. Here's another tip for you: if

HEALTH
is the greatest of all earthly gifts. It is the most valuable asset we have. Health prolongs youth, promotes power and increases efficiency, and it is ours for the seeking. Neglect it and lose it we may; or cherish it by living constructively day by day and keep it. GOOD HEALTH is a daily program of CONSTRUCTIVE LIVING. We can help you a lot with your health program, and glad to, that's our business.
Wright's Health Food Center
304 N. Main St. - Santa Ana
Authorized Dealers
BATTLE CREEK FOOD CO.

you use many foods demanding catsup in their make-up, you'll find it economy to buy catsup by the gallon. You can make grand spaghetti by combining the cooked spaghetti with a cheese cream sauce, then add catsup to taste, pop into a hot oven until the top crusts over. Don't forget to season the spaghetti before putting it in the oven, though.

For summer use save time and work by making up a quantity of the cheese cream sauce. I keep 2 quarts on hand all the time. It is just hot milk, seasoned, and thickened with cornstarch, then lots of grated cheese melted in the hot sauce.

TODAY'S RECIPE
Apple Salad
4 apples, sliced
1 celery heart, diced
2 small carrots, grated
6 walnut meats, diced
Mayonnaise
Lettuce garnish
Peel and quarter the apples, slice in julienne strips (about the size of a match). Pile on lettuce leaves, over the apple dice

Salad No. 1 has a calory value of 200 per serving (4).
Salad No. 2 has a calory value of 210 per serving.

Wednesday: Delicious Grape juice, a recipe unique, as you'll see tomorrow. Be sure and save this recipe for grape-time.

THE TINYMITES

STORY BY MAL COCHRAN—PICTURES BY KING

Poor, lazy John jumped out of bed and, eying Duncy, loudly said, "I seldom take both of my stockings off. What is the use?"

"When I am set to sleep, you see, I'm always tired as I can be, I haven't even strength enough to pull both stockings loose."

"Ah, that's because you do not get all of the sleep you need, I'll bet," snapped Duncy. "Boys who stay up late are bound to be tired out."

"Now, after this, turn in by eight. You'll wake up feeling simply great. Then you'll remember, too, to take both stockings off, no doubt."

The stocking that the lad wore was jerked off and dropped on the floor. Then lazy John said, "I will gladly try your little plan."

"Now, please go 'way and let me snooze. I really do not want to lose another minute of my sleep." So, off we Duncy ran.

John's mother thanked him for what he had done, and then she said, "I'll see if I can find a frosted piece of cake for each of you."

She brought a big cake out and then all of the Tines stuffed again. They thanked the friendly woman and then left, when they were through.

They traveled down the road a while and then we Dotty, with a smile, said, "Look at that big rooster. What's that underneath its wing?"

One Tiny answered, "It's a shoe. A fiddlestick is tucked there, too. My goodness, that old fellow is a funny looking thing."

The rooster then crowed, "Hello, tots. Of real fun I've had lots and lots. I took this fiddlestick and shoe, and started quite a row. My master wonders where they are, and he has searched both wide and far. In fact, I'm pretty sure that he'll still looking for them, now."

(Copyright, 1934, NEA Service, Inc.)

(The Tines return the fiddlesticks and shoe in the next story.)

DENTISTS PLAN TO ATTEND CONVENTION

Leading dentists of this city today announced that they would attend the thirty-seventh annual convention of the Southern California State Dental association to be held June 4, 5 and 6 in the Los Angeles Biltmore hotel.

Arrangements have been made to accommodate 2000 visitors from the southern counties. Discussion of matters of great importance to the profession, addresses by dental and medical authorities and an exhibit of the latest developments in dental apparatus will be featured during the three-day session.

Dentists of this city who will attend, according to word from convention officials, include Drs. Dale E. Brockett, M. M. Bryte, K. R. Coulson, Frederick W. Dean, Charles V. Doty, J. J. Jacobs, H. B. Nall, G. Stanley Norton, C. E. Paul, J. E. Paul, V. A. Rossiter, E. H. Rowland, H. M. Spears, H. T. Stroschein, Harvey A. Stryker, R. E. Watson, J. J. Wehrly and John W. Wilson.

S. A. GIRL FOURTH IN SPEECH CONTEST

Audrey Granas took fourth place in the Southern California Debate league conference at Los Angeles High school Saturday morning, speaking on "Education's Challenge Today," when she competed against eight speakers from the larger high schools throughout Southern California, according to John H. McCoy, Saint debate coach.

Miss Granas was given second place on context of her speech, but fourth on delivery. Those who took first two places in the official results won nothing in speech context, but only on delivery. Los Angeles High school won first place, and Beverly Hills High school second.

GETTLE KIDNAPERS TO BE TRIED

James F. Kirk, Larry Kerrigan and Roy Williams, the Gettle kidnapers, were only comfortably settled in San Quentin when they were brought back to be tried before United States District Judge McCormick on three charges of using the mails in an attempt to extort \$50,000 from their victim. This trial is one which seriously affects the safety of California's citizens.

The trio of kidnapers were not unaware of the serious aspect of this trial. Those uninitiated in the way sentences of this kind work must have wondered at the singular docility of the three kidnapers who did not put up any fight at all. Their attitude en route to San Quentin and after the sentence had been passed upon them was at variance to the reaction one might expect from the contemplation of a life-time in prison. But they understood what it meant. And if they didn't, Judge Fricke made it clear when he said that under California law they would be eligible for parole in three and a half years.

A writer in the Brooklyn, N. Y. Eagle, Thomas S. Rice, member of the statutory crime commission of New York State commented on the event of their apparently quick sentence:

Sounds like quick justice, but it does not mean half of what the public and newspapers think, because California has a Parole law that allows the State Parole Board to parole in secret a life-term prisoner at the end of three and a half years after a secret hearing from which representatives of the victim and of the outraged community are barred.

Under California law, however, a prisoner is not eligible for parole if there is another conviction against him.

The manner of the three kidnapers was changed when they were brought back. They know what too many California people do not realize that the apparently quick justice meted out to them, if it worked out as other cases have worked out, would be no fit punishment for their crime, that they "would get off easy." Now if they are convicted on these charges brought by the Federal officials they will be ineligible for parole, and their punishment will be what it appears to be, life imprisonment. Just punishment for the crime committed such as will work out to the safeguarding of the citizens of this state has not yet fully been inflicted on the Gettle kidnapers.

THE ENGLISH SEDITION BILL

There is a sedition bill before the British Parliament which is provoking considerable debate. As usual, there are the people who are very jealous of their personal liberties and who may be counted upon always to oppose any measure which can be used by hysterical busybodies to annoy or to punish those who are under suspicion of not being as loyal to the crown as they think they ought to be.

In this country, we have had legislatures pass bills to prevent carrying a red flag. We have syndicalist laws which visit heavy penalties upon those who belong to organizations suspected of advocating the violent overthrow of government or sabotage. In every time of public disturbance, we have those among us who think "there ought to be a law" to punish this thing or the other. And usually such laws are passed to please such folk. Only occasionally are they enforced, and that usually in a time of hysteria. Laws passed scores of years before are sometimes resurrected to punish some one who has done something out of the ordinary. A case in point some years ago was that of a man who threw a stench bomb into the stock exchange in New York, which sent all the brokers rushing to the street in tears. There was no law to fit the case, so they resurrected an old nuisance law which had been forgotten for years.

This sedition bill before parliament makes it unlawful for any one, by propaganda or by printed matter, to stir up sedition among the armed forces of the empire. Every American without exception would consider such seditious action deserving of punishment. But so jealous are the English of their rights to do almost anything, that they have fought for days over the words "without lawful excuse." These words place the burden of proof upon the individual engaged in the alleged seditious propaganda. So they want it changed that the law may read, "to aid, abet, counsel, and procure commission of an act to stir up disloyalty among the soldiers." They put it up to the prosecuting authorities to prove their case, rather than demand that the defendant shall offer a valid excuse.

You can leave it to an Englishman to fix it so that no one shall disturb his peace and his comfort. The Englishman is so loyal to the empire that he resents any suspicion that may be attributed to him of disloyalty. And that is why England has passed through crisis after crisis without the danger of revolution.

BUSINESS MEN INSURE THE LIFE OF ROOSEVELT

It is reported that the great insurance house of Lloyds in England is insuring American business houses against any fate that might befall Mr. Roosevelt. An annual premium of five per cent is charged against possible assassination of the president. A premium of 7 1-2 per cent is charged against possible death from natural causes. The annual rate for incapacitation to perform the functions of the presidential office carries a premium of 12 3-5 per cent.

This indicates how much business depends

for its recovery and its stability upon the life of President Roosevelt. His is the most valuable life in the country today. Men shuddered at the possible consequences had the bullet which killed Mayor Cermak of Chicago in Florida struck Mr. Roosevelt. If anything happened to the president today it might make us shudder even more, now that we have discovered the quality of his leadership.

The country has had these unhappy experiences in the past; and it is because of these experiences that business feels called upon to protect itself against possible shocks. Yet, somehow, the nation has been able to hold itself together in the face of these shocks. The death of Lincoln was a terrible shock to the country; but it has been discovered in recent years that Andrew Johnson really developed statesmanship when he became president. John Tyler, who succeeded on the death of William Henry Harrison, was a fizzle; but fortunately the country was not passing through a crisis. Millard Fillmore, who succeeded on the death of President Taylor, and Chester A. Arthur, who succeeded on the death of President Garfield, served with dignity if not with great distinction. Theodore Roosevelt and Calvin Coolidge, both of whom rose to the office by the death of their predecessors, were afterwards chosen in their own right.

Franklin Roosevelt fills an important place in the life of the country, and nothing is more indicative of it than the premiums set by Lloyds upon his continuation in office.

Brand Whitlock New York Times

It would not be just to say that the late Ambassador Whitlock was made by the Great War. Before going to Belgium he was widely known as a writer, a lawyer and a municipal reformer. Four times elected Mayor of Toledo, he won a reputation for independence and political skill. Yet there is no doubt that his service at Brussels as a representative of the United States yielded an opportunity to which he rose in a way to gain world fame. Like some other American Ministers and Ambassadors with little or no diplomatic experience sent to Europe by President Wilson, he proved himself an adept in diplomacy while becoming also something of a heroic figure.

The difficulties thrust upon him so suddenly in his unaccustomed post were formidable. He had to defend American interests when the German invasion swept over Belgium, and also was compelled to become a champion of the rights of Belgian citizens even in wartime. With quiet firmness he withstood the unreasonable demands and reactions of the German authorities. In the face of the insane tyrannies he stood unmoved and untrifled. Largely due to his protests and exertions, the German plan to deport civilian Belgians for hard labor in Germany was abandoned. His efforts to save Edith Cavell, and especially his official report upon her arrest and execution, provoked the German Government to intense anger. It was at one time reported that the German Ambassador at Washington had instructions to request President Wilson to recall Mr. Whitlock. Nothing came of that and he continued to uphold Belgian rights in every way open to him. These services, together with his labors in administering relief for Belgians threatened with starvation, made them feel almost as if he were one of their own fellow-citizens, worthy to be named as Cardinal Mercier. While at Brussels, and afterward, he received every mark of esteem and honor from the Belgian people, who will long cherish his memory and speak in praise of his valiant achievements in their behalf.

His public career, during which his unusual ability and fine character shone out in a way both to surprise and to delight his countrymen, was accompanied by the most engaging personal qualities. He bound to himself a multitude of warm friends as with hoops of steel. Grieving at his passing from the scene, they will think affectionately of his private traits while being proud as Americans that he so nobly rose to the height of his duty during a war that tore so many reputations to shreds.

Dr. Buell in Cuba Washington Star

With the hearty approval of the State Department, the Foreign Policy Association, that indefatigable and useful American body for international research and elucidation, has accepted an invitation from President Carlos Mendeta to make a thorough-going study of the economic and social problems confronting Cuba. The purpose is to lay the ground for formulation of a reconstruction program. On its basis, no doubt, a new orientation of Cuban-American relations would ultimately ensue. The Foreign Policy Association will organize a commission of approximately fifteen outstanding experts chosen from both the United States and Cuba. It will be headed by the E. P. A. President, Dr. Raymond Leslie Buell, an acknowledged authority in the realm of Latin-American affairs. The commission's secretary will be Charles Thomson, who holds a master's degree from the University of Mexico, and was for three years Latin American secretary of the Fellowship Reconciliation.

The survey will range over such fields as agricultural economics, public finance, public utilities, public health and other concrete subjects. It will go to work in Cuba about June 1.

The assurance by Dr. Buell that Cuban problems are to be explored "in complete scientific independence" and in a manner "entirely non-political in character" is the best augury for the survey's success. The commission's purpose is to establish cordial relationships with every group in Cuba and to produce a report which will command respect both there and in the United States. Factionalism has been the curse of Cuba during its recent troubled existence. It has inevitably resulted in blurring the vision of both Cubans and Americans in seeking ways and means of promoting the island's political and economic regeneration. If the Foreign Policy Association is permitted to pursue its fact-finding mission unmolested by the rival influences that have so long kept the country in turmoil, it should develop material on which the foundations of a new and better Cuba can be laid. President Mendeta and his people must be aware that to this end the United States stands ready, as ever, to do its part. The Foreign Policy Association embarks upon a worthy task and one that may well have far-reaching results.

More Truth Than Poetry

By James J. Montague

A WASTE OF MONEY

I see on the bill-board a cinema blurb:
"Stupendous! Gigantic! Immense!
Terrific! Astounding! Amazing! Superb!
Heart-Gripping! Soul-Probing! Intense!"
I hasten to gaze on this triumph of art,
Which holds countless millions in thrall,
But it wakens no fluttering throb in my heart;
It is only a "speakee," that's all.
Built up on the unfailing, sure-fire plan—
Two men and a girl, or two girls and one man.

The scene may be laid in a feudal estate,
Where footmen serve bubbling champagne
Amid vast candelabra and ancestral plate,
Or in some ivied castle in Spain.
It may be a gangsters' deep hidden retreat,
Where the pop of machine guns is heard,
Or some hide-out in Italy, Malta or Crete,
But the hearts of the hearers are stirred
By the same old invincible, unfailing plan—
Two men and a girl, or two girls and one man.

Demolish the scenery, take down the "ads"
That sparkle and glitter with lights,
And serve the same drama that willed our old days
With mild, inexpensive delights.
Do away with the costly and sumptuous stuff;
There is never the shade of a doubt—
If the ladies are sweet and the villains are rough,
You can throw all the adjectives out.
What makes the great populace quiver and flame
Is two girls and a man or two men and one dame.

NOT MUCH OF A DISCOVERY

All that the scientists have found out about the atom is that it is just what it was cracked up to be.

(Copyright, 1934, by The Bell Syndicate, Inc.)

PARAGRAPHS

By Robert Quillen

People no longer show respect for age. You should hear them cuss the butter distributed by relief agencies.

A spinster writer says people no longer feel sorry for an old maid. It's because they think she's a high school girl.

The law, as Dickens said, is an ass. It lets a mean little rogue defraud you and then won't let you lick him.

They have quit writing total disability insurance. Too many juries refused to let them dodge payment.

Another great and urgent need of the times is a good word to replace the discarded "flapper."

IT IS HARD TO BELIEVE THAT MAN WAS MADE OF DUST. DUST ALWAYS SETTLES.

Machines won't do everything in the next war. They'll still need doughboys to peel potatoes.

Bankers don't like the guarantee of deposits. It just brings in a lot more money they don't know what to do with.

Truck manufacturers should favor the remonetization of silver. Bandits couldn't haul the bank's pile in an ordinary car.

AMERICANISM: Suffering untold loss and trouble by making government loans to Europe; planning the same kind of loans to Asia.

And now they will acquire a "charming coat of tan" to make themselves resemble the people they call inferior.

There is only one way out. If a machine does the work of men, it must pay a tax to pension the jobless.

You see, we must have foreign markets because machines take our jobs and make us too poor to buy anything.

YOU CAN TELL A WOMAN'S AGE. NOTE WHETHER SHE CALLS A MAN OF 40 "MATURE" OR "THAT OLD THING."

"Planned economy" isn't new. The only new part is the idea of using a government plan instead of Morgan's.

If you rob the government of \$100, that is embezzlement. If you rob it of 100 million, that is an appropriation.

Don't worry about your debts. Worry will kill you. Let your creditor do the worrying and he will die and you won't have to pay him.

The more the tax man takes, thank Goodness, the less there is left to tempt the kidnaper.

CORRECT THIS SENTENCE: "WHEN I WAS YOUR AGE," SAID THE MOTHER, "GIRLS GAVE THEIR PARENTS NO REASON TO WORRY."

Thoughts On Modern Life

BY GLENN FRANK

THE PERILS OF DEFEATISM

It has been the essence of the American spirit to face the future with high expectancy.

The traditional American has faced each new morning in confidence that the day held new and vibrant possibilities.

The American was a man of faith!

He needs a rebaptism of that spirit just now, because so many counselors are whispering to him that his only hope of basis security of life and livelihood lies in a conscious retreat from this age of plenty and a deliberately planned return to the age of scarcity.

It must be admitted that the forces of physical science and industrial technology have brought us to a crossroads where a decision that will determine our destiny must be made.

And, as I see it, there are only two choices now open to us:

(1) We can call a halt on scientific research and technological advance until they no longer put such severe strains on the traditional structure of our social order.

(2) We can set boldly but responsibly at the job of making such readjustments in our political, social and economic policies as will enable us to take full human advantage of this age of science

and technology with its magnificent mechanism for creating abundance.

The first choice is unworthy of American tradition.

The second choice would mean that the spirit of the pioneers is not dead in us.

To me the most disturbing fact of the moment is the number of Americans, in high position and low, who are falling into a defeatist mood, apparently assuming that progress has come to a dead end, that science and technology have been too efficient in producing a limitless output at low prices, and that the only thing left for us to do is to plan a lesser output at higher prices.

It was not for this that the pioneers bled their blood and sacrificed into the foundations of this Republic.

Unless the Roosevelt policies result in actually releasing the full benefits of this age of plenty for human use—if they end in a general policy of less production at higher prices—the next creative political movement on this continent will be founded on a detailed blue print of policies for the harnessing and utilizing of the abundance we have learned so well how to produce.

CLINGING HANDS

"No, no, mamma. You can't go out and leave me home alone."

"Now, now, Maxie, don't cry. Mamma is only going over to Aunt Minnie's to play a game of cards. You want mamma to have a good time, don't you?"

"I don't want you to go out. You got to stay home with me."

"Now, Maxie, darling. Mamma isn't leaving you alone. Grandma is here. Bertha is going to stay right with you—"

"No. I don't want Bertha. I want you. I won't say my prayers for her. I won't go to bed for her, nor drink my milk, either."

"O dear. I suppose I'll have to stay at home with him."

"You may as well. Molly. They'll only have to telephone for you. I'll go over and have a game or so. I'll tell them you had to stay with Maxie."

So father went and mother stayed by Maxie's side to keep faithful watch while he undressed and got into bed safely. Grandma said, "It wasn't right and Bertha said, 'He won't ever do anything for me if he isn't made to know he has to. Sometimes you'll have to go and leave him with me and then what will we do?'"

"Well, what can I do? He's so affectionate. He loves me better than anybody else in the world. Who should stay with him if his mother wouldn't? It's a mother's lot to sacrifice for her children."

Mothers have to sacrifice enough without sacrificing their few hours of leisure for the whims of a spoiled child. There is nothing sacred about undressing a child and giving him a cup of milk and seeing him into bed, well tucked up for the night. That job can be done by a good substitute for mother without doing anybody harm. An evening off does mother a lot of good and she needs a whole lot of good done unto her these days.

It is mother's duty to see the children well cared for and to have a large personal share in the job. But—and this is quite as important as the other side, the child needs to adjust himself to the changing conditions about him. His attendant among the others. If a child is encouraged to demand attention from one person and that one only he is being trained to an evil habit that will

make his life a burden to him. Adjustment, cooperation, a cheerful willingness to accommodate himself to conditions is a very important phase of a child's experiences.

One such ill adjusted child found that his mother was missing one evening. She had been hurried off to a hospital for an operation and the bad news had been kept from Tommie. Now he howled for mother. He refused to eat or drink or undress or go to bed or stand up or sit down until his mother came. You can imagine the condition of the distracted household, and their misery for the three weeks that followed.

Train a child to changes. Teach him to adjust himself. Don't take it as a compliment to yourself when a clinging child winds himself about your legs, clutches your hands and refuses to part from you. He is clinging to his self love, not to you. Shake him loose, not just because you need freedom occasionally, but because he will need it always.

(Mr. Patri will give special attention to inquiries from parents and school teachers on the care and development of children. Write him in care of this paper, inclosing a three-cent stamped, addressed envelope for reply.)

In the Long Ago

From the Register Files
14 Years Ago Today

MAY 29, 1920

New irrigation rules were issued to Orange county growers by W. L. Deimling following his attendance the previous day at a power conference in Los Angeles. Deimling, district agent of the Edison company, pointed out that more than 500 electric pumping plants in the county must cooperate in the conservation of electric power during the summer months when the shortage was greatest. Some were to run their motors in the forenoon, others in the afternoon, although those ranchers requiring 24 hour service were to be permitted to continue using the current.

The yacht "Comfort" with its owner, Edward Haupt aboard, had left Newport Harbor for Santa Barbara there to pick up a party of 50 Sierra club members out on their annual hiking tour, and take them on a five day cruise. They were to camp on the island at Santa Cruz.

Here and There

The Soviet Government is undertaking the exploration of Arctic regions to fill in blank spots on the map and to open new trade routes.

Part of the corn acreage of Missouri is being displaced by Korean lespedeza.

The waltz came from Germany near the end of the 18th century.

The soldiers in Gen. Philip H. Sheridan's army knew him by the name of "Little Phil."

The submarine was first used for war purposes in the American Revolution in 1776.

The heads of Egypt's sphinxes are royal portraits.

The Young Men's Christian Association was founded in London in 1844.

The palace of the Louvre in Paris is the National Art Gallery and Museum of France.

Students at the United States Naval Academy have the rank of midshipmen.

The Ukraine is a Soviet Republic, part of the U. S. S. R.

All gondolas in Venice are black, by a edict of 1562.

Off the Algerian coast are 5000 square miles of shallows, rich in fish, that have hardly been touched so far.

GETTLE KIDNAPERS TO BE TRIED

James F. Kirk, Larry Kerrigan and Roy Williams, the Gettle kidnapers, were only comfortably settled in San Quentin when they were brought back to be tried before United States District Judge McCormick on three charges of using the mails in an attempt to extort \$50,000 from their victim. This trial is one which seriously affects the safety of California's citizens.

The trio of kidnapers were not unaware of the serious aspect of this trial. Those uninitiated in the way sentences of this kind work must have wondered at the singular docility of the three kidnapers who did not put up any fight at all. Their attitude en route to San Quentin and after the sentence had been passed upon them was at variance to the reaction one might expect from the contemplation of a life-time in prison. But they understood what it meant. And if they didn't, Judge Fricke made it clear when he said that under California law they would be eligible for parole in three and a half years.

A writer in the Brooklyn, N. Y. Eagle, Thomas S. Rice, member of the statutory crime commission of New York State commented on the event of their apparently quick sentence:

Sounds like quick justice, but it does not mean half of what the public and newspapers think, because California has a Parole law that allows the State Parole Board to parole in secret a life-term prisoner at the end of three and a half years after a secret hearing from which representatives of the victim and of the outraged community are barred.

Under California law, however, a prisoner is not eligible for parole if there is another conviction against him.

The manner of the three kidnapers was changed when they were brought back. They know what too many California people do not realize that the apparently quick justice meted out to them, if it worked out as other cases have worked out, would be no fit punishment for their crime, that they "would get off easy." Now if they are convicted on these charges brought by the Federal officials they will be ineligible for parole, and their punishment will be what it appears to be, life imprisonment. Just punishment for the crime committed such as will work out to the safeguarding of the citizens of this state has not yet fully been inflicted on the Gettle kidnapers.

THE ENGLISH SEDITION BILL

There is a sedition bill before the British Parliament which is provoking considerable debate. As usual, there are the people who are very jealous of their personal liberties and who may be counted upon always to oppose any measure which can be used by hysterical busybodies to annoy or to punish those who are under suspicion of not being as loyal to the crown as they think they ought to be.

In this country, we have had legislatures pass bills to prevent carrying a red flag. We have syndicalist laws which visit heavy penalties upon those who belong to organizations suspected of advocating the violent overthrow of government or sabotage. In every time of public disturbance, we have those among us who think "there ought to be a law" to punish this thing or the other. And usually such laws are passed to please such folk. Only occasionally are they enforced, and that usually in a time of hysteria. Laws passed scores of years before are sometimes resurrected to punish some one who has done something out of the ordinary. A case in point some years ago was that of a man who threw a stench bomb into the stock exchange in New York, which sent all the brokers rushing to the street in tears. There was no law to fit the case, so they resurrected an old nuisance law which had been forgotten for years.

This sedition bill before parliament makes it unlawful for any one, by propaganda or by printed matter, to stir up sedition among the armed forces of the empire. Every American without exception would consider such seditious action deserving of punishment. But so jealous are the English of their rights to do almost anything, that they have fought for days over the words "without lawful excuse." These words place the burden of proof upon the individual engaged in the alleged seditious propaganda. So they want it changed that the law may read, "to aid, abet, counsel, and procure commission of an act to stir up disloyalty among the soldiers." They put it up to the prosecuting authorities to prove their case, rather than demand that the defendant shall offer a valid excuse.

You can leave it to an Englishman to fix it so that no one shall disturb his peace and his comfort. The Englishman is so loyal to the empire that he resents any suspicion that may be attributed to him of disloyalty. And that is why England has passed through crisis after crisis without the danger of revolution.

BUSINESS MEN INSURE THE LIFE OF ROOSEVELT

It is reported that the great insurance house of Lloyds in England is insuring American business houses against any fate that might befall Mr. Roosevelt. An annual premium of five per cent is charged against possible assassination of the president. A premium of 7 1-2 per cent is charged against possible death from natural causes. The annual rate for incapacitation to perform the functions of the presidential office carries a premium of 12 3-5 per cent.

This indicates how much business depends

for its recovery and its stability upon the life of President Roosevelt. His is the most valuable life in the country today. Men shuddered at the possible consequences had the bullet which killed Mayor Cermak of Chicago in Florida struck Mr. Roosevelt. If anything happened to the president today it might make us shudder even more, now that we have discovered the quality of his leadership.

The country has had these unhappy experiences in the past; and it is because of these experiences that business feels called upon to protect itself against possible shocks. Yet, somehow, the nation has been able to hold itself together in the face of these shocks. The death of Lincoln was a terrible shock to the country; but it has been discovered in recent years that Andrew Johnson really developed statesmanship when he became president. John Tyler, who succeeded on the death of William Henry Harrison, was a fizzle; but fortunately the country was not passing through a crisis. Millard Fillmore, who succeeded on the death of President Taylor, and Chester A. Arthur, who succeeded on the death of President Garfield, served with dignity if not with great distinction. Theodore Roosevelt and Calvin Coolidge, both of whom rose to the office by the death of their predecessors, were afterwards chosen in their own right.

Franklin Roosevelt fills an important place in the life of the country, and nothing is more indicative of it than the premiums set by Lloyds upon his continuation in office.

Brand Whitlock

New York Times

It would not be just to say that the late Ambassador Whitlock was made by the Great War. Before going to Belgium he was widely known as a writer, a lawyer and a municipal reformer. Four times elected Mayor of Toledo, he won a reputation for independence and political skill. Yet there is no doubt that his service at Brussels as a representative of the United States yielded an opportunity to which he rose in a way to gain world fame. Like some other American Ministers and Ambassadors with little or no diplomatic experience sent to Europe by President Wilson, he proved himself an adept in diplomacy while becoming also something of a heroic figure.

The difficulties thrust upon him so suddenly in his unaccustomed post were formidable. He had to defend American interests when the German invasion swept over Belgium, and also was compelled to become a champion of the rights of Belgian citizens even in wartime. With quiet firmness he withstood the unreasonable demands and reactions of the German authorities. In the face of the insane tyrannus he stood unmoved and unterrified. Largely due to his protests and exertions, the German plan to deport civilian Belgians for hard labor in Germany was abandoned. His efforts to save Edith Cavell, and especially his official report upon her arrest and execution, provoked the German Government to intense anger. It was at one time reported that the German Ambassador at Washington had instructions to request President Wilson to recall Mr. Whitlock. Nothing came of that and he continued to uphold Belgian rights in every way open to him. These services, together with his labors in administering relief for Belgians threatened with starvation, made them feel almost as if he were one of their own fellow-citizens, worthy to be named by Cardinal Mercier. While at Brussels, and afterward, he received every mark of esteem and honor from the Belgian people, who will long cherish his memory and speak in praise of his valiant achievements in their behalf.

His public career, during which his unusual ability and fine character shone out in a way both to surprise and to delight his countrymen, was accompanied by the most engaging personal qualities. He bound to himself a multitude of warm friends as with hoops of steel. Grieving at his passing from the scene, they will think affectionately of his private traits while being proud as Americans that he so nobly rose to the height of his duty during a war that tore so many reputations to shreds.

Dr. Buell in Cuba

Washington Star

With the hearty approval of the State Department, the Foreign Policy Association, that indefatigable and useful American body for international research and education, has accepted an invitation from President Carlos Mendota to make a thorough-going study of the economic and social problems confronting Cuba. The purpose is to lay the ground for formulation of a reconstruction program. On its basis, no doubt, a new orientation of Cuban-American relations would ultimately ensue. The Foreign Policy Association will organize a commission of approximately fifteen outstanding experts chosen from both the United States and Cuba. It will be headed by the F. P. A. President, Dr. Raymond Leslie Buell, an acknowledged authority in the realm of Latin-American affairs. The commission's secretary will be Charles Thomson, who holds a master's degree from the University of Mexico, and was for three years Latin American secretary of the Fellowship Reconciliation.

The survey will range over such fields as agricultural economics, public finance, public utilities, public health and other concrete subjects. It will go to work in Cuba about June 1.

The assurance by Dr. Buell that Cuban problems are to be explored "in complete scientific independence" and in a manner "entirely non-political in character" is the best augury for the survey's success. The commission's purpose is to establish cordial relationships with every group in Cuba and to produce a report which will command respect both there and in the United States. Factionalism has been the curse of Cuba during its recent troubled existence. It has inevitably resulted in blurring the vision of both Cubans and Americans in seeking ways and means of promoting the island's political and economic regeneration. If the Foreign Policy Association is permitted to pursue its fact-finding mission unmolested by the rival influences that have so long kept the country in turmoil, it should develop material on which the foundations of a new and better Cuba can be laid. President Mendota and his people must be aware that to this end the United States stands ready, as ever, to do its part. The Foreign Policy Association embarks upon a worthy task and one that may well have far-reaching results.

To Get The Real Spirit Of The Thing

I THINK WE OUGHT TO REACH AN AGREEMENT PRETTY SOON

ALL DELEGATES TO DISARMAMENT CONFERENCES SHOULD ARRIVE ON FOOT—EQUIPPED WITH 15-POUND RIFLES AND 35-POUND PACKS.

More Truth Than Poetry

By James J. Montague

A WASTE OF MONEY

I see on the bill-board a cinema blurb:

"Stupendous! Gigantic! Immense! Terrific! Astounding! Amazing! Superb! Heart-Gripping! Soul-Probing! Intense! I hasten to gaze on this triumph of art, Which holds countless millions in thrall. But it wakens no fluttering throb in my heart; It is only a 'speakee,' that's all. Built up on the unfailing, sure-fire plan—Two men and a girl, or two girls and one man."

The scene may be laid in a feudal estate. Where footmen serve bubbling champagne Amid vast candelabra and ancestral plate. Or in some ivied castle in Spain. It may be a gangster's deep hidden retreat. Where the pop of machine guns is heard. Or some hide-out in Italy, Malta or Crete. But the hearts of the hearers are stirred By the same old invincible, unfailing plan—Two men and a girl, or two girls and one man.

Demolish the scenery, take down the "ads" That sparkle and glitter with lights, And serve the same drama that willed our old dade With mild, inexpensive delights. Do away with the costly and sumptuous stuff; There is never the shade of a doubt—If the ladies are sweet and the villains are rough. You can throw all the adjectives out. What makes the great populace quiver and flame Is two girls and a man or two men and one dame.

NOT MUCH OF A DISCOVERY

All that the scientists have found out about the atom is that it is just what it was cracked up to be.

PARAGRAPHS

By Robert Quillen

People no longer show respect for age. You should hear them cuss the butter distributed by relief agencies.

A spinster writer says people no longer feel sorry for an old maid. It's because they think she's a high school girl.

The law, as Dickens said, is an ass. It lets a mean little rogue defraud you and then won't let you lick him.

They have quit writing total disability insurance. Too many injuries refused to let them dodge payment.

Another great and urgent need of the times is a good word to replace the discarded "flapper."

IT IS HARD TO BELIEVE THAT MAN WAS MADE OF DUST. DUST ALWAYS SETTLES.

Machines won't do everything in the next war. They'll still need doughboys to peel potatoes.

Bankers don't like the guarantee of deposits. It just brings in a lot more money they don't know what to do with.

Truck manufacturers should favor the remonetization of silver. Bandits couldn't haul the bank's pile in an ordinary car.

AMERICANISM: Suffering untold loss and trouble by making government loans to Europe; planning the same kind of loans to Asia.

And now they will acquire a "charming coat of tan" to make themselves resemble the people they call inferior.

There is only one way out. If a machine does the work of men, it must pay a tax to pension the jobless.

You see, we must have foreign markets because machines take our jobs and make us too poor to buy anything.

YOU CAN TELL A WOMAN'S AGE. NOTE WHETHER SHE CALLS A MAN OF 40 "MATURE" OR "THAT OLD THING."

"Planned economy" isn't new. The only new part is the idea of using a government plan instead of Morgan's.

If you rob the government of \$100, that is embezzlement. If you rob it of 100 million, that is an appropriation.

Don't worry about your debts. Worry will kill you. Let your creditor do the worrying and he will die and you won't have to pay him.

The more the tax man takes, thank Goodness, the less there is left to tempt the kidnaper.

CORRECT THIS SENTENCE: "WHEN I WAS YOUR AGE," SAID THE MOTHER, "GIRLS GAVE THEIR PARENTS NO REASON TO WORRY."

Thoughts On Modern Life

BY GLENN FRANK

THE PERILS OF DEFEATISM

It has been the essence of the American spirit to face the future with high expectancy.

The traditional American has faced each new morning in confidence that the day held new and vibrant possibilities.

The American was a man of faith!

He needs a rebaptism of that spirit just now, because so many counsellors are whispering to him that his only hope of basic security of life and livelihood lies in a conscious retreat from this age of plenty and a deliberately planned return to the age of scarcity.

It must be admitted that the forces of physical science and industrial technology have brought us to a crossroads where a decision that will determine our destiny must be made.

And, as I see it, there are only two choices now open to us:

(1) We can call a halt on scientific research and technological advance until they no longer put such severe strains on the traditional structure of our social order.

(2) We can set boldly but responsibly at the job of making such readjustments in our political, social and economic policies as will enable us to take full human advantage of this age of science

and technology with its magnificent mechanism for creating abundance.

The first choice is unworthy of American tradition.

The second choice would mean that the spirit of the pioneers is not dead in us.

To me the most disturbing fact of the moment is the number of Americans, in high position and low, who are falling into a defeatist mood, apparently assuming that progress has come to a dead end, that science and technology have been too efficient in producing a limitless output at low prices, and that the only thing left for us to do is to plan a lesser output at higher prices.

It was not for this that the pioneers built their blood and sacrifice into the foundations of this Republic.

Unless the Roosevelt policies result in actually releasing the full benefits of this age of plenty for human use—if they end in a general policy of less production at higher prices—the next creative political movement on this continent will be founded on a detailed blue print of policies for the harnessing and utilizing of the abundance we have learned so well how to produce.

CLINGING HANDS

"No, no, mamma. You can't go out and leave me home alone."

"Now, now, Maxie, don't cry. Mamma is only going over to Aunt Minnie's to play a game of cards. You want mamma to have a good time, don't you?"

"I don't want you to go out. You got to stay home with me."

"Now, Maxie, darling. Mamma isn't leaving you alone. Grandma is here. Bertha is going to stay right with you."

"No. I don't want Bertha. I want you. I won't say my prayers for her. I won't go to bed for here, nor drink my milk, either."

"O dear. I suppose I'll have to stay at home with him."

"You may as well. Molly. They'll only have to telephone for you. I'll go over and have a game or so. I'll tell them you had to stay with Maxie."

So father went and mother stayed by Maxie's side to keep faithful watch while he undressed and got into bed safely. Grandma said, "It wasn't right and Bertha said, 'He won't ever do anything for me if he isn't made to know he has to. Sometimes you'll have to go and leave him with me and then what will we do?'"

No doubt, but look, look how these napkins are folded, they defy all the rules of geometry, ma said, and pop said, A laundress slaves in solitary confinement over her back breaking task, and if the result is good it is taken for granted but if it contains a few human errors all the maledictions of heaven are poured down upon the unhappy wretch. So let us make allowances and be duly grateful that we are not in her soap stained shoes, he said.

I can put back the buttons or at least buttons to the same effect, and perhaps I can even remove the skotch, but what am I going to do with these new woolen socks of yours that she's sent back looking like children's socks they're so shrunken, ma said, and pop said, What those good English 2 dollar socks, why that's criminal carelessness, that's inexcusable. I'm not going to stand for that.

Excuse my apparent merrh if I seem to laugh, ma said. Wich she kept on doing.

It is mother's duty to see the children well cared for and to have a large personal share in the job. But—and this is quite as important as the other side, the child needs to adjust himself to the changing conditions about him. His attendant among the others. If a child is encouraged to demand attention from one person and that one only he is being trained to an evil habit that will

make his life a burden to him. Adjustment, cooperation, a cheerful willingness to accommodate himself to conditions is a very important phase of a child's experience.

One such ill adjusted child found that his mother was missing one evening. She had been hurried off to a hospital for an operation and the bad news had been kept from Tommie. Now he howled for mother. He refused to eat or drink, or undress or go to bed or stand up or sit down until his mother came. You can imagine the condition of the distracted household, and their misery for the three weeks that followed.

Train a child to changes. Teach him to adjust himself. Don't take it as a compliment to yourself when a clinging child winds himself about your legs, clutches your hands and refuses to part from you. He is clinging to his self love, not to you. Shake him loose, not just because you need freedom occasionally, but because he will need it always.

(Mr. Patri will give special attention to inquiries from parents and school teachers on the care and development of children. Write him in care of this paper, inclosing a three-cent stamped, addressed envelope for reply.) (Copyright, 1934, The Bell Syn., Inc.)
